SECTIONALISM AND ODD BREAKS IN PARTY TICKETS MARK 1920 ELECTION IN COUNTY

Utter disregard of advance predictions in some precincts were balanced by marvelous consistency in others in the general election returns of yesterday received up to this afternoon at the clerk's office. The general victory of the republican ticket over the county was punctuated here and there by heavy majorities for this or that democratic candidate, while the fate of the various initiative and referendum measures was sealed in many precincts by a straight vote of no on all 12.

Precincts in the south of the county, from Pilot Rock to Ukiah, stood against the herd law and returned big republican majorities. Some of these precincts were 19 to 1 arrayed against every measure on the ballot. Terms of county officers looked just the same as the single tax proposal and both went down by similar votes in these stock raising regions. Again a precinct would return a favorable majority for all the measures save the two notorious

RIOTING AT AUBURN FOLLOWS BALLOTING

SEATTLE, Nov. 3.—(U. P.)—Rioting occurred last night, and early today in the village of Auburn following the election returns that sounded the political knell of the radical element there. For several hours before and after midnight a mob of 50 alleged radicals were reported to be raiding poolhalls and ousting peaceable citizens in open defiance of Town Marshal McCumber. He telephoned the Seattle sheriff for help shortly after midnight. Two machine guns with heavily armed deputies responded, but when they reached Auburn all except one of the alleged radicals had fled.

SEVENTH OHIOAN IS SENT TO WHITE HOUSE

MARION, Nov. 3.—(U. P.)—Harding awoke to find himself elected president of the United States by the largest majority ever given a presidential candidate. He is the seventh native Ohioan to be elected president. A republican, Harding will rest today. Marion will stage a big celebration in honor of the senator's election tomorrow night.

COX SENDS MESSAGE OF CONGRATULATIONS AND PLEDGES SUPPORT

DAYTON, Nov. 3.—(U. P.)—Governor Cox today sent his congratulations to Senator Harding, thus formally conceding defeat. The message was as follows:

"In the spirit of America, I accept the decision of the majority and tender to the defeated candidate my congratulations and my pledge as a citizen of my support to the executive authority in whatever emergency may arise."

HYDEPARK, N. Y., Nov. 3.—(U. P.)—Franklin D. Roosevelt, democratic vice-presidential nominee, sent the following message to Coolidge, the successful republican candidate:

"My sincere congratulations to you. I trust that under the administration of Mr. Harding and yourself the nation will grow in prosperity and in the unselfish ideals of Americanism which up-judged citizens of all parties desire."

HARDING HAS LEAD OF 1000 IN COUNTY; STANFIELD LEADS CHAMBERLAIN BY 93 VOTES

In 44 Precincts Houser Has Lead of 85 Votes Over Taylor; Schanep Elected Judge; Bean, Commissioner; Keator, District Attorney; Green, Superintendent.

Republican headquarters this afternoon had the following count on the vote of the county for sheriff and for senator:

For senator, Stanfield 2530; Chamberlain 2794.

For sheriff, Houser 2623; Taylor 2320.

School superintendent Green has a majority of nearly 400 for re-election and is apparently the only Umatilla county democrat to survive the landslide.

CABINET TALK TRAILS

PRESIDENTIAL DECISION

WASHINGTON, Nov. 3.—(U. P.)—Discussion of cabinet possibilities followed close on the election of Harding. Apparently well-founded reports named Elihu Root as the likely secretary of state. Governor Lowden was mentioned as possible secretary of commerce or head of the treasury department. Hoover's name was heard persistently as possible secretary of the interior.

Henry Wallace of Iowa, publisher of a farm paper, is talked of as secretary of agriculture. For secretary of war it is learned that Lindsey M. Garrison, who held the post at one time under President Wilson, who had a difference of opinion with him, will be considered. The organizing ability of Will H. Hays, chairman of the republican national committee, caused him to be considered for the postmaster generalship. Several of these possible appointments, it is understood, would be looked upon most favorably by the republican leaders in Harding's confidence.

