session. As the session progressed, particularly in the last hour, certain specialties developed. conspicuous weakness and the sharp decline registered in such issues had a sympathetic effect on standard shares, with the result that most of the early gains were cancelled. There was no particular news developments disclosed during the session although the increasing number of unfavorable trade reports, and unemployment were not overlooked in stock market calculations. There does not seem to be much vigor in the intermittent rallies that take place in the market and there still seems to be several weak spots in the list. It is likely, therefore that a further revision downward in the quotations of some of the stocks may take place and in the process the general list may sympathize to some extent.

YOUR RHEUMATISM

Remove Its Cause by Purifying Your Blood.

One of the most important duties of your system is to burn up certain substances no longer of use in your body. One is uric acid, now generally held to be the cause of rheumatism. It inflames the joints, stiffens the muscles, causes pains, aches, and lameness. The system is helped to dispose of this troublesome substance and rheumatism is permanently relieved, by Hood's Sarsaparilla, the one true blood purifier. It is aided in many cases by Hood's Pills, which in small doses are a gentle laxative. In larger doses an active cathartic. A grand course of treatment, economical and effective.

V. Boriske, following his return from Spokane where he refereed the Walla Walla-Lewistown and Clark football contest Saturday.

Boriske said that, although he was willing to meet Gonzaga, no advance was made to him for a game while in Spokane, by Coach Rorion of Gonzaga, putting to rest all rumors prevalent that Gonzaga wished to reschedule a game this season.

Escaped an Operation

There is nothing in the world a woman so much fears as a surgical operation. Often they are necessary, but often not; and many have been avoided by the timely use of that good old-fashioned root and herb remedy Lydia E. Pinkham's Vegetable Compound. If you are suffering from some dread ailment peculiar to your sex, why not profit by the experience of these two women whose letters follow?

These Two Women Saved from Operations.

Cedar Rapids, Ia.—"After the birth of my last child I had such pain I could hardly walk. I suffered for months and the doctor said that my trouble was organic ulcers and I would have to have an operation. That was an awful thing to me, with a young baby and four other children, some day I thought of Lydia E. Pinkham's Vegetable Compound and how it had helped me years before and I decided to try it again. I took five bottles of Vegetable Compound and used Lydia E. Pinkham's Sanative Wash and since then I have been a well woman, able to take care of my house and family without any trouble or a day's pain. I am really and truly thankful to your medicine any time. I am forty-four years old and have not had a day's illness of any kind for three years."

Sandusky, Ohio.—"After the birth of my baby I had organic trouble. My doctor said it was caused by too heavy lifting and I would have to have an operation. I would not consent to an operation and let it go for over a year, having my sister do my work for me as I was not able to walk. One day my aunt came to see me and told me about your medicine. I still take a bottle of Vegetable Compound every spring for a tonic. I recommend your medicine to others who have troubles similar to mine and you can use my letter if you wish."

—Mrs. PAUL PARENTINE, 1925 Stone St., Sandusky, Ohio.
