WASHINGTON STATE IS ALL THAT NOW STANDS CHANGE IN NORTHWEST

If Coast Championship Comes to This Section, Pullman Eleven Must Turn Trick Next Saturday Against California.

Hopes of a coast football championship for the northwest this fall today hinge upon the one remaining undefeated eleven, Washington State College. Eyes of Oregon, Washington and Idaho are turned to the machine welded by Coach Gus Welch as a result of victories Saturday by two California elevens over Oregon's best bats.

The battle that will determine whether California of the northwest shall send the team that meets the east's best at Pasadena on New Year's day is to be played Saturday. The University of California will be pitted against Washington State College on the Berkeley turf gridiron. It will be the premiere contest of the coast conference season, although scheduled three weeks before the final dates of the season.

Upsets Furnished Saturday Saturday's games proved an upset to the advance hope on Oregon's two college elevens. Stanford, rated as of ordinary strength, wore down the University of Oregon and won, 19 to 9, in the last half of the play. California, heralded as a powerful scoring machine, was held to a 7-7 tie by O. A. C. until the final period when the 10 points that gave them victory were scored.

Washington State College, on whom hopes now hinge, proved master of the situation against the University of Montana and won by four touchdowns and a field goal. The team W. S. C. beat is the same one which trimmed the University of Washington 18 to 14. The University of Washington lost to O. A. C. 13 to 0.

The Pullman squad consisted chiefly of Moran and Jenne. The former went over for three touchdowns while the latter's kicking was responsible for the field goal and goals from touch-down and for punts which drove Montana far back into her own territory when she held for downs.

The Strength is Vital Punting, by the way, was one of the big factors in the battles of Saturday. Templeton, Stanford fullback, booted consistently for 40 and 45 yards, forcing Oregon back toward her own goal.

with off kicks. Bill Steers, Oregon captain, is no amateur with his punts, but his 60 yard spirals were losing propositions against the mighty offerings of the crimson back. A punt fumbled by Hughie McKenna, O. A. C. quarterback, on their five yard line and recovered by a California man, paved the way for the Bear's final touchdown, which clinched the contest.

Jenne, of the Cougars, probably will outpunt Morrison and Nesbit, of the Bears. When the premier teams of north and south meet Saturday the chances are that punting and field goal kicking will determine largely which way the victory will fall. Both teams has strong lines and each has an aerial attack. But the toe of one team or the other may spell victory to one side and defeat to the other.

The relative strength of the University of Oregon and University of Washington teams, which meet in their annual contest at Eugene on Homecoming Day, two weeks hence may be estimated when the outcome of the Stanford-Washington game at Seattle next Saturday is flashed over the wires. The Cardinals come north to meet Allison's men, after the latter have had two weeks in which to recuperate after two disastrous games. Should Washington beat Stanford, there would be a difficult question regarding the merits of those teams, Oregon and O. A. C.

Washington had an open date Saturday but at Walla Walla the Idaho and Whitman elevens clashed, Idaho winning 21 to 7. The Gem Staters had the advantage of hobbles in the Missionary play and two of their three touchdowns were almost gift affairs. Montana meets Whitman at Walla Walla next Saturday.

