

CONFIDENCE

In this period of readjustment The Peoples Warehouse wishes to meet its responsibility in such a manner that the people of Pendleton and vicinity will realize that we at all times desire to merit their confidence. Our success depends, as it always has, upon giving satisfaction both as to price and quality, and in this transition period we are more than pleased to assume a large loss in order that our patrons may continue to have confidence in us. We will give you the best for the price, no matter what the price.

interest in Japan, but the California question was the big subject of discussion in editorial columns.
The Kikumun was a paper which saw clouds ahead. It declared the action of California contains seed for an armed conflict and predicted that further moves to deprive American-born Japanese of American citizenship would follow. The Yorozu declared the California vote "heralds the advent of a most dreadful storm."
Marcus Okuma attributed the vote more to English-Irish immigration than to American-born Japanese citizens.

May Lodge Protest.

TOKIO, Nov. 5.—(A. P.)—When confirmation has been received that California voted in favor of the land law, Japan will lodge a protest in Washington pointing out that the measure conflicts with Japanese treaty rights, says the Yoruza Choho today, quoting a foreign office official. Formal negotiations will follow for agreement removing the cause of the trouble.

SYRACUSE AND PITT BATTLE TO STANDSTILL

Picture shows Davies, star Panther halfback, carrying the ball in tandem run during Syracuse-Pittsburg game at Syracuse October 16. The Syracuse linemen are swimming to tackle Davies. Extreme left shows Abbott, Syracuse back, skirting scrimmage heap to pick off the Panther runner to cause his teammates fail to stop him. The game was played in a downpour of rain and the score ended in a 7 to 7 tie. These two teams are rated as the two strongest grid machines in the east this year, but the result of their meeting failed to decide the supremacy of either.
