OREGON EVENS SCORES AGAINST TIME HONORED WASHINGTON BATTLED

Victory of Lemon-Yellow Over Purple and Gold Saturday Was Decisive and Earned Aggie Contest Holds Lime-light.

Old scores were evened Saturday afternoon when the University of Oregon football machine took its time-honored rival, the University of Washington, down the line 17 to 6 at Eugene. It was a large day for the wearers of the lemon-yellow and their victory over the Seattle eleven was deserved.

The individual work of Bill Steers in this game reminded of the football of pre-war days. Single handed he carried or booted the piskin to every one of the 17 markers scored by his team. He was given wonderful assistance by the Oregon line in opening holes and by his fellow backs in running interference. But the fact remains that only a man of Steers' caliber would have taken the advantage he did of the openings presented.

Evening Count of Years Oregon's victory evens the count of victories by the two teams in the present century. Each has won and lost seven games and tied two. Not since 1917 has Washington had a look in. The last great game between Oregon and Washington was a 0-0 tie at Eugene in 1916, Doble's last year.

Washington State College, playing at home, managed to put over four touchdowns on the O. A. C. eleven and win 24 to 9. Both teams played with patched line-ups but the advantage lay with Gus Welch's boys and they made the best of it. As a result of their victory Saturday, the crimson and gray claim the championship of the northwest and there is none to dispute them, for they have played their final game in this section.

With the two interstate games out of the way, interest will now turn to

the annual struggle between Oregon and the Aggies next Saturday at Corvallis. On records this season the Oregon team would appear to have an edge on the Aggies, although the only team which have met is the University of Washington. The Aggies beat Washington by a field goal, while Oregon's victory consisted of two touchdowns and one field goal.

Stanford is the only team met by Oregon which has conquered. The cardinals won 19 to 6 from Oregon and 2 to 0 from Washington and then Oregon put over two touchdowns on the Washington team. The dope is hard, at best, to figure.

Home Teams Have Advantage If the outcome of next Saturday's game hinges upon the piece of play, the advantage is with the Aggies. Only two teams have succeeded in winning away from their home grounds this season in the coast conference. Stanford won at Seattle and California at Corvallis. The only game W. S. C. lost was on the Berkeley field and Oregon's only loss was at Palo Alto.

Corvallis has its homecoming this week end and will struggle to the limit to make good for its grade. Oregon carries a jinx for the Aggies, however, that is hard for the cow college to break. Setting aside the jinx the two teams of the state appear to be more nearly fit to meet each other in a tight battle than for a long time.

OHIO STATE TOPS ALL IN WESTERN STANDING

CHICAGO, Nov. 15.—(A. P.)—Ohio State stands at the top of the western conference eleven, but must defeat Illinois next Saturday in order to have an undisputed claim to the championship, for a defeat by the Illini would leave the race in a scramble, with possibly three teams claiming first honors. Victory for Ohio State next Saturday would leave the Buckeyes the only undefeated team. A victory, however, for Wisconsin over Chicago would give Illinois, Wisconsin and Ohio State a record of four games won and one defeat each, and an equal claim to the championship.

Howdy from New Orleans, PETE!

Say, old clock, you've got the time—maybe you'd like to hear this one! As we were rolling into New Orleans yesterday one of the men in the club car was recounting his cigarette experiences; how he finally pulled a trick on his luck and got set right!

"Well, I've had my cigarette lesson", continued the traveller, "I went up and down the line on cigarettes until I got hold of Camels and got deep into their quality and mildness and delightful flavor! There never was a blend such as Camels combination of choice Turkish and choice Domestic tobaccos! I'll say it—Camels taught me what a cigarette should be and they'll teach any man who smokes!" Thinks I to myself—"Sic 'em, judge, every word you spill is a sentence!"

Now, Pete, that's the kind of Camel thanksgiving stuff you get North, East, South, West and through the middle! That's all as true as that little sheep will wag their tails!

I did some tall thinking as I browsed through the quaint old French quarter this evening—how universal the appeal of Camel cigarettes really is! Figure the travelling I've done and the people I've met—each city different from the other—AND Camels have been the ONE cigarette to be found everywhere—and the cigarette most smoked at each point! Pete, old backstop, it's wonderful the way smokers are sliding home to Camels!

Dallas, Texas, for me!

LAUNDRY FOR FOOTBALL PARAPHERNALIA SAVES

COLUMBUS, O., Nov. 13.—(A. P.)—A football laundry is the scheme devised by L. W. St. John, athletic director of Ohio State university, to combat the high cost of football. All the football paraphernalia, which has more than doubled in cost during the last two or three years, is put through a process of soap and water, gasoline and other cleansing agents, and the result has been, it is said, to triple the usefulness and life of the equipment. Shoes that formerly cost \$4.25 now sell at \$19, and the \$4 grade at \$12 wholesale. St. John, with the help of Trainer Gurney, goes over the football gear, employs a cobbler and salvages enough shoes in the best of condition each fall to equip the ordinary team. The varsity clothing outfit, he points out, now costs \$49 new at wholesale prices, compared with from \$15 to \$29 a few years ago. Shoes, stockings, pants, belts, shoulder pads and headgear all are carefully gone over. Holes are mended and darned and patched. Housewives could get a lot of pointers from the Buckeye athletic staff on short cuts to longer wear of duds.

THOUSANDS PETITION FOR DOOMED DOG

LONDON—"Onkie" is the most talked-of dog in England. "Onkie" was in the habit of jumping over the back fence and knocking down children. Somebody complained. He was haled before the police court and sentenced to death. A petition praying for a pardon signed by over 6000 dog lovers was handed in. But the sentence was confirmed. Another appeal is now to be carried to the high court, and, if unsuccessful there, the home secretary will be petitioned.

EUROPEANS CRITICISE AMERICANS' TRAINING

AMSTERDAM, Nov. 15.—(A. P.)—The American system of athletic training which culminated in many American victories at the Antwerp Olympic games is now being subjected throughout Europe to a great deal of criticism favorable and unfavorable. While, as an example, there are some members of the Dutch Olympic committee who consider Holland should adopt American methods in its universities and athletic clubs, others charge that such long intensive training makes the athletes professional amateurs. At a recent meeting of the committee one speaker went so far as to question the amateur standing of the American navy crew which won the Olympic eight regatta. He said that these future American navy officers had done nothing during their Annapolis four years last year. Europeans find it very difficult to understand that American university men can devote so much time to sports and still find time for study.

The new appointments make the political representation of the board four democrats and three republicans. Rowell, one of the new members, was one of the California republicans who bolted to Cox during the campaign.

It got me in the last lung. I purchased two 41 bottles of Foley's Honey and Tar Compound, and used it. I reached Mobile, Miss., no better. I tried a pneumonia plaster and hot mustard foot baths.
