NO TRACE FOUND OF 19 OF CREW LOST IN WRECK

Concrete Steamer Cape Fear Sinks in Three Minutes After Collision With Vessel City of Atlanta in Queer Accident.

CAUSE UNDETERMINED IN CLEAR, BRIGHT NIGHT

Majority of Crew Dives Overboard, 15 Saved Sliding Down Ropes or Being Rescued From Sea After Crash.

PROVIDENCE, R. I., Oct. 29.—(A. P.)—The death of 17 men was reported here this afternoon by survivors of the Steamer Cape Fear sunk in a collision last night. Seventeen of the crew of 24 were saved.

NEWPORT, Oct. 29.—(U. P.)—Nineteen members of the concrete steamer Cape Fear, sunk in a collision with the City of Atlanta in Narragansett bay last night are still missing today. It is believed most of them were drowned.

NEWPORT, Oct. 29.—(A. P.)—Members of the coast guard here reported today that no trace has been found of any of the missing members of the crew of 24 on the concrete steamer Cape Fear when that vessel was sunk in Narragansett bay last night in a collision with the steamer City of Atlanta.

The Cape Fear sank in three minutes about half way between Castle Hill on the Newport shore and Rose Island, going down bow first in 123 fathoms.

The Cape Fear was outward bound from Providence for Norfolk in ballast and carried only her crew. It did the City of Atlanta, which was bound from Savannah for Providence. Just how the accident happened has not been definitely determined, especially as the weather was clear and a light sea running.

Of the 5 men saved from the Cape Fear, five slid down lines to the City of Atlanta and the others were picked up from the water.

HARDING PREPARES TO MEET ANY SURPRISE

CINCINNATI, Oct. 29.—(By Raymond Clapper, U. P. Staff Correspondent)—Senator Harding will go this afternoon to Columbus where he will wind up his presidential campaign with a speech tonight. There is a feeling of uncertainty as to what the last hours' campaign may bring forth. Harding and his advisors are prepared for any last minute strokes from the opposition camp, and although they are closely watching the moves of their democratic opponents, feel confident of meeting instantly any development which may occur.

To the last Harding intends to keep hammering away at the Wilson administration and the League of Nations. Harding today came out for two policies in his speech here. One was an emphatic determination to be behind the soldiers' bonus bill which passed the house and is now slumbering in the senate finance committee. The other is for the extension of government credit to all growers of crops including grain and cotton, so that farmers may not have to dispose of their produce at a loss during periods of financial stringency.

Says He Has No Apologies. MIDDLETOWN, Ohio, Oct. 29.—(U. P.)—Senator Harding, speaking here, where Cox was born, declared today that he has nothing for which to apologize and has sought to appeal to the intelligence of the electorate. He spoke briefly from the rear of his train while enroute to Columbus.

PORTLAND AND ASTORIA SOON WILL BE LINKED

SALEM, Oct. 29.—(A. P.)—The state highway department announced that by next Thursday all pavement will be completed on the lower Columbia river highway. The entire route from Portland to Astoria will be open to the travel of highway. The last gap, 7000 feet at Wauna, will be finished then.

TACOMA WOMAN FOUND IN SANITARIUM; \$4000 IN JEWELS ARE IN CONTACT

TACOMA, Oct. 29.—(A. P.)—Mrs. Charina Bloomfield, who disappeared September 14 wearing jewels worth \$4000 was returned here today after having lost her identity. Her husband brought her back from Portland, where she had been in a sanitarium. Until this week she had been unable to remember her name. The jewels were intact.

LOCAL PROJECTS MAY SECURE ACTION IN EXPENDITURES

Supporters of Governor and the League of Nations call attention to the fact that if Eastern Oregon wants more irrigation, more federal aid in road work and other internal improvements the surest road to the goal is to help place the United States in the League of Nations so that armament expenditures can be reduced. It is pointed out that even in pre war days over 60 per cent of all federal money went for some sort of war expenses and that now over 90 per cent must be used for such purposes. Governor Cox estimates that if we join the league we can save \$465,000,000 on naval expenses alone next year.

