**Commercial Body to Meet**  
Notice of the November meeting of the Pendleton Commercial Association tomorrow night have been mailed all members in the city, urging their attendance. Matters to be brought up tomorrow night constitute one of the most important sessions for several months and considerable forward looking measures are expected to be adopted.

**Cold Hampers Seeding**  
Cold weather of late has hampered seeding operations on ranches where the season was late and as a result several who farm near the foothills are getting in only about half days. The ground has frozen quite hard after

some of the recent frosts and until the snow is removed from the nearby hills it is thought that seeding will be possible only after the ground thaws each day. In sections where seeding was completed early the grain is one and two inches above the ground and showing in thick stands.

**Man Held for Federal Jury**  
Herman Rohrer, held here on a charge of having narcotics in his possession unlawfully, had a hearing before U. S. Commissioner S. A. Newberry Saturday afternoon and was bound over to the federal grand jury in \$750 bond. Deputy U. S. District Attorney A. F. Fiegel, of Portland, was here representing the government.

**Women's Meeting Tonight**  
Scheduled for 8 p. m. tonight at the library auditorium is a talk by Mrs. Jean Morris Ellis, vocational guidance expert who will address Pendleton women and girls over 15 years of age in her work. She was one of the principal speakers at the recent Older Boys' Conference. Musical numbers will be additional features for the program.

**Auto Directors to Meet**  
The directors of the Walla Walla and Pendleton branches of the Tri State Automobile club will have a joint meeting here Tuesday noon in the dining room of the Elks club. The visiting directors will motor over with Secretary W. S. Parks in the morning and be guests of the local directors at lunch. Several road matters of mutual interest will come up for consideration.

**Legion Will Meet Tonight**  
Final arrangements for the observance of Armistice Day will be made tonight in the regular monthly meeting of Pendleton Post, American Legion, which will be held in the assembly room of the county library at 8 o'clock. Arrangements for the presentation of a concert for the benefit of the legion on November 22 will also be started. The Shirley Concert Co., has been signed to appear in Eagle-Woodman hall on that night and tickets for the event probably will be placed on sale Thursday.

**Washington Paving Completed**  
Paving has been completed from Walla Walla to the state line but has not yet been opened to traffic and a detour is necessary from state line to the College Place Road. The new road is of concrete and will be allowed to weather a time before being opened for use. When it is opened the road from Pendleton to Walla Walla will be completely paved but for one stretch from Main street, Weston, to Blue Mountain school, about six miles. A portion of the road down Dry Creek has been newly gravelled and is in excellent condition.

**Quota is \$7500.**  
Umatilla county's quota for the coming W. C. T. U. drive is \$7500 is \$7500, according to announcement made yesterday by John E. Wheeler, state chairman of the campaign. The complete sum to be collected throughout the state is \$125,000, and outside of Multnomah county, the Umatilla county quota is the largest in Oregon. The drive, which begins November 15 and which will last one week, is for the purpose of getting funds for a home for waifs. Judge S. A. Lowell, of this city, is a member of the state committee for the drive.

**Yard Work Well Along**  
Work in the railroad yards at Rieth, which are being extended by the O. W. R. & N. Co., is progressing rapidly and steel is now being laid in the west extension near the depot. There is still considerable filling to be done in the extreme west end, which will take the yard limits to the point a half mile west of the station. A large crew of men is working, a steam shovel is in operation at the east end of the yards and two work trains are kept busy hauling the material from the cuts to the fills. Moving of numerous buildings has been necessary by the expansion.

**Objects to Arrest.**  
John Jordels has been drunk so many times that he considers it an imposition upon his nature to be arrested by local police when intoxicated. On Saturday when Officer Charley Myers found Jordels carrying along the streets after imbibing of too much flavoring extract, the victim made considerable show of his displeasure and as a result his fine in police court this morning was \$15 instead of \$10. He was charged with being drunk and disorderly. His request that he be given back the bottle of extract this morning was refused and this, too, incensed Jordels somewhat.

John Tail, owner of a laundry in Astoria, characterized Mr. Robinson as the best beloved laundryman in the state and suggested that a silent tribute be paid the local man. The men rose to their feet and remained standing in silent meditation for several minutes. The meeting, attended by representatives from almost every one of the 54 laundries in Oregon, was for the purpose of organizing the Oregon State Laundry Owners Association. Laundrymen of the state have withdrawn from the old Oregon-Washington-Idaho and British Columbia association to form the new association. Officers are: President, Percy G.
