### CONCERT ATTRACTS INTEREST

When George C. Kirchner, violinist, appears in concert at the high school auditorium tomorrow evening, Pendleton will be afforded the opportunity of hearing an artist of note. Mr. Kirchner grew up in a family of musicians and from his earliest recollections music was to him study and recreation. Forming an early attachment to the violin, he has made the instrument a serious study and has learned its peculiarities and possibilities. As a pupil of Julius Klengel, Mr. Kirchner drew information from

a recognized fountain head and developed into an artist that his audience delight to honor. In the west he has distinguished himself in the Seattle and Portland Symphony Orchestras and as a member of the Spargur String Quartet. Mr. Kirchner has been secured for a Pendleton concert in connection with the teachers' institute and his coming is awaited with interest.

**WILL DRIVE TO PORTLAND.**  
Dr. and Mrs. M. S. Kern, Mrs. A. J. Smith and Miss Agnes Crosswell will

compose a motor party leaving today for Portland to remain throughout the week while Dr. Kern attends a course of lectures on dentistry. Miss Crosswell, dental assistant, will also attend the lecture.

### WOODCRAFT MEETING ENJOYED

Women of Woodcraft elected officers last night and at the conclusion of the business session a delightful surprise was extended to them by a group of Woodmen who had gathered in the banquet room to add a supply of goodies to the light supper which had been prepared. The ladies held their business session in Eagle-Woodman hall and upon adjourning for refreshments were greeted by the callers, ten of whom served the repast while the others joined the party in gathering about well-laden tables. Fred Strohle acted as toastmaster and responses were made by Mrs. Lottie Long, Mrs. Dorothy Thomas, Mrs. Lovell, Mrs. John S. Baker and J. P. Walker. About 75 enjoyed the affair.

Officers elected by the Women of Woodcraft for the coming year were: Past grand neighbor, Mrs. Louise Lampkin; grand neighbor, Mrs. Dorothy Thomas; adviser, Mrs. Odessa Houser; clerk, Mrs. May Friedly; banker, J. P. Walker; managers, Mrs. J. H. Cook, Mrs. M. A. Ferguson and A. O. Carden; magicians, Mrs. Ballezore; attendant, Dr. Lena McConnell; inner sentinel, Mrs. Agnes Doherty; outer sentinel, A. Thomas; captain of

### THE PRICE SHE PAYS

There is hardly an American woman nowadays who can keep pace with the demands made upon her time and energy without paying the penalty of ill-health. It may be that dreadful backache, dragging pains, headaches, nervousness of the tortures of a displacement. It is the price she pays. To women in this condition Lydia E. Pinkham's Vegetable Compound comes as a boon and a blessing. A simple remedy made from roots and herbs which brings glorious health to suffering women.

### IN POUND

The following described animals have been taken up by the marshal of the City of Pendleton, to-wit:

One gray mare 3 years old, branded T2 right stifle—300 pounds.

One cream horse 3 years old, branded circle with 1 connected (on top) on right stifle—300 pounds.

One black mare 10 years old, branded 2 on right stifle—1300 pounds.

One bay mare, white star, 6 years old, branded AS (on side) or left stifle—1000 pounds.

One bay gelding 3 years old, branded diamond inserted U on left stifle, left hind part white—900 pounds.

If said animals are not claimed by the owners or those entitled to their possession and costs and expenses paid and taken away within ten days from the date hereof, then at 2 o'clock p. m. of the 23rd day of October, 1920, the said animals will be sold to the highest bidder, at public auction, for cash, at the City Pound, in said City of Pendleton, the proceeds of such sale to be applied to the payment of such costs and expenses of making sale.

Dated this 12th day of October, 1920.

AL ROBERTS,  
City Marshal.

### MRS. MORTON DEPARTS

Mrs. Sabina Morton left today for Seattle. She has been spending a few days in Pendleton and in Athena, her former home.

