Visits School at Helix, County School Superintendent W. Green went to Helix today to visit the school in that community.

Coal Truck in Collision. A one ton Ford truck used to deliver coal for B. L. Burroughs, Inc., this

morning was struck by a Cadillac car at the intersection of Garden and Railroad streets. The right front wheel of the truck was demolished but no other damage resulted. It was returning to the coal yard empty at the time of the accident.

Takes Infant to Portland.
Deputy District Attorney C. Z. Randall left for Portland last night with his month-old infant and its nurse to consult a baby specialist.

November 11 School Holiday.
November 11, Armistice Day, is a school holiday throughout Oregon. word received today by County Superintendent Green from J. A. Churchill, state superintendent of public instruction, said. It was declared a legal holiday by the governor and thus becomes a school holiday as well.

Collins Mill Opens
Collins Flour Mill opened yesterday. E. J. Matthewson, who is in charge of the mill, says that there is enough wheat for a considerable run.

Will Be in Weston
Mrs. Edith G. VanDeusen, home demonstration agent, went to Weston today for two days, which will be spent in the interests of her work.

Weather Good for Seeding
The weather is favorable to seeding operations and farmers are busy putting in the new wheat crop. Many crews worked Sunday to take advantage of the sunshine.

Chairmen Are Selected
Mrs. DuPuis, of Adams, has been selected as community chairman for the coming Red Cross roll call. Other community chairmen chosen are E. A. Barnes, of Weston, and Mrs. Faye LeGrow, of Athena. Chairmen will take charge of the drive in their respective communities.

Two Take Permits.
A permit was issued Monday to James Cornfield to move a building for B. L. Burroughs, Inc., to a location on W. Railroad street and place it upon a foundation. The contract is for \$175. Mrs. Zella Finch was issued a permit to remodel her dwelling at 816 Aura street at an estimated cost of \$1000.

Station to Be Built.
O. F. Steele, of 317 Lewis street, will build an automobile service station on the corner of Matlock and Raley streets, he announced today. The station is to cost \$4000 and will be a strictly modern structure. Oils, greases, gasoline, etc., will be sold. The contract is to be let soon and work on the building will commence within a week. This is a new venture for Mr. Steele as he has been engaged in farming and also in railroad work.

Sheep Are Shipped
A carload of Rambouillet sheep were shipped Saturday by the Cunningham Sheep Co. to McConnell Brothers, and to A. E. Brown, of Nyssa. The Cunningham company is shipping a carload of cross-bred, of Lincoln and Rambouillet stock, to Clark & Kennedy, of Lewiston, Idaho. Not all the sheep of the Cunningham company have been taken from the range, but have been left on the deseeded land owned by the company. Grass is exceptionally good this fall.

Tribute Paid Mr. Bennon
A tribute to Fred Bennon, county agriculture agent, is paid by the U. S. department of agriculture, in a bulletin which has been sent to all county agents in the northwestern states, and which contains the story of how Mr. Bennon assisted farmers during the gasoline shortage. Each month, the department selects an achievement of a county agent and under the heading "This Looks Good," tells how the work was done. This is the first time that the work of an Oregon agent has been cited. The bulletin says in part: "The alertness and resources of the county agent in Umatilla county saved the large wheat farmers many dollars in direct cost and avoided serious loss of crop. The stock of motor fuel was so low that plowing could not be completed and many farmers were seriously alarmed, regarding the possibility of securing an adequate supply for harvest. Distillate was off the market. Mr. Bennon got into touch with a source of distillate supply in California and 111 farmers were saved a total of \$9,960." The bulletin gives the entire details of the transaction.

Wool Growers to Meet
The annual meeting of the State Wool Growers association will probably be held in Pendleton, says Mack Hoke, secretary of the association. No date has been set, nor has this city been definitely chosen but Mr. Hoke believes that the meeting will be held between November 15 and January 1, and he expects 150 to 200 wool men will attend. J. H. Dobbin is president of the association and he and Mr. Hoke will make arrangements. Later, the tariff question, Mr. Hoke believes, will be one of the leading topics at the meeting, as sheepmen blame Australian wool and mutton for the slump in markets. Another subject for discussion will be co-operative marketing, the producers of sheep being interested in the lessening of distance between the producer and the consumer. Alma D. Katz, head of the Oregon dairymen's league, will explain the system used by dairymen. Other speakers tentatively selected are F. R. Marshall, secretary of the national wool growers' association, and Dr. S. W. McClure, former secretary and formerly of the Cunningham Sheep Co., now vice-president of the Columbia Basin Wool and Warehouse Co., of Nampa, Idaho.

Fordson Farm Tractor

More than 100,000 Fordson tractors have been sold to farmers in the United States. They are helping those farmers do more and better work in less time and at less cost. North, East, South, West—everywhere the Fordson has proven itself a money-maker and a real necessity to the farmer. Besides it is helping mightily to solve the labor problem.

These one hundred thousand and more practical farmers have affirmed the economy—the exceptionally low fuel and operating cost—of the Fordson; its time and labor-saving qualities and its ability to increase production. The Fordson was built to be the most economical tractor; it is compact and devoid of excessive weight. And it is built of the same strong iron and steel as is the Ford car.

Winter or bad weather does not hinder the Fordson's usefulness. Day or night—twenty-four hours a day if you choose—you can utilize the Fordson.

Only so many Fordsons are allotted this territory. Orders are being filled in sequence—first come, first served. Let us have yours now.

There's a practical use for the Fordson every day of the year. Let's tell you. Come in and have a tractor talk. Give us the chance to make a demonstration on your own farm.