During the last two years the republican congress taboored irrigation development and the soldier bonus on the ground of no money. Therefore, Cox supporters claim with much justification, that we join the league and thereby liberate some money for construction work we can get money for the McKay reservoir, the John Day project and other improvements. The money that goes into a single battleship would build the John Day project, thus irrigating several hundred thousand acres of land.

On the bonus question the present congress, controlled by Lodge-Harding faction, not only rejected all bonus plans but is charged with having even failed to provide adequate money to take care of the men actually disabled in the service.

REPUBLICAN CAPTAIN, WOUNDED, PLEADS FOR PARTY THAT GAVE AID

Because Obstructionist Senate Refused to Act When Requested All But 45,000 of 641,000 Disabled Suffer.

SAN FRANCISCO, Oct. 29.—(A. P.)—George H. Gillen, chairman of the National Disabled Soldiers' League, who was himself wounded in France and who was pre-convention manager for Leonard Wood for president, a Republican republican, is in this city telling the people of the west why 299,000 disabled soldiers have endorsed the candidacy of Governor Cox.

"There have been two pieces of major legislation passed in behalf of the soldiers. This year the war risk insurance bill and the rehabilitation bill. And those two pieces of legislation were passed by a democratic administration," said Capt. Gillen. "In 1918 when the people saw fit to change the face of the United States senate and of the United States congress from democratic to republican, what was the first act of this new senate and this new congress?"

"A republican congress and a republican senate filibustered out of the senate an appropriation of eighteen million dollars asked for by President Wilson for the rehabilitation of the disabled soldiers."

Wounded Fighters Rebuffed. Senator Warren, chairman of the appropriations committee, millionaire rancher and republican senator from Wyoming, when approached by a body of disabled soldiers, asking him to approve of an increase of twenty dollars according to the Burrow bill, told them to "Go to hell."

"Further, a congressional investigating committee under Chairman Foss republican of Ohio found seventeen specific recommendations for the relief of the disabled soldiers, but to date not a single one of those recommendations have been acted upon."

Harding Refuses Aid.

"When Senator Harding was approached by a delegation of disabled soldiers, asking him that in view of the failure of a republican platform to incorporate a pledge to aid disabled soldiers, to make that pledge in his speech, he refused and to this request Senator Warren G. Harding said 'No'."

"There are 641,000 disabled soldiers in the United States and because a republican senate refused to take action when requested but 45,000 out of this vast number of men are receiving the benefit of vocational training and they and their families are now subject to the utmost suffering, caused by their treatment at the hands of a republican party, headed by a man who refused to vote in behalf of the disabled soldiers as a senator and who now as candidate for the great office of presidency refuses to pledge himself to disabled men. Therefore I as a republican and the son of a republican senator repudiate that party and their candidate and their principles."

Harding to Make 170th Speech.

CINCINNATI, Oct. 29.—(A. P.)—On the last lap of his campaign, Senator Harding conferred with Ohio republican leaders today. His last speech before election will be made tonight in Columbus. The speech tonight will be the one hundred and seventeenth of his campaign.

Nations not yet in the league include Russia, Turkey, Germany, Mexico and the United States.

MEXICAN RULE LOOKS FOR ALLIES' FAVOR

WASHINGTON, Oct. 29.—(A. P.)—Formal negotiations looking to the recognition of the new government of Mexico are expected to be inaugurated immediately after election.

WASHINGTON, Oct. 29.—(U. P.)—Recognition by the principal allied powers will soon be won by the new Mexican government as a result of a virtual promise of recognition by the United States Representatives of the new regime here declared today. It is understood the great powers have been awaiting the definition of the attitude of the United States.