## TUBERCULOSIS MOST PREVALENT IN GREECE

ATHENS, Oct. 20.—(A. P.)—Tuberculosis is more prevalent in Greece than in any other European country for which reliable figures are available, with the possible exception of Serbia. There is no governmental or private program for the control of the disease. The number of physicians in proportion to the population, which is about twice as high as the rate in the United States. The other forms of the disease also are present, making the total tuberculosis death-rate 365 per 100,000 of population. One death in every six is due to tuberculosis.

To deal with the disease the existing agencies are very inadequate. There is little or no hospital provision for the care of the bulk of the population of 5,000,000. There are less than a score of general hospitals in the country.

There is also an alarming prevalence of typhoid fever, which at times rises to the proportion of an epidemic. Even in the larger cities as Athens the typhoid death-rate is strikingly high. In the last three-year period for which statistics are available the rate was 59 per 100,000 of population, about five times as high as the rate in the United States.

The prevalence of this disease is due largely to the absence of sewers and of adequate and safe water supply. No improvements in the water supply or sewerage systems have been made since 1908. The rudimentary sewerage system, where any exists affords little or no protection against surface or underground contamination of water supply, and no safe guard against conveyance of infection.

In Athens plans have been drawn by the national government to provide the city with adequate and modern water and sewerage systems. But the execution of these plans has been delayed by the war. The water supply in Athens is at present brought in thru an aqueduct built by the Emperor Hadrian nearly 2,000 years ago. In the summer months the water is insufficient to carry off the sewage.

## RECORD HUNGER STRIKE PREVAILED 63 DAYS

PARIS, Oct. 20.—The long hunger strike of Mayor MacSwiney of Cork has caused much discussion here as to how long it is possible for a man to fast. Dr. Socquet has told the Paris Midi that the record has been 63 days without food set by William Granier in 1831.

"Granier had been sentenced to death and was confined in the prison of Toulouse," said Dr. Socquet. "He had a horror of the guillotine and to save himself from death by that instrument he determined to starve which he did after 63 days. Many hunger-strikers have lived longer than could have been expected," he went on. "There are the cases of Tanner, Succi and Merlatte the latter of whom starved for 48 days while he lost one-quarter of his weight. Taylor tells of the case of a workman who was imprisoned in a mine for 86 days without food. He lived three days after his rescue and died as a result of being excessively fed. Many lunatics have refused to take food for 20, 30, or even 40 days."

## WHITTALL RUGS

appeal to everyone who appreciates and admires the artistic worth and merit in fine masterpieces of Oriental weaving.

They permit you to enjoy in your homes all the beauty in the designs and colorings of these rare fabrics and without departing from your own ideas of true economy.

There is a Whittall Rug for Every Room in Every Home

## THINKS MOVIE WILL REPLACE TEXTBOOK

PHILADELPHIA, Oct. 20.—(A. P.)—Motion pictures will eventually displace many text-books in the public schools, predicts Louis Nussbaum, associate superintendent of the schools in this city.

Thirty public schools now have motion picture machines and rent films from the film exchanges for use in their lessons.

"More can often be learned in five minutes with an instructive specially prepared motion picture film than in an hour of study from the text-book," said Mr. Nussbaum in urging the idea

before the property committee of the Board of Education. "Motion picture machines would help out in the textbook shortage."

Hogs and Cattle Steady in Puget Sound Market.

## KANTLEEK

It Can't Leak,  
Because It's Made  
in One Piece

A KANTLEEK is built like a bottle—all in one piece.

Most hot-water bottles are made in sections, then cemented together. When cement dries and cracks, the bottle leaks.

Every Kantleek Hot-Water Bag is moulded of pure soft rubber—one continuous piece. No parts, patches, cement. Even stopper socket is moulded in.

And guaranteed for a full two years' service—or a new Kantleek free.

Don't wait until your old bag leaks. Get a Kantleek. Your old one may break open tonight.
