RESOLUTIONS PASSED BY COUNCIL FOR NEW CITY PAVING DISTRICT

Grades Will be Determined for Proposed Improvement of Tustin Street to Serve Residents of South Hill.

Resolutions for paving streets on three sides of a square on the north side and for grading Jefferson street from Wilson street to a point 160 feet south passed reading at the regular weekly meeting of the Pendleton city council last night. Several other matters pertaining to improvement of streets were also considered and acted upon.

The new district for paving, for which resolutions were passed, consists of Perkins avenue from Wilson to Washington street, Washington

MME. KERENSKY FREE

LONDON—After nearly three years of efforts to escape from Russia and join her husband, Madame Kerensky, wife of former Premier Kerensky, has reached London and the Kerensky family is once more reunited. Madame Kerensky, formerly a stage favorite in Petrograd, has sold cigarettes on the street of Petrograd during the last two years of Bolshevik rule to keep from starving. The upper picture is that of Madame Kerensky, lower, her husband.

street from Perkins avenue to Grant street and Grant street from Washington to Wilson street. The one block on Lincoln street between Mark and Haley street was also up for paving.

Owners Request Paving.
A property owner residing at the intersection of Grant and Wilson streets made application for a permit to enter into contract with the Warren Construction Co., for paving on two sides of his premises. He is to pay all charges. The permission was ordered granted with the proviso that he be entirely responsible for the payment of the costs. Residents in another portion of the north side asked that they be allowed to pave half the intersection of two streets in front of their property and the same proviso was made in their case. Estimates on the work had been made only to the south line of the intersection and could not be changed by the city.

Holding that the bids for painting the city's half of the Lee street bridge are too high, the council on motion rejected the proposals. An order was issued to City Engineer F. B. Hayes to purchase the paint and have the work done by force account under the direction of Street Commissioner H. B. Longley. The county declared that it could have its half of the bridge painted for about \$250 and as the lowest bid to the city was \$300 the decision resulted.

Consider Hill Grade.
The city engineer was instructed to determine the grades and other data for a street on Tustin between Lillie and Jane to serve residents of the south hill. The property owners there want the hill put in shape for traffic but on account of the utter lack of value of some property in the vicinity not all are willing to pay the entire cost of the assessment for improvement. Offers have been made by some to be served, of a subscription to defray the cost. The city officials intimated that it may be possible to raise part of the cost from interested persons in the vicinity by subscription, this amount to be matched by city funds.

Two hundred dollars in the sewer fund was ordered made available for use of the city engineer in paying off men employed on the Turner street sewer work. Some of the men employed have quit or been discharged and in order to pay them, a small fund is necessary. The payroll will be made up each two weeks. This job is being done by force account.

Cement Lack Delays Walks.
Owing to a shortage of cement in Oregon, contractors here have been unable to bid on the crosswalks for which proposals have been asked by the city. There are 14 crosswalks desired but unless cement is available they cannot be built this winter.

There was considerable delay in getting a quorum last night, owing to the absence of Mayor John Vaughan and some of the councilmen on political missions. Councilman F. J. McMonies presided after the necessary five men had been assembled.

Reward Payment Postponed.
Final payment of the \$5000 reward offered by the city and county for the capture of the slayers of Sheriff Till Taylor was postponed today until Nov. 12, after an attempt had been made to have a settlement reached. More claims for the Hatlie capture were heard this morning but with Mayor Vaughan absent and the press of election coming on, it was decided to wait until after election and Armistice Day.

MINERS' WIVES PROTEST STRIKE!

LONDON—Wives of British miners are not in sympathy with the threatened coal strike. Recently, as part of a demonstration, they paraded through the streets of London. These wives, many of them mothers, fear a strike would mean the starvation of their children.

REV. W. H. COX DENIES RAISING \$500 FUND

An affidavit was filed by Rev. W. H. Cox today with the circuit court, in which the local minister denies that he has raised any such sum as \$500 for the appeal in the case of Elvie D. Kerby and John L. Rathie, now under sentence for the murder of Sheriff Till Taylor. In his affidavit, Rev. Mr. Cox explains his connection with the raising of funds for their defense.
Some of the money first raised was given to Kerby's wife to defray expenses of sending her to her home in Utah, some more went to defray trial expenses and some to the attorney defending the men, Charles F. Bolin, of Toppish. There now remains in Rev. Mr. Cox's charge not more than

WRANGEL EVACUATES CAPTURED STRONGHOLD

PARIS, Oct. 28.—(U. P.)—General Wrangel's forces have evacuated Alexanderovsk, according to advices reaching here today.
Wrangel, opposing bolshevik troops in southern Russia, has been gathering strength to meet a strong soviet attack by troops released from the Polish front. Apparently Wrangel's troops have met superior forces and forced to yield much of their gains attained when Russo-Polish fighting was at its height.
At one time Wrangel had penetrated to Ekaterinoslav, 50 miles north of Alexanderovsk, and 100 miles north of Wrangel's base on the Sea of Azov.

HAIR CUT AND SHAVE AT \$1.35 DECIDED ON AS NEW YEARS GREETING

They have voted to raise the price of hair cutting to \$1 and a shave to 35 cents. Laundering of towels, and tonics cost more, the barbers said today in explanation. Barbers opposing the increase say it means more men will shave themselves.

H. G. WELLS DENIES ACCURACY OF REPORT

LONDON, Oct. 28.—(A. P.)—H. G. Wells, author, whose name was referred to by Secretary Colby in reference to the visit of Washington D. Vanderbilt to Russia today, denied the correctness of reports made by Evan E. Young, United States commissioner at Riga concerning conversations which Wells was reported to have had with Nicolai Lenine about Vanderbilt's proposal. Colby's statement said Young reported Lenine had informed Wells that Vanderbilt had claimed to represent Senator Harding. Harding in a statement denied knowing Vanderbilt.

Incidentally, Mrs. Peete is pretty and her charming manner and absolute poise, which has hardly left her for a moment, has been a baffling element for the district attorney.

NEW YORK, Oct. 28.—(A. P.)—Minor leagues will refuse to become a party to the reorganization of baseball under the proposed Lasker plan unless radical changes are made in the scheme.
