

People Here and There

Six years ago John Ahren left his home in the Balkans, came to eastern Oregon and began raising wheat. Today his wife, six daughters and one son arrived to join him. The happy reunion took place in Pendleton. Mr. Ahren having come here to meet his family and escort them to his ranch near Baker. The wife and children know not a word of English and to the husband and father falls the task of teaching his family the new tongue.

C. M. Hogue will visit his old home at Browning, Mo., for the first time in more than 25 years after he has completed his work as delegate to the national convention of the Disciples of Christ, at St. Louis. He left here on Monday for St. Louis to be in session with the Christians next week. The convention is expected to last about 10 days, after which Mr. Hogue will go to his old home. He will return to Pendleton in four weeks.

An interesting visitor in Pendleton is Mrs. Sabina Morton, widow of the late Major General Morton of the U. S. army. Mrs. Morton is a member of a pioneer Umatilla county family, and a sister of Mrs. Miles Poindester. Mrs. Morton spent the summer in New York and is in this region to look after the Morton farms near Athena, which have been leased. She will later return to New York for the winter.

J. S. Norvell of Helix is one of the pioneer merchants of that community and likewise a booster for his home town, which boasts paved streets and believes it is the smallest city in the country with such a luxury. He and Mrs. Norvell, accompanied by Mrs. M. L. Smith, came in today on a shopping and business trip.

Theodor Miller, a well known stock man from the John Day country, is in the city today en route back to his ranch near Long Creek. He came in from Portland this morning after having disposed of a carload of beef cattle in the coast markets.

P. J. Gallagher, representative in the state legislature from Ontario, was in Pendleton for a short time this morning, having been on his way home from Portland. He is seeking reelection from his district.

George Buri, traveling auditor for the O. W. R. & N. is in the city today to audit the books of the local O. W. office.

MINNEAPOLIS, Oct. 12.—(U. P.)—A campaign to combat discontent among farmers was put under way yesterday by the Grain Dealers National Association through legislative department of the association in annual convention here.

RUNAWAY YOUTH MUST FACE JUVENILE COURT FOR GYPSY PROCLIVITY

Carl Lewis, the 12-year-old youth who refuses to be bound by the tenets of home and school, is at a crisis. Tomorrow morning his fate will be settled, when his case will come up in juvenile court, on the petition of Special Officer John Halley, Jr., that he be declared delinquent.

Carl has a father and mother and a home here and his parents send him to school. Instead of being satisfied with those blessings, he has frequent attacks of vandulism and his running away has become so chronic that the juvenile officers have taken hold of his case. His parents, Mr. and Mrs. L. G. Lewis, have been cited to appear with the boy tomorrow at 10 o'clock when decision will be made as to his disposition.

On July 25 last Carl stole \$25 from various persons in town, the juvenile officer alleges in his petition. On August 20 he was captured in Portland and sent home and four days later had run away and was captured at Blackfoot. He ran away again within a few days and was captured at Shoshone, Idaho, Sept. 4. On Sept. 10 the police at Portland again arrested the youth and returned him. Since school opened Carl has been a frequent truant.

The boy broke into the limelight a year or more ago because of his runaway proclivities. At that time he was but 11 years old.

LID ON HOME BREW LOOSE BUT COST HIGH
SAN FRANCISCO, Oct. 12.—(U. P.)—The manufacture of dry wines and cider in the home for home use without regard to alcoholic contents was sanctioned by Justice Wardell collector of internal revenue for this district today. He made public instructions from Washington which he interpreted as permitting such manufacture.

Under the ruling the home manufacture is also exempted from any federal tax up to 200 gallons. Despite the ruling, it is believed that the making of wines in homes will not become as general as before the advent of prohibition because wine grapes which were then purchased for nine dollars a ton, cost from \$140 to \$155 a ton now.

ENGINE SERVICE ON 6 CAUSES LONG DELAYS

Pendleton-bound passengers from Portland and Pendleton folk en route to points east of here were subjected again today to a long delay while awaiting the arrival here of train No. 6, the night passenger from Portland. For the second time in three days the train was late, the extent of its tardiness today being 3 hours and 20 minutes. Monday morning it was an even hour late.

Seven coaches of express and mail, two day coaches and Pullman sleepers and a dining car, making a train 15 coaches long, explained the lateness here. Locomotives which pull this train from Portland to Reth are unable to make the time with the heavy pulls and it was reported that Monday morning's train tried several different engines on the way up.

Passengers waiting for the train this morning were incensed at the local station for inaccuracy in posting the arriving time. The first report said No. 6 would arrive at 9:45, the second report said 10:00 and at 10:20 the board was changed from 10 to 10:30. The train finally arrived at 10:40.

For the past two or three weeks No. 6 has been late about as frequently as it has been on time and morning news papers and morning mail have been received between 9:30 and noon, according to the delay of the train. Persons hoping to get to their business here by 10 o'clock have also suffered delay. All other trains on the system this morning were marked as running on time.

The Hollis motion prevailed, 39 to 24. Harding being one of the 24. On final vote five votes were cast against the bill by Brandegee, Lodge, Oliver, Page and Wadsworth. Penrose, like Harding, was absent.

When the senate in September, 1917, voted another appropriation for the use of the agricultural department for stimulation of food production, Senator Harding was absent.

