ITALY SEEMS TO BE ON BRINK OF COUP D'ETAT

LONDON, Oct. 25.—(A. P.)—The London Times correspondent at Milan sends a despatch saying that Italy now gives the impression of being on the brink of a military coup d'etat. "The Nationalist press," he asserts, "is calling for a military dictatorship as a remedy against rampant bolshevism, and hails D'Annunzio as a suitable dictator. Avanti, the socialist organ, however, alleges that D'Annunzio recently appealed to Moscow for military aid and moral aid and was proved by Lenin as an instrument of the soviet government."

COW'S RECORD IS 100 LBS. MILK PER DIEM

BOZEMAN, Mont., Oct. 25.—(A. P.)—Grace Koningen, a cow from the Holstein herd at Montana State college, here, will have produced 25,000

pounds of milk by the end of the year as the record of her fifth lactation period, it is estimated. This cow now seven years old, is a granddaughter of Nora Koningen, foundation cow of the college herd, and was sired by a grandson of Colatha Fourth Johanna, who at one time held the world's record for butter production.

For a time Grace Koningen was producing 100 pounds of milk per day in four milkings, but the animal husbandry department at the state college was forced by lack of funds to let down on the care and attention needed for the maintenance of this high record. At present the cow is producing 60 pounds of milk daily, an amount expected to give her the highest production record for Montana.
