

STRADIVARA

KNOWN FOR TONE

BEAUTY

BEAUTY of design, beauty of finish, beauty of construction and beauty of tone lend a four-fold distinction to the Stradivara. But, of all considerations, the most important is the *Tone*.

Exquisite Stradivara Tone

The Stradivara Sound Board of edge-grained wood gives a new character to music's reproduction. With it you hear only the sweet, fluty, naturalness of the original music. Whether instrument or voice, the true character of tone is perfectly reproduced through the magic of this Patented Sound Board, and it is an exclusive and patented feature of the Stradivara.

MOTOR CAR RESPONSIBLE FOR ABSENTEE VOTERS

Absent voters' ballots are in big demand this year—and the motor car's responsible.

The reason is that winter vacationists are hitting the trail early this fall for the resorts in Florida and California. Formerly most of them migrated from the "cold lands" by train and didn't start until nearly Christmas. This year they are going in automobiles and are starting early to take advantage of the good roads and fine fall weather.

This premature exodus is causing election boards to be swamped with requests for absent voters' ballots. Few of the winter resorters—men or women—want to lose their chance of voting in the presidential election and consequently are voting before they leave their home cities.

The increased use of motor cars by the winter vacationists is shown to the number of requests for road information reaching the Travel and Transport Bureau of the R. F. Goodrich Rubber Co. During the past two months, 15,000 Florida road maps have been distributed. The demand for California maps from persons living east of the Rockies has been almost as great.

The requests show that about 90 per cent of the winter resorters from the states east of the Mississippi will go to Florida for the cold months. Vacationists from the Mississippi valley are dividing in almost equal numbers to go to Florida, resorts on the Gulf, and to California. Practically all resorters from the Mississippi valley west are going to California.

It is estimated by the Goodrich bureau that at least a half-million persons will take part in this winter migration. If the winter in the north is severe, the number probably will increase to a million. A large majority of the vacationists will spend at least a month in the land of sunshine and fowers while many will spend the entire winter there.

To accommodate those who intend to motr to the winter resorts, the Goodrich Travel and Transport bureau is collecting the latest information regarding the roads throughout the south and on the Pacific Coast. Pathfinderers are now going through the territory to learn exactly what conditions will be encountered. All such information is distributed to motorists without charge on request.

The eastern route to Florida through Washington, Richmond, Raleigh, Columbia, and Augusta is recommended by the Goodrich Bureau. The route through Cincinnati, Louisville, Nashville, Chattanooga, and Atlanta is bad in many places, particularly in bad weather. Anyone taking this route is advised to carry with them several tow lines, jacks, chains and a hand axe.

COLLEGE ENTRANCE IS SHATTERING RECORDS

NEW YORK, Oct. 23.—(A. P.)—American youths entering college have increased in numbers at a record rate during the past six years and if the proportionate growth is continued to 1929 there will be 1,138,000 students in 210 institutions where 294,000 were enrolled last year. These figures, compiled by the Institute for Public Service have raised the question of where the money needed to educate these larger groups will come from.

Julius H. Barnes, chairman of the Institute, found in a study of the figures compiled that this year's increase in the number of students enrolled in the colleges has set a new record.

Attend the Second Annual Western Royal Livestock Show

Nov. 1 to 5, 1920

Special Arena Program Daily.

Opening Livestock Show of the 1920 Tri-State Circuit to be followed by Northwest Livestock Show at Lewiston, Idaho, Nov. 7-12 and the Pacific International Livestock Show at North Portland, Oregon, Nov. 13-20.

APPEAL IS MADE FOR SANE PRICE REDUCTION

In orders in certain lines of industry as a healthful condition.

"Now, a general public, including particularly those who are neither sellers nor buyers to a large extent, will in one way or another bring fair and reasonable adjustment of prices. The law of supply and demand will be the principal factor," he said. "Let us be reasonable and just in reducing our prices if and when other reductions and costs permit and then with level heads, clear minds and honest convictions stand solid as against panic or lack of confidence in the industrial situation."

NEW YORK, Oct. 23.—(U. P.)—Further reduction in steel prices must be made, E. H. Gary, chairman, of the board of directors, of the United States steel corporation, told the American iron and steel institute here today. Gary said the considered voluntary reduction in selling prices and decreases

CALIFORNIA BLOW-UP PLANNED SAYS LETTER

SACRAMENTO, Oct. 23.—(U. P.)—

I. W. W. plan a "comprehensive blow-up" in California tonight, with every federal building, three newspaper plants, the state capitol and other buildings marked for destruction, according to a letter received at the governor's office today. The letter was written with a typewriter on flimsy paper.

FRAUD FOUND BY JURY

CHICAGO, Oct. 23.—(U. P.)—Six officials of the Consumers Packline Company, charged with using the mails to defraud, face jail sentences of 7 1/2 years. They were found guilty on fourteen counts by a jury last night.

New York City Buys 212 5-Ton White Trucks

It is a significant fact that the largest city in America, in placing the largest order for motor equipment ever placed by a municipality to meet the severest hauling problem ever undertaken by a municipality, awarded the contract to the largest manufacturer of motor trucks in America.

Two hundred and twelve White 5-ton power dumping trucks with Double Reduction Gear Drive (seventy-five of them having flusher equipment) will be used for street cleaning, ashes, garbage and snow removal; a big job the year around and emergency work of the most exacting kind during winter storms.

In awarding the ENTIRE contract for heavy duty trucks to the White Company, the City of New York has assured itself the highest quality and design of motor truck, comparable with the great fleets of White Trucks in the service of the country's largest commercial users.

THE WHITE COMPANY, Cleveland.

FEDERAL

Double Cable Base Tires

Federal Black Top Slick "Cord" Tire

Stop Letting Rims Abuse Your Tires!

Federals exceed in mileage because none of their wear is needlessly wasted by rim-chafe.

Federals alone have the Double-Cable-Base—those four staunch cables of twisted steel about which

you have read so much. These cables anchor the tire solidly against the rim and prevent rim-cuts, blow outs just above the rim, tube pinching, etc. There's real economy in using Federal Tires. A trial will convince you.