CAMP LEWIS HAS STAR MATERIAL ON ELEVEN

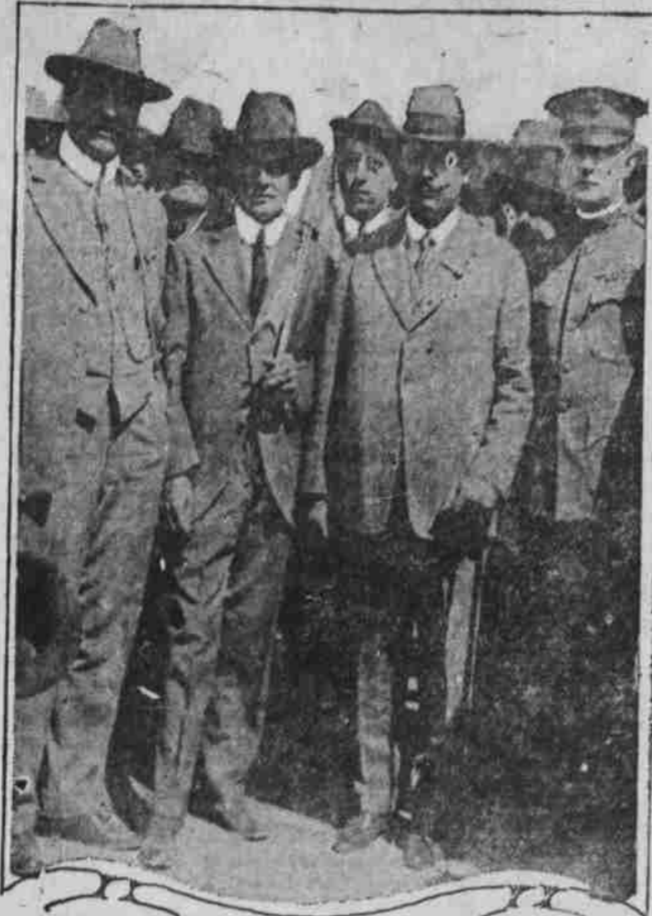

TACOMA, Wash., Nov. 1.—(A. P.)—Capt. Alpha Brummage, coach of the Fourth Division football team at Camp Lewis, has a number of former college players in his aggregation.

Brummage himself was once a star at Kansas University, and in 1901 and 1902 he was rated the best half back in the Missouri valley.

Zimmerman and Schrader, former West Point players, are on the team and Mallock, formerly a Princeton full back, has done the molesting again. Other men on the division eleven are Redman, from Kentucky University and Hoderick from Worcester College.

The camp team is playing various Northwest elevens this season.

EASTERN MAN CHOSEN TO REFEREE IN POLO

DEL MONTE, Cal., Nov. 1.—(A. P.)—Captain H. H. Holmes, eastern polo referee, has been engaged to handle the play in the Del Monte, Midwest and San Mateo tournaments this coming season.

For the past few years players have complained of the failure of officials to enforce rules and discipline. Some of the junior players, it is said, were beginning to acquire such faults as careless and dangerous crossing with their mounts.

With the prospects of the international players as well as those of Honolulu, Mexico and other distant points, coming to California this winter it was deemed advisable to get the best possible officials. Captain Holmes has an international reputation.

Captain Holmes has gone to England to get a line on the team that will defend the cup against America. He will return in December and will come direct to Del Monte in January to get into action. The noted referee is lining up a number of players who will come out with him.

The California polo season opens at Del Monte with an invitational tournament on January 23.

A Poor Ad

"A bad breath is a poor advertisement."—Painless Parker.

We all prefer companions whose breath is sweet and wholesome. We like to see a smile beamed with white teeth. Just why anyone should be content to go through life with decayed and infected teeth is one of the wonders of the world.

There are some folks, of course, who are afraid to have their teeth fixed, but their fear is needless. Thanks to Dr. Painless Parker and the E. R. Parker System, dentistry isn't what it used to be.

When the Grip Leaves You With a Cough

EPIDEMICS OF LA GRIPPE often leave many persons with persistent, wearing coughs that hang on for months if neglected. There is one reliable family cough medicine that helps from the very first dose. It relieves the tightness and soreness, covers the inflamed surfaces with a soothing, healing coating, loosens and aids in expelling phlegm and mucus, clears the air passages, causes hoarseness and banishes the nervous tickling in the throat. That remedy is

Foley's Honey and Tar COMPOUND

It contains no opium, morphine, chloroform or other injurious drug. It is an old-time home remedy combining the curative effects of pine tar and honey with plants and herbs found in forest and field.

Banished La Grippe Coughs

Lewis Newman, 506 1/2 Northland St., Charleston, W. Va. "I am glad to tell you that Foley's Honey and Tar is the best remedy for long trouble I have ever used. I have been down sick ever since January and nothing would do me any good. I was full of cold. I had the grip all winter until I got two five cent bottles of Foley's Honey and Tar. I used 1 1/2 bottles. I am glad to say I can't feel any more cold in my chest."

Foley's Honey and Tar Compound gives prompt relief from coughs, colds, hoarseness, tickling throat, whooping cough, spasmodic croup and bronchial coughs.

AS GOOD AS IT LOOKS

Remember, as a youngster, how you stared wild-eyed into the windows of an attractive bakeshop? Not only do the youngsters of today do the same thing, but their mothers and fathers likewise.

And believe us, when we say our baked goods taste just as good as they look. If you haven't tried some, it's high time you were doing so.
