Wall Street

There are times, and we are passing through such a period, when corporations must avail themselves of loans from banks for business expansion or carrying inventories. However, these bank loans are funded by bank syndicates in the form of bond issues. Otherwise banks would soon be burdened with FROZEN CREDITS, and during readjustments financial structures would be in jeopardy of collapse. . . . But for Wall Street and its many ramifications, making public participation in the production and manufacture of commodities to its present magnitude possible, we would be many years behind in the world's economic conditions.

Radium Heater

Heats your house with one-third the fuel
Burns wood or coal equally well

A high grade parlor heater. Built especially for use
of both wood and coal.

The Radium has duplex grate. By simply turning
grate, stove is changed from wood to coal. The shape of
stove is such that wood will lay flat on grates. Has hot
blast tube, also gas burner on side of firepot, which makes
it an ideal coal heater.

Let us put a Radium in your home. Your floor is al-
ways warm if you have a Radium heater.

Heating Stoves from \$12.50 up
Your old stove taken in exchange

OUTBURSTS OF EVERETT TRUE

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets.

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. No griping results from these pleasant little tablets. They cause the liver and bowels to act normally. They never force them to unnatural action. Dr. Edwards' Olive Tablets are a soothing, healing, vegetable compound mixed with olive oil.

If you have a bad taste, bad breath, feel dull, tired, are constipated or bilious, you'll find quick and sure results from Dr. Edwards' little Olive Tablets at bedtime. 15c and 50c. a box.

ATHENA AND UMAPINE TIE IN FOOTBALL GAME

(East Oregonian Special.)
ATHENA, Nov. 15.—John Banister was in the city from Weston Wednesday.

In a football game between Athena and Umapine at Weston, the Umapine team was held to a tie, 6 to 6 by Athena.

Lee Johnson and Frank McDonald were Pendleton visitors Friday. Mrs. Hugh Onstel and children arrived in the city Wednesday from Astoria Washington and are visiting friends and relatives for a few days.

John Hall has returned from Morrow county where he has been employed on the J. N. Scott farm.

The chautauqua opened Thursday evening in the high school auditorium. The program will be held for five evenings.

Dr. and Mrs. C. H. Smith and Judge Jacob Kanstler of Portland, who has been their guest for the past two days motored to Pendleton Thursday evening where Judge Kanstler took the evening train for his home in Portland.

Mr. and Mrs. Charles Betts were Pendleton visitors Wednesday. Mr. and Mrs. Ross Catron left Tuesday for Lebanon Oregon where they will visit relatives for a time.

Dr. N. P. Bennet has closed his dental office in Athena and will continue his dental practice in Weston.

Mr. and Mrs. Donald Moore have rented the De Paat residence where they will make their home during the winter.

Rev. Johnson of Bond has accepted the pastorate of the Athena Baptist church. Rev. Johnson will move his family to Athena in the spring.

Mrs. Leon Kidder entertained Tuesday evening at the Harvey Catron home in honor of her niece Miss Helen Russell who is soon to become the bride of Ralph Haynie. A shower of gifts were bestowed upon the young lady by her many friends. Those present were Mrs. C. L. McFadden, Mrs. Lela Zerba, Misses Velma Mansfield, Lucile Taylor, Zola Keen, Edna Pinkerton, Gladys and Hilda Dickerson, Lela and Velma Schubert, Pearl Ramsey, Audra Winship, Savannah Smith, Rea Allen, Frances Williams, Isabelle Duncan, Clara and Waltham Haynie, Lucinda Dell, Beulah and Dolie Banister and Hazel McFarland.

SIMPLEX SUNBOWL ELECTRIC RADIATOR

—attach it to any lamp socket.
With the Simplex Electric Sunbowl Radiator you can instantly have the radiant warmth of the summer sun from any lamp socket.

The inverted cone-shaped electric heating element and its generous sized reflector makes his radiator not only the hottest and most cheerful but also the most economical of them all. It takes no more current to operate than your electric iron or toaster.

FINE FOR RHEUMATISM

Musterole Loosens Up Those Stiff Joints—Drives Out Pain

You'll know why thousands use Musterole once you experience the glad relief it gives.

Get a jar at once from the nearest drug store. It is a clean, white ointment, made with the oil of mustard. Better than a mustard plaster and does not blister. Brings ease and comfort while it is being rubbed on!

Musterole is recommended by many doctors and nurses. Millions of jars are used annually for bronchitis, croup, stiff neck, asthma, neuralgia, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds of the chest (it often prevents pneumonia). 35c and 65c jars; hospital size \$3.00

THE FORDSON TRACTOR

The surest sign of the Fordson success is the imitation by competitors as there have been dozens of different makes of tractors manufactured in the past two years designed after the Fordson.

Henry Ford built, rebuilt and tested the Fordson for years before it was put on the market two years ago, but now it stands head and shoulders above any other make in the light tractor field. In fact over one-third of all tractors in use in the United States today are Fordsons. This is unique as there are something like two hundred makes offered for sale. It speaks for sturdiness of construction, abundant power and ease of handling.

The Fordson will take any ordinary six mule load and handle it any where. It is the logical power for summer fallow work for the wheat farmer as it will handle this work day after day, using an average of less than two gallons per acre. Dust cannot harm the working parts as all are enclosed dust proof and carburetor is equipped with air washers that washes all air taken in.

Give us a chance to demonstrate, on your farm, the work the Fordson is capable of doing. Work of all kinds. Plowing, discing, harrowing, blading, seeding, and power work such as wood sawing, hay chopping, feed grinding, etc.

Drop in or call us up and our tractor man will be glad to demonstrate to you on your own farm with no obligation to buy if we cannot convince you that it is the handiest, cheapest and most practical power you can use.

BONIN ISLANDS TO BE FORTIFIED BY JAPAN

TOKIO, Nov. 15.—(A. P.)—Additional fortifications, suitable for the needs of modern warfare, are to be built soon by Japan on the Bonin Islands, lying to the southeast of Japan proper, according to the Nichi Nichi. A number of military experts under the direction of Major Kadono are reported to have left for the islands on the steamer Higo Maru to make a preliminary survey for the erection of the new forts.

The Japanese government has realized for some time that changes in the manner of warfare have rendered some of the outlying defenses of the empire out of date, and the government it is said, intends to build at least ten new strongholds along the coasts of the islands of Japan, the first to be in the Bonin Islands. The others for the present are unspecified.

The main island of the Bonin group is the landing place of the Japanese cable from Tokio. From Bonin messages are relayed by the Pacific cable to Guam and then to the United States via Midway and Honolulu.

NON-UNION MEN UNITE

WASHINGTON, Nov. 15.—Employers have undertaken to organize non-union workers in an effort to establish "open shop" according to information given President Gompers. According to his reports today the employers have given the organization the name "American Union."
