**Miss Purdy In Office**  
Miss Ruth Purdy has accepted a position in the office of Dr. H. M. Hannavan, local dentist.

**Are Pendleton Visitors**  
Mr. and Mrs. W. R. Ferguson, of Athena, are Pendleton visitors today. They returned this morning from Portland where they attended the Pacific International Livestock Exposition.

**Quarantine Is Lifted**  
Councilman Manuel Friedly was able to return to his business this morning after being quarantined at his home for a week on account of diphtheria in the family.

**Will Visit California**  
Mrs. Genevieve Belts, formerly of this city where she operated a beauty parlor, will spend the winter in California, according to word received by local friends. Mrs. Belts is much improved in health. She has been visiting in Brownsville.

**Doughnuts Will Be Featured**  
L. W. White, a recent arrival from Butte, is remodeling the store room at 509 Main street, until recently occupied by the Altes Shine Parlor, for a doughnut lunch counter. He will specialize in doughnuts, doing both a counter and retail business. He plans to open about December 1.

**Ben Hill Chosen**  
Ben F. Hill, formerly of this city, now of Walla Walla, was yesterday chosen at the Walla Walla primaries as candidate for mayor. Mr. Hill received 1837 votes, D. P. Powell 716 and M. Nettleship 353, thus eliminating Nettleship from the final contest. The contest between Powell and the former local man will occur soon.

**Fair Weather Predicted**  
Pendleton is to have a season of fair weather after several days of cloudy, rainy weather, according to Major Lee Moorhouse, official weather observer. The barometer registers 29.65. The maximum today is 52 and the minimum last night was 30.

**George Tonkin Arrests**  
George Tonkin, formerly game warden for this district, now U. S. game warden, was responsible for the recent arrest of H. W. Welcome, of Juntura, Oregon, for the alleged illegal transportation of beaver skins to the Ellsworth-Thayer Manufacturing Co. of Milwaukee, Wisconsin. Welcome assumed all blame for infractions of the law.

**Plea Is Sent**  
A plea to "Finish the Job" was received today at Red Cross Roll Call headquarters from H. E. Arne, of the Northwestern headquarters of the Red Cross. Mr. Arne says that Pendleton and other towns of Umatilla county are lagging in the Roll Call and he urges that the campaign be given earnest support. "The Red Cross must not fall now when the peacetime need for it is greater than ever before," said Mr. Arne.

**Wants Speed Limit Enforced**  
The arrangement between the Pendleton Commercial Association and officials of the O. W. R. & N. Co., regarding a six-mile speed limit for its trains while crossing East Court, Main and Ash streets, is entirely satisfactory to the railroad, according to a letter received today from J. P. O'Brien, general manager. Mr. O'Brien asked the association to report any case where engineers are known to violate this edict and expressed his cooperation in keeping down accidents at grade crossings here.

**Gilmore and Ricker Join**  
George Gilmore, of Chicago, and Frank Ricker, of Charlestown, South Carolina, enlisted today in the U. S. Navy, signing up with F. R. Weaver, local recruiting officer. They will go to Portland tonight and if successful in passing the examination will be admitted for training as firemen first class, for machinists mate. Gilmore will be sent to Chicago Naval Training station and Ricker to Hampton Roads, Virginia. Both men were passing through Pendleton when they decided to join the navy.

### THE RAILROADS ARE DOING THEIR BEST

But Time and Enormous Expense Will Be Required to Restore Pre-War Efficiency.

Philadelphia, Nov. 22.—Although there has not yet been time for the benefits of the Transportation Act to be of material assistance to the railroads, some of the larger systems are anticipating the future by proceeding at once with marked improvement of freight and passenger service.

This improved service, however, cannot be had as if by magic. It will require time to secure engines and more cars, and to construct additional and enlarged facilities. Much hard work confronts the railroad managers before the transportation machine can be put into complete repair so that it can meet the demand placed upon it by our ever growing industries.

More locomotives and freight cars are the primary demands to today's transportation situation. To meet these demands several very extraordinary orders have been placed with the big equipment producing concerns. One definite instance is the Union Pacific System which has just purchased 102 locomotives, including 19 Mallet, 16 Mikado, 10 Pacific Type, and 30 switching locomotives; 6169 freight cars, and 72 passenger cars.

Part of this equipment has already been put to work. All of it will probably be in use within the next 60 or 90 days, and every reasonable effort made to move all traffic offered even before that time.

Left to their own initiative for a reasonable time the big railroads will demonstrate the wisdom of the Congress in restoring their property to the control of the owners.

**MONTESANO AFTER DISTINCTION**  
MONTESANO, Wash., Nov. 23.—This county seat town is making a bid to become known as "The Cherry Blossom Town." Eleven hundred cherry trees are being put out by residents in their yards and parking strips as a community undertaking.

**OLD TIMES ARE RECALLED**  
TACOMA, Wash., Nov. 23.—An echo of the dim past was heard in Judge E. L. Yard's court here when Steve Stanbuck, a former saloon keeper, sued a customer for \$150 for an unpaid liquor bill. The liquor was alleged to have been purchased prior to 1914, when this state went dry.

**LEAVES \$6,000,000 ESTATE**  
NEW YORK, Nov. 23.—(A. P.)—Nearly \$6,000,000 was left by Richard M. Colgate at his death in Orange, N. J., in September of last year, it was learned yesterday when the result of the official appraisal of the toilet article manufacturer's estate was placed on file by the deputy state controller.

**UTAH BANKER IS KILLED**  
SALT LAKE CITY, Utah, Nov. 23.—(A. P.)—James Montgomery Whitmore, president of the First National Bank of Price Utah, was killed when an east bound Denver & Rio Grande train struck the automobile which he was driving.