On the good roads bill there was no roll call.

EXECUTION OF 10 (Continued from page 1.)

Gloom Settles Over Jail
A feeling of gloom wrapped the entire jail today. Prisoners awaiting trial on charges of murder and other crimes were silent and had little to say as the day approached for the execution of the first two men.

The hangings were to be strictly private. Jailer Lee announced that only the regular officials of the court and jail, and newspapermen would be allowed to attend.

Lee, who has pulled the death trap on several occasions, said he felt no qualms about the scheduled proceedings.

"I hope they don't collapse," he said. "I hate to see a man have to be propped up to be killed. They are like dish rags and their bodies flop."

Lee said he did not know whether he would act as executioner. There will be no secret, he said, as to the identity of the executioners. He will stand on the gallows in plain sight of all the witnesses and pull the death string. He will not be masked, Lee said.

Cost of Hanging Doubled
Cost of hanging, Lee said, has doubled in the last few years. Rope for hanging people, he declared, now cost \$10 apiece. In addition 75 cents is paid to tie the knot which makes it certain there will be no slipping in the rope, causing the victim to fall to the ground after going through all the agony of being executed.

Lee disapproves of the way murderers are executed. He believes they should be hung but that it should be done within a few hours after they are convicted.

"This thing of keeping them waiting months gets on their nerves and a close watch has to be kept to prevent any attempt at suicide," said Lee.

FARMERS SEEK RELIEF (Continued from page 1.)

Ask Repeal of Law
MINNEAPOLIS, Oct. 12.—(U. P.)—Grain dealers of the country today asked repeal of a law creating the federal trade commission. The request was part of a report adopted at convention of the Grain Dealers National Association. Dr. M. L. secretary of the Winnipeg grain exchange, told the convention that importation of Canadian wheat was not the cause of lowering wheat prices in the United States.

"A wave of price reduction is sweeping the world," he said. This was the cause of the drop in wheat prices in Canada is not shipping cotton or foods to the United States, yet the prices of those articles have slumped.

Want Loan Extension
WASHINGTON, Oct. 12.—(U. P.)—Farmers in session here today adopted a report demanding of the government assistance to save off "general inevitable bankruptcy," threatened by falling prices. The farmers will present their demands to Governor Harding of the federal reserve board and secretary of the treasury Houston at a conference this afternoon. Their demands call for a lowering of the discount rate of the federal reserve banks and expansion of credits.

The report was prepared by a committee representing farmers of many states, both in the wheat and cotton belts, in convention here at the call of the national board of farm organization. The report accuses Secretary Houston and other government officials for announcing that a price decline is in progress, which the report said, caused banks to restrict loans vitally needed by farmers.

Beauty More Than Skin Deep
There is an old saying that beauty is only skin deep. That may be so with those who get their beauty out of a box but not the genuine sort. Beauty is really only another word for good health and no woman who is bilious and constipated can reasonably hope to be beautiful. Chamberlain's Tablets will correct these disorders, then with proper diet and exercise there is no reason why any young woman with regular features may not hope to be beautiful.

She Sets a Good Example.
Colic and Diarrhoea Remedy in the house at all times and have recommended it to many friends and acquaintances, who have used it with good results," writes A. O. Newell, New Kensington, Pa. Should you not do like wise? Think of the pain and suffering that must be endured when medicine must be sent for.

Now Is the Time to Get Rid of Your Rheumatism.
If you are troubled with rheumatism get a bottle of Chamberlain's Liniment and use it according to the plain printed directions. You will be surprised at the quick relief which it affords. No internal treatment is required in cases of chronic or muscular rheumatism. All you need is to use the liniment freely.

Women of Middle Age

Owing to modern methods of living not one woman in a thousand approaches this perfectly natural change in her life without experiencing a train of very annoying and sometimes painful symptoms. Those dreadful hot flashes, smothering spells, fainting spells, nervous troubles and irregularities are symptoms that should have prompt attention. These two letters prove what a successful remedy Lydia E. Pinkham's Vegetable Compound is for women at this time of life.

These Two Women Helped During Change of Life.

Taunton, Mass.—"I could not eat or sleep for six months, had fainting spells and could not walk without help for three months, caused by female trouble. My cousin, who was a doctor, told me to take Lydia E. Pinkham's Vegetable Compound and it helped me greatly. Then during the Change of Life I used the same remedy. I am seventy years old now and am able to do my own housework and walk one mile to church every Sunday morning and evening. I am recommending the Vegetable Compound to my friends having the same troubles as I had. Your remedy is the best on earth. I cannot find words to express my gratitude for it."—Mrs. S. C. STAPLES, 157 B School St., Taunton, Mass.

Philadelphia, Pa.—"I want to let you know what good Lydia E. Pinkham's Vegetable Compound has done me. I had organic troubles and am going through the Change of Life. I was taken with a pain in my side and a bad headache. I could not lie down, could not eat or sleep. I suffered something terrible and the doctor's medicine did me no good at all—my pains got worse instead of better. I began taking the Vegetable Compound and felt a change from the first. Now I feel fine and advise any one going through the Change of Life to try it, for it cured me after I had given up all hopes of getting better. I will tell any one who writes to me the good it has done me."—Mrs. MARGARET DANE, 743 N. 20th St., Philadelphia, Pa.