RETURNS INDICATE STANFIELD ELECTION FOR U. S. SENATOR

SEABOARD PURCHASE BRINGS WHEAT RALLY

(From Overbeck & Cooke Co.)
CHICAGO, Nov. 3.—It was a sagging market for the greater part of the day when some buying credited to the seaboard took surplus off the market and caused some rally. In view of the small trade, decline in prices was greater than anticipated. There was nothing startling in the way of influential news, but a close scrutiny of developments of the past week discloses an increasingly bearish situation in the southwest, the seat of the so-called farmers strike. Receipts have consistently increased and the Kansas City cash market in consequence has developed a weak tone. The sales reported for export today were thought to represent annual weekly purchases by France, Belgium and Germany and not indicative of a broader demand. The domestic demand for flour is so poor that many mills are closing down while others, especially in the Northwest are getting a good part of their wheat from Canada. In addition to the conditions applicable to the wheat situation itself, the general business depression in this country and Europe, together with "deflation" tendencies, promises again to invade commodity markets.

FLIGHT OF GOLD TRAIN IN CANADA REVEALED

VICTORIA, B. C., Nov. 3.—(A. P.)—Stories of a secret transfer of millions of dollars of Russian gold from one ship to another in half a gale at sea off the Canadian Pacific coast and of a rush trip with the money across Canada in a heavily guarded special train, disguised as a silk express, were published in The Victoria Colonist recently as part of the hitherto untold history of the World War.

Two recent newspaper dispatches, seemingly unrelated, The Colonist said, recalled the "hitherto unpublished and romantic story" of the gold shipment. One dispatch, from Europe said a Mr. Novitsky, former assistant to the minister of finance of the All-Russian government, had hinted at the huge amounts of gold shipped through Vancouver, B. C., during the war, including sixty million pounds from Vladivostok. The other dispatch said the Canadian cruiser Rainbow had been sold to a Seattle firm. The connection, The Colonist said, was in the fact the Rainbow transferred a big shipment of the gold at sea from a Japanese warship and brought it into Vancouver.

On Way to Mint.

Russia's gold, the story continued, came in several shipments, the first of which amounted to about \$45,000,000. It was in the form of bullion in boxes fifteen inches long, and was loaded at Vladivostok early in

G. O. P. CONGRESS IS ALSO ASSURED BY EASY MARGIN

National Ballot Gives Ohio Senator Greatest Landslide Ever Polled in History, Many States Setting Marks.

REPUBLICANS HOLD 391 ELECTORS; 13 IN DOUBT

New York Gives Favorite Nominee Probable Plurality of More Than Million and Home Lead Nears 400,000.

NEW YORK, Nov. 3.—(U. P.)—With definite returns lacking from only a few states, Harding has been swept into the presidency by the greatest popular majority in the history of American national politics. Incomplete returns gave Harding 351 electoral votes. Cox has 149 with 29 doubtful.

As tabulation of returns progressed the Harding landslide seems greater than it appeared last night when the great republican sweep from coast to coast became manifest.

Harding when he assumes the presidency will go into office with the senate and house of representatives republican by wide margins according to returns to date. The republicans gained seats both in the upper and lower houses.

Most optimistic predictions of Republican National Chairman Hays were exceeded in practically every instance. The women's vote swelled the total to unprecedented proportions and made the democratic defeat appear all the more overwhelming.

Plurality Mount

NEW YORK, Nov. 3.—(A. P.)—One of the most sweeping republican victories in party history stood today recorded for Senator Harding for president and a republican congress. Tremendous unparalleled republican plurality's continued mounting today. Plurality's early today gave assurance of 323 electoral votes for Harding against 127 for Cox with 75 doubtful. A larger majority was won in the electoral college than since 1888 except the vote for President Wilson in 1912 during the republican split. The first trial of woman suffrage contributed to the republican majorities.

Congress Control Follows

NEW YORK, Nov. 3.—(A. P.)—Republican control of congress another two years with an increased house majority and the prospect of an increase in the senate was the major part of the election sweep. A net gain of 26 votes in the house is shown with complete returns from only 17 states, most of them from democratic strongholds. Eight of the 15 republican senatorial candidates are winners, with seven others holding substantial leads while 19 others all republicans are in the van. For 19 democratic seats nine won, all being from southern states while in border and western states others are fighting uphill battles.

Gain Easy Majority

NEW YORK, Nov. 3.—(U. P.)—Republicans will have an easy working majority in the next senate. Probable republican successes in 20 contests increased their seat to 55, while nine democratic victories gave them a total