Observers here are skeptical of the confidence of Mexico in winning early recognition by other great powers, pointing to the British never recognized Carranza. Recognition conditional. WASHINGTON, Oct. 29.—(U. P.)—Only conditional recognition may be extended Mexico, it is indicated at the state department. One of the plans under consideration by the department is the granting of such recognition by exchange of protocols. Such a protocol, it is expected, would carry a guarantee from Mexico to Americans that their interests will be protected. Continued recognition would depend on whether Mexico lived up to these guarantees.

FAIR, COLD TUESDAY IN STORE FOR VOTERS

WASHINGTON, Oct. 29.—(U. P.)—Election day weather will be unsettled over much of the eastern half of the country, according to the weekly weather forecast of the United States weather bureau. There is a possibility of snow in the region of the great lakes and in the upper Mississippi and Missouri valleys. Over the western half of the country the weather Tuesday promises to be fair and cold.

KITTY CANUTT, OF BUCKAROO FAME, HAS NOVEL JEWEL IDEA

From each of the front teeth of Kitty Canutt, former champion woman rider at the Pendleton Round-Up, gleams a diamond, gold mounted and sparkling. Kitty's central incisors are gold, and after this year's Round-Up she had them gem studded, but as she swallowed one of the stones it was necessary to replace it a few days ago.

The work was done by Dr. David Coop, local dentist. This is his first experience in jewelry teeth but he says he found it interesting. It is probable, he thinks, that Kitty's novel adornment may start a fad. In this event, he gives to other ladies the admonition, "Bring your own diamonds."

PICKETING APPEARS IN PROTEST OF FARMERS

WICHITA, Kan., Oct. 29.—(U. P.)—Picketing has made its appearance in the farmers' efforts to keep wheat from the market until it reaches \$3 according to word reaching the national headquarters of the wheat growers association here today. When farmers drove a team to Harper, they were met by picketing neighbors who attempted to dissuade them by arguments from marketing their wheat at this time. They are usually successful, the reports said.

Owing to so many requests for the covenant of the League of Nations the covenant in full is published in this paper today. It will be found on page 7.

PLURALITY OF 16,000 VOTES FOR COX AND CHAMBERLAIN 25,000 IS FORECAST IN OREGON BALLOT

Estimate Based on 1916 Returns and Belief That One Out of Every 10 Republicans Will Stand by League.

BY WARD A. IRVINE. PORTLAND, Or., Oct. 29.—Dr. C. J. Smith, Cox chairman in Oregon, predicts a victory for the progressive Ohio governor and the League of Nations in this state by a plurality of 16,000 votes. He places the Chamberlain plurality at 25,000 votes. Dr. Smith bases his estimate on the 1916 vote plus the League of Nations. Four years ago, Hughes received 126,000 votes against 120,000 for Wilson. Dr. Smith estimates that Cox will receive practically the entire Wilson vote. The few Wilson supporters that fail to vote for Cox will be more than equalled by republicans who have bolted Harding. Dr. Smith says, because of his reactionary record and because of his attempt to carry water on both shoulders. The League of Nations issue will easily change one of every ten republican voters, especially women, Smith believes, and will thereby show a Cox plurality of approximately 16,000.

BODY OF DEAD MAYOR LIES IN STATE TODAY

CORK, Oct. 29.—(U. P.)—Terence MacSwiney's body lay in state today in the city hall where he presided as Lord Mayor of Cork. After a day in which the casket was the cause of fist fights after it had been rejected by Irish officials at Queenstown and Cork, the remains rested in a place of honor they were claimed by relatives last night only after military forces threatened burial in the Cork barracks.

Cork is quiet. Additional soldiers were brought to quell possible outbreaks but apparently extra forces are not necessary. Authorities made strict regulations governing the funeral which will be held tomorrow. Only Sinn Fein flags will be permitted to be draped over the casket. The funeral procession will be limited to a quarter of a mile, and no military display will be permitted.

