## Wall Street

In order to get a proper aspect of Wall Street, it is well to know the mode of trading by curb brokers and the manner of manipulations of bucketshops. Curb-brokers, who buy and sell on the street, may or may not be honorable in their dealings. Not having membership in a reputable exchange, they necessarily are not bound by its strict rules. Bucketshops are nothing more or less than gambling places. The commodity in which they supposedly deal, is used to place their bets on, and oftentimes the whole outfit is fake, telegraph service and all. In trusting money with operators of such places is like gambling with unscrupulous and unreliable gamblers.

## DAILY MARKET NEWS, LOCAL AND GENERAL

Including Pendleton Prices and Associated Press Reports

The following prices are the prices  
being paid to producers by Pendleton  
business houses. Wherever retail  
prices are given the face will be spe-  
cifically mentioned.

**Hens and Poultry.**  
Eggs, 70 cents in trade. (Retail price  
is 75 cents.)  
Hens, 20 cents.  
Spring fryers, 23 cents a pound.  
Country Ham, Etc.  
Ham, best quality, 28c.

**A Mother's Recommendation**  
Mrs. Kate Deets, Mayville, Mo.,  
recommends Chamberlain's Cough  
Remedy as follows: "I gave Chamber-  
lain's Cough Remedy to my children  
when they had croup and whooping  
cough and I and my husband have  
both taken it for colds and coughs and  
it has never failed to give the desired  
relief. I cannot praise this medicine  
too highly. This remedy contains no  
opiate and may be given to a child as  
a confidently as to an adult."

**Beware of a Persistent Cold**  
When a cold hangs on week after  
week or when you contract a fresh cold  
before you are over the first one,  
there is great danger of some germ  
disease getting a start in your system.  
The average consumptive will tell you  
that "I had a hard cold last winter  
that was followed by a bad cough that  
I have not been able to get rid of," or  
something to that effect. Why take  
the chances of such a result when  
Chamberlain's Cough Remedy, famous  
for its cures of bad colds may be had  
for a trifle.

**For an Impaired Appetite**  
Loss of appetite always results from  
faulty digestion. As a general rule,  
all that is needed is a few doses of  
Chamberlain's Tablets. They will  
strengthen the stomach, improve the  
digestion and give you a good appetite.  
They also cause a gentle movement of  
the bowels.

**Despondency**  
When you feel blue and that every-  
thing goes wrong, take a dose of  
Chamberlain's Tablets. They will  
cleanse and invigorate your stomach,  
regulate your liver and bowels and  
make you feel that this old world is a  
good place to live in.

**Bacon, best quality, 40c.**  
Butter Fat and Butter.  
Ranch butter, \$1.25 a roll. (Retail  
price is also \$1.25.)

**Hogs and Sheep Steady**  
But Cattle Are Depressed  
It was a very small run of eight cars  
that greeted the North Portland trade  
at the opening of the Tuesday mar-  
ket. Hogs were about steady with cat-  
tle rather depressed and sheep ap-  
parently steady.

With only a limited run for Tues-  
day, weakness was rather intense in  
the cattle alleys, although there was  
not enough business at the start to  
establish new quotations with the ex-  
ception of calves, which were lower.

**General cattle range:**  
Choice steers ..... \$8.25 @ 9.00  
Good to choice steers ..... 7.25 @ 8.25  
Medium to good steers ..... 6.25 @ 7.25  
Fair to good steers ..... 5.00 @ 5.75  
Choice cows and heifers ..... 6.25 @ 7.00  
Medium to good cows and  
heifers ..... 4.25 @ 5.25  
Fair to medium cows and  
heifers ..... 3.25 @ 4.25  
Canners ..... 2.50 @ 3.25  
Bulls ..... 5.00 @ 6.00  
Choice, dairy calves ..... 13.00 @ 15.00  
Heavy calves ..... 7.00 @ 9.00  
Best light calves ..... 11.00 @ 13.00  
Medium light calves ..... 9.00 @ 11.00  
Choice feeders ..... 6.75 @ 7.25  
Fair to good feeders ..... 5.75 @ 6.75

While local hops are not bringing  
above \$14 at North Portland for  
Tuesday, diversion rate stuff is still  
quoted nominally as high as \$12.50,  
although no further sales at that price  
are announced. Run in the alleys for  
the day was but 250 head.

