IN YE OLDEN TIME

HOOP SKIRTS were worn by those who first asked the druggist for, and insisted on having, the genuine Golden Medical Discovery put up by Dr. Pierce over fifty years ago. Dress has changed very much since then! But Dr. Pierce's medicines contain the same dependable ingredients. They are standard today just as they were fifty years ago.

Dr. Pierce's Golden Medical Discovery for the stomach and blood cannot be surpassed by any remedy today. Dr. Pierce's Favorite Prescription for weak women has never been equalled for the distressing complaints incident to womanhood. What others say: LOS ANGELES, CAL.—"I suffered from nervous prostration for several years, trying various remedies furnished by the doctor. At last I tried Doctor Pierce's Favorite Prescription, together with Doctor Pierce's Golden Medical Discovery, at the advice of a friend who had used it and had been cured, and my recovery was prompt and permanent."—ROSE FAULKNER, 223 South Grand Avenue.

(From Overbeck & Cooke Co.)
CHICAGO, Nov. 4.—Wheat showed feeble resistance to selling pressure and dragged slowly downward with the close around the bottom prices of the day. The feature was the relative weakness of the December delivery, reflecting an improved outlook for increased stocks between now and the first of the year. All points reported the export demand at a standstill, tending to substantiate the theory that foreign buying has about run its course for the time being at least. Country offerings were reported quite liberal even after the decline of the past two days, while the arrival here of a cargo of Canadian wheat reported late yesterday had a further depressing influence. The sale of 10,000 bushels to go to store today was considered indicative of a slackened domestic milling demand. Cash wheat in Chicago was 2 to 3 cents lower and outside markets showed from 1 to 6 cents decline. The decline in wheat prices has by no means been commensurate with the general depression in other commodities and with statement in foreign buying and Canadian wheat becoming more burdensome, it is logical to assume that a further downward readjustment of values is about to take place.

BUYS MINE FOR \$200 SELLS IT FOR \$75,000

ALICE, B. C., Nov. 4.—(A. P.)—To buy a silver mine at a sheriff's sale for \$200, the property being sold to pay wages due the purchaser, and then to sell the mine a few years afterward for \$75,000 has been the good fortune of Peck S. Salinas, of this city, who just disposed of the Esperanza mine to a group of Vancouver men.

HARDING IS SURE
(Continued from page 1.)

Tennessee Breaks South
NASHVILLE, Nov. 4.—(U. P.)—A republican victory in Tennessee that broke the "solid south" continues today to grow. Harding's lead is now about 10,000.

Oklahoma Joins Nation
OKLAHOMA CITY, Nov. 4.—(U. P.)—Oklahoma joined the nation in the republican landslide, for the first time deserting the "solid south," latest returns show that Harding is leading Cox by 4513. Completion of the vote is expected to give Harding a plurality of 10,000.

J. W. Harrell, republican, has a lead of 17,537 over Scott Ferris, democrat, for United States senator. Ferris issued a statement conceding Harrell's election, with the following acknowledgment: "Oklahoma joined the nation in its republican landslide. I go down with the rest."

Entire West Republican.
SAN FRANCISCO, Nov. 4.—(U. P.)—Every state west of the Rockies is safely in the republican column. Arizona and Nevada, the last two stragglers which were counted as democratic by most observers before election, turned in majorities for Harding and for the republican state and congressional tickets during the night.

Florida City Turns G. O. P.
ST. PETERSBURG, Fla., Nov. 4.—(U. P.)—For the first time in the history of any Florida town, this city went republican, by a majority of 278 votes.

More States Added.
NEW YORK, Nov. 4.—(A. P.)—Nevada and Arizona were added today to the republican column.

MORE DEATHS MARK NEGRO ELECTION RIOTS

ORLANDO, Fla., Nov. 4.—(A. P.)—The casualty list at Ocoee, 12 miles from here, where two whites were shot to death and one negro lynched yesterday in an election riot and several other negroes perished whose buildings in which they sought shelter were burned, had not reached here last night. Armed whites were reported patrolling the region and closing in on negroes who fled to the woods.

More than 20 buildings in the negro settlement were burned. Reports from Ocoee tonight said that explosion of considerable amounts of ammunition occurred as the flames swept the buildings and that numerous firearms were found in the ruins. Some reports said five negroes died in the flames. One negro woman was among these, it was said.

The battle was precipitated by the attempt of Julian Perry, a negro, to vote after he had been refused the privilege by election judges on the grounds that he had not paid his poll tax. He returned later armed with a shot gun but it was taken from him and he was driven away. After dark Tuesday night, according to reports, Perry again approached the polls accompanied by a number of other negroes. The white citizens at once formed a posse and dispersed the negroes who fled to the negro settlement. The posse followed and witnesses said the negroes opened fire from the buildings. A member of the posse was wounded but reinforcements arrived.

The attackers centered on Perry's house intent on his arrest. Two of the whites, Leo Borgard and Elmer McDaniels, both former soldiers, were killed in the back yard of the house. A negro woman and seven of eight armed negroes were in the Perry house which ultimately was set on fire to dislodge them, the flames spreading to other buildings.

Perry himself apparently was captured and later taken by a mob and lynched. It was said he was taken from an automobile in which he was riding and later lynched.