AMERICA'S FISHERMEN PILOT VICTORY CRAFT

HALIFAX, Oct. 29.—(U. P.)—America's hardy fishermen from Gloucester triumphed over their Canadian rivals when the schooner Esperanto flying the Stars and Stripes, today defeated Canadian schooner Delawanna in the first race for the International cup. The American entry led the Canadian almost from the start. Great crowds witnessed the finish of the race, which brought Canadian and American fishermen, always keen rivals in occasional informal trashes when their craft met at sea, into actual competition in the trophy race over a 40 mile course.

COX STATES HE WILL CONFER TO REACH SOLUTION

Governor in One of Final Speeches of Whirlwind Campaign, Declares He Will Hear Advice as to Course.

WILL CONSULT ON IRISH AND JEWISH QUESTIONS

Men of Both Parties Who Are Versed in Conditions Will Be Asked to Render Helpful Assistance if Cox is Named.

CHICAGO, Oct. 29.—(By Herbert Walker, U. P. Staff Correspondent.)—Governor Cox here today to make one of the final speeches in his whirlwind stump campaign, stated he would consult with Senator Walsh of Massachusetts, Bourke Cochran, Governor Smith of New York and others regarding the cause of Ireland. His statement was in response to inquiries from organizations in New York as to what steps he would take to obtain action on the League of Nations and the Irish and Jewish questions if elected. "If I am elected I shall recognize the mandate for entrance into the League of Nations. I shall work out a solution in conference with the senate, with the acceptance of such helpful reservations as are necessary to secure that end. I shall consult with Wilson, Taft, Root and any others who by virtue of their experience can render helpful service. Furthermore, in consideration of specific matters like the cause of Ireland, I shall consult with men who know the traditions and desires of the Irish people, such as Bourke Cochran, Governor Smith and Senator David Walsh. In connection with the Jewish question, I shall consult with the leaders of Jewish thought in America."

Today was the first time Governor Cox has spoken in Chicago, although he has been through here three times. His meeting tonight at the Coliseum, where Harding was nominated, is expected to be one of the biggest of the campaign. To obtain a day of rest, he will leave here at midnight for his home in Dayton. The final meeting of his campaign will be held at Toledo Monday night.

Wilson Concluding Activity. CHICAGO, Oct. 29.—(A. P.)—Governor Cox, addressing an audience of women, expressed belief that President Wilson would be "perfectly willing to conclude participation in all public affairs." If the president felt assured America would join the League of Nations. "If elected I propose placing women in many important administration positions," said Governor Cox.

OLD MEN AND BOYS RALLYING TO COLORS

LONDON, Oct. 29.—(U. P.)—Lithuania is rallying to the colors to repel a Polish invasion the Lithuanian legation here was informed today. With Vilna, the ancient capital, in the hands of Polish invaders and Kovno threatened, old men and students alike are reported to be joining the army. Several attacks on the Kovno-Vilna line have been repelled, the legation said. It was admitted that large German detachments arrived at Kovno, anxious to aid the Lithuanian forces but this has been declined, according to the legation.

Cities Hastily Evacuated. RIGA, Oct. 29.—(A. P.)—The Lithuanian government is hastily evacuating Kovno and other points in northern Lithuania as a result of General Zeligowski's insurgent army breaking through the Lithuanian front north of Kovno.

Korean Revolt Whispered. TOKIO, Oct. 29.—(U. P.)—Reports that Korean revolutionists are planning a nationwide outbreak on the occasion of the Mikado's birthday tomorrow, reached officials here today.

PRESIDENT AND FIRST LADY SEND BALLOTS

WASHINGTON, Oct. 29.—(A. P.)—President and Mrs. Wilson voted today in the presidential election. They marked their ballots at the White House and mailed them to Princeton, N. J. Nine other ballots were also forwarded to New Jersey from the White House. This is the first time Mrs. Wilson and Mrs. Taft have voted.

TELEGRAPH OPERATOR BREAKS IN ON WIRE AND CUPID GETS BUSY

NEW YORK, Oct. 29.—(U. P.)—When Mrs. Margaret Fitzgerald, telegraph operator, broke in on a wire which Harry Hannigan was sending she aroused his love. They wooed via wire. Now they are wedded.
