Oregon Must Have
A Port Equal to Any
Port on the Pacific Coast

Initiative measure No. 310 on the ballot gives to the Port of Portland means to create such a port.

The primary object of this bill is to furnish the means to insure the opening and maintaining of a 30 foot channel from Portland to the sea and of building and establishing port facilities at the City of Portland sufficient to handle the foreign and coastwise shipping of that port.

The cost of this improvement will be met by the people living within the boundaries of the Port of Portland.

When you go to the polls November second vote 310 YES and give to the Port of Portland the power to maintain its 30 foot channel to the sea and to build adequate port facilities to handle all of the great products of the interior of the state.

The passage of this bill means lower freight rates for the products of Oregon in reaching the markets of the world and a consequent greater profit to the producers.

This is the most important and the most valuable measure that has ever been put up to the voters of the interior portions of the state.

REV. COX AGAINST

(Continued from page 1.)

One man argues to hang because the custom has been to release long term prisoners. This is not the fault of prisoners but the fault of the power that be undoing what has been done, but I submit that because officials err is no ground on which to hang.

If prisoners realized that no clemency would be forthcoming that 2 years means 2 years, 10 years means 10 years and so up to 25 years for a life term. I am sure they would be more deterred than by looking through the hangman's noose; but the fact remains if these men are hung we have their blood on our hands, just as much as the man who shot Sheriff Taylor has his blood on his hands and these men God gave life too as much as to us. We should not be party to taking that life and I am glad I voted against capital punishment, would vote against it again tomorrow and for ever. Many have told me on the streets that if 25 years were given and adhered to they would vote no. And had the jury brought a life sentence for Rathie and Owens I would not have spoken. I have \$50.00 on hand toward their appeal.

Finally with the question of the third degree there was enough evidence on the stand from the mouth of Hart, Owens, Rathie, Dr. Temple, Mr. Young and Mrs. Joe Scott to prove that this took place, but they never establish who the administrator was. They all thought a detective from Portland. I am sure that the prosecuting attorney will not let this drop until that gentleman's identity has been established and he gets the full administration of the law.

ENGINEER WILL ATTEND

(Continued from page 4.)

Mrs. Meri Fletcher was a visitor here Friday. Her daughter, Miss Etta Fletcher is a student in the Pilot Rock high school.

Mr. and Mrs. Percy Knapp are the parents of a 10 1/2 pound son, born Friday at the home of Mrs. Caroline Gill in this city.

H. L. Schlegel spent Sunday in Pilot Rock.

George Johnson who farms west of town was here Saturday.

Glen Smith was in town Saturday.

The regular meeting of the Women's Community Club was held in the church basement on Wednesday evening. After a usual business meeting the ladies were entertained by the Civic Beauty Committee of which Mrs. Charles Bracher is chairman. The club room was tastefully decorated with autumn leaves and flowers and the meeting which was well attended proved very enjoyable.

Ethel Boylen spent Sunday with her parents in Pilot Rock.

Miss Mary Connert, primary teacher will make her home with Mrs. Roy Markham this winter.

Walter Kirkpatrick who has been visiting his son Jean P. for several weeks, returned to his home in Pendleton Friday.

Choosing a Motor Truck

In the purchase of motor trucks, it is good business to choose the product of an organization which is firmly established, and is a recognized leader. The certainty of continuous factory service and the ability to get parts in years to come, if needed, should warrant your careful consideration of the standing of the trucks you buy.

Your choice of a motor truck involves more than the vehicle itself. You must look behind and beyond the printed price and specifications, for cost and details of construction alone do not comprise motor truck value.

Vital considerations are the strength and stability of the organization back of the trucks. You must be assured of efficient, continuous service station assistance, for unless your truck is backed by honest, competent service it is a hazardous buy at any price.

Organization and reputation in themselves, however, do not always assure maximum truck value. You want real worth—truck service. You want the biggest dollar's worth of truck value you can buy.

But it must be proved value. So, we say "choose by comparison! Get all the facts."

Judge by performance! Place SERVICE beside any other truck. Check every detail of construction. Compare frame with frame, axle with axle, power with power, and so on. Then look behind and beyond price, specifications, performance. Check up the established records of maintenance cost, and the life of the truck. But in making your comparisons do not lose sight of the big fact that it is the way the various units are engineered into a truck, as well as the units themselves, that makes the truck what it is and determines how much work it will do.

SERVICE invites you to buy on the basis of comparison. SERVICE welcomes any fair test that proves relative values. Ten years experience teaches that when the buyer searches for facts, his choice is SERVICE Motor Trucks.

SERVICE MOTOR TRUCKS protected by Scientific Cushioning are made in seven models and eighty combinations. Speed, Power, Capacity. Thousands are plying the highways of the WORLD.

THIS ESTABLISHMENT GOES OUT OF BUSINESS FOREVER

THIS IS A CASE OF MUST SELL

Not a dollar's worth of goods held back or reserved. Every thing goes. We are cutting, slashing and slaughtering prices in our desperate effort to turn this stock into cash. We fully realize this is a big undertaking to close this stock out in a short time but we want to say to you as man to man that our word has always been our bond, and we have put our word to the people that this will be a bonafide going out of business sale. Signed, BOND BROS., Present Owners.

Sale Now Going On

QUICK ACTION IMPERATIVE.

Every thing must be open and above board, no blind marks. The green tags with black pencil marks will enable you to trade here in safety. No two or three prices, but everyone will be treated alike.

This is not a sale of has been's or goods brought here especially for sale purposes, but the self same merchandise that we have always carried. Do not confuse this GOING OUT OF BUSINESS SALE with the many so called discount sales now going on in Pendleton.

There have been sales before, sales of every description, and promises made by many others, but our Big Surprise Special Bargain Racks, Counters and Bins eclipse any similar event in Pendleton. From the front door to the back door, up stairs on balcony, and in our Bargain Basement, the whole establishment is fairly teeming with tremendous snaps. Such a fluttering of green bargain tags, and such a generous quantity gives everybody an opportunity to lay in a full winter's supply. Tell every body that Sayres & Co. Inc. Store is going out of business. Think of it Ladies; for every dollar spent at this sale you get nearly a full \$2.00 worth of the finest and most staple goods to be had in all America.

WHILE STOCK IS YET COMPLETE, WE ADVISE YOU TO MAKE YOUR PURCHASES.

Lack of space prevents the listing of all things on sale, therefore the management has decided not to quote prices, besides every thing is marked so cheap, you would not believe the prices any way.