**General hog market range:**  
Prime mixed ..... \$13.75 @ 14.25  
Smooth heavy ..... 13.25 @ 13.75  
Rough heavy ..... 10.00 @ 12.25  
Fat pigs ..... 12.25 @ 13.75  
Feeder pigs ..... 11.00 @ 13.50

Further reduction of at least a half-  
dollar was shown in the price of ewes  
at North Portland Tuesday. There  
was only a small run of 301 head in  
the sheep and lamb alleys for the day  
and general conditions were about  
steady, ewes being the exception. The  
latter were quoted at \$1.00 @ \$4.50.

## THE FORDSON TRACTOR

The surest sign of the Fordson success is the imi-  
tation by competitors as there have been dozens of  
different makes of tractors manufactured in the past  
two years designed after the Fordson. . . .  
Henry Ford built, rebuilt and tested the Fordson  
for years before it was put on the market two years  
ago, but now it stands head and shoulders above any  
other make in the light tractor field, in fact over one-  
third of all tractors in use in the United States today  
are Fordsons. This is unique as there are something  
like two hundred makes offered for sale. It speaks  
for sturdiness of construction, abundant power and  
ease of handling.

The Fordson will take any ordinary six mule load  
and handle it anywhere. It is the logical power for  
summer fallow work. For the wheeler farmer as it will  
handle this work day after day, using an average of  
less than two gallons per acre. Dust cannot harm  
the working parts as all are enclosed dust proof and  
carburetor is equipped with air washers that washes  
all air taken in.

Give us a chance to demonstrate, on your farm,  
the work the Fordson is capable of doing. Work of  
all kinds. Plowing, discing, harrowing, blading,  
seeding, and power work such as wood sawing, hay  
chopping, feed grinding, etc.

Drop in or call on us and our tractor man will  
be glad to demonstrate to you on your own farm with  
no obligation to buy if we cannot convince you that it  
is the handiest, cheapest and most practical power  
you can use.

**Stock Exchange Business**  
Is Dull and Contracted

NEW YORK, Nov. 17.—Business on  
the stock exchange Tuesday was dull  
and contracted in comparison with  
recent feverish activity but the under-  
tone showed greater firmness on the  
further elimination of weakened ac-  
counts.

In large part the market's stability  
was ascribed to sentimental influences  
created by the brisk recovery of for-  
eign exchange and fulfillment of yester-  
day's promise of easier money.

Demand bills on London rose 7 1/2  
to the pound over last week's minimum  
and exchange on Paris also improved.  
The Creek rate made no visible re-  
sponse to political developments.

Call money opened at 8 per cent, the  
lowest initial figure of the month, and  
held at that rate.

The cheaper motor shares and sev-  
eral of the food products and equip-  
ments again proved vulnerable to  
pressure, shippings also falling sharply  
in the latter dealings. Sales 775,000.

Home market reported additional  
concessions in leading commodities,  
including a cut in refined sugar to  
be ten cents. Further downward re-  
vision also resulted from the backward  
movement in textile and kindred trades  
gathered fresh momentum.

Liberty bonds and most other do-  
mestic issues were irregular on smaller  
offerings, the international group,  
however, manifesting a better trend  
with foreign exchange. Total sales,  
per value, \$14,400,000. Old U. S.  
bonds unchanged on call.

**European Buying Bolsters**  
Chicago Wheat Market

CHICAGO, Nov. 17.—European buy-  
ing, actual and prospective, did a good  
deal Tuesday to lift values in the  
wheat market. The finish, although  
unsettled, was 1 1/2 to 4 c net higher  
with Dec. 1.87 1/2 to 1.87 3/4 and March  
1.77 1/2 to 1.77 3/4. Corn closed 3/4 c net  
lower to 3-8 advance; oats up 1-4 to  
1-2 c and provisions varying from 30c  
decline to a gain of 35 cents.

Sales of wheat to Belgium were es-  
timated at 1,000,000 bushels, pre-  
sumably altogether Canadian grown,  
and there was much talk of an effort  
to arrange credits in this country to  
enlarge exports to Germany. Bullish  
sentiment was also given emphasis by  
the smallness of the stock of wheat  
here and at other western centers and  
by the persistent meagerness of rural  
offerings. In the last part of the day,  
however, the market underwent a  
moderate reaction as a result of profit  
taking by traders who apparently  
deemed that the advance had been  
enough for the time being.

Corn and oats tended to reflect the  
wheat advance.

For the most part provisions were  
weak with hogs.

**Cattle Arrivals Weak;**  
Lambs Bought Higher.

ers and feeders dulled early steer
