Money Market Relaxes And Stocks Are Strong.

NEW YORK, Oct. 16.—Trading on the stock exchange Friday owed much of its strength and concurrent activity to the fact that the money market relaxed in the face of conditions which were expected to cause temporary stringency.

Postponement of the Anglo-French \$100,000,000 loan which involved actual outlay of not less than \$200,000,000 and heavy interest disbursements to holders of the fourth liberty loan

failed to make the slightest compression on money rates.

On the contrary, call money opened and renewed into next week at 8 per cent, but eased to eight per cent before the session was half spent and declined to six per cent into the last half hour. There was freer lending of time money for two and three months at an average of eight per cent.

The only cloud on the financial horizon was created by the weakness of foreign exchange. Rates on London and Paris reacted sharply, sterling falling to within a few cents of its recent low record, a condition attributed mainly to the proposed strike of the British miners.

Rails followed the higher trend of stocks. High grade oils, motors and steels and equipments also miscellaneous stocks, such as tobaccos, leathers, chemicals, utilities and food issues traded along at 1 to 3 points gains. Sale 800,000 shares.

In the bond market rails contributed substantially to the variably higher trend. Reading fours was the most striking example at a gain of 4 1/2 points. Liberty issues recorded moderate gains against weakness in the international division. Total sales, par value, \$15,375,000. Old U. S. bonds unchanged on call.

All Cattle Steady: Sheep Absent at R. C. KANSAS CITY, Oct. 16.—Cattle 1-700; all classes steady; steer sales 7.50@15.75; few lots also stock 5.50@8. Common to good canners 4@4.75; choice vealers 15. Sheep—No receipts, nominal.
