UGH! THUMP IN HOTEL WAS WALLACE REID IN DISGUISE!

The fashionable guests of the palatial St. Francis hotel of San Francisco were startled some time ago when a rough-looking sailor, attired in blue overalls, black sweater and knit sailor's cap, and wearing a heavy growth of black whiskers, came down the elevator and sat down in the lobby to wait for someone.

"What a nerve!" said one aristocratic old woman as she inspected the "creature" through her lorgnette.

"They should not show such a rough-looking person in the hotel," responded her companion.

"Sh-h-h!" That's Wally Reid! said a well-dressed, sitting nearby, who couldn't hold the secret any longer. And then the feminine critics sought an introduction.

Wally and his company under the direction of James Cruze had gone to the St. Francis to film scenes in the starting Paramount picture, "Always Audacious," which will be shown at the Alta Theatre today, and not wishing a mob, the director had kept the star's presence in the city a secret.

Doctor Cupid

That love sometimes cures disease is a fact that has been called to the attention of the public by a prominent physician. Love is not, however, the cure for all women. Many a woman is nervous and irritable, feels dragged down and worn out for no reason that she can think of.

Doctor Pierce's Favorite Prescription gives new life and new strength to weak, worn-out, run-down women. "Favorite Prescription" makes weak women strong and sick women well. It is now sold by all druggists in the United States in tablets as well as in liquid form.

ROSEBURG, OREGON—"I suffered something terrible from an organic trouble. Could scarcely stand on my feet. My head and back ached so hard and I was weak and nervous. I had severe pains in my side and my limbs and feet ached. I was also troubled with constipation. I took Dr. Pierce's Favorite Prescription, Golden Medical Discovery, and Pleasant Pellets. These medicines cured me of all my ailments and I was well and strong."—Mrs. W. D. Moore, 1246 N. Jackson Street.

Do You Know a Baby Sick With Constipation?

Tell the mother to give half a teaspoonful of Dr. Caldwell's Syrup Pepsin.

NO thoughtful mother with children in the house will risk being without a good, reliable laxative. It will save many a serious illness, many a doctor's visit.

When the baby cries and is fretful, when the boy has no appetite and won't play, when the girl is listless and feverish, when there are complaints of headaches and colds, the mother can suspect constipation. Give Dr. Caldwell's Syrup Pepsin in the small dose prescribed on the bottle, when you put the child to bed, and with morning the ailment will have disappeared.

Dr. Caldwell's Syrup Pepsin is a popular compound of Egyptian Senna and other simple laxative herbs with pepsin and pleasant-tasting aromatics. It acts gently and mildly, and children take it without objection. A sixty-cent bottle is enough to last an average family many months. The ingredients are endorsed in the U. S. Pharmacopoeia, and last year American mothers bought over eight million bottles of Dr. Caldwell's Syrup Pepsin from druggists. It is the largest selling liquid laxative in the world, and few cautious families are ever without it.
