## A Prominent Druggist Testifies

Redondo Beach, Calif.—"I wish to call attention to my experience in the sale of Dr. Pierce's Anuric Tablets. I have never sold an article that has given such universal satisfaction. It seems that every bottle sold sells another. I am very much interested, like most druggists of today, to sell the 'long shot' stuff at a greater profit, or something 'just as good,' but in suggesting Anuric for uric acid and rheumatism I consider I have not only created business along that line but have gained the confidence of the public which more than repays me for my interest and suggestion, together with the satisfaction I get from having an article that I can place with perfect confidence. Nothing would please me more than to be able to introduce Anuric to the world for the benefit of all mankind. However, I have to content myself by simply calling attention to the satisfactory results that follow as reported to me by the individuals, extending their thanks."—C. D. KNOX.

## Many of Your Neighbors Can Say the Same

Tusuma, Calif.—"My back gave me considerable trouble, which I thought was due to kidney disease. After taking four packages of Dr. Pierce's Anuric (anti-uric-acid) Tablets I was fully recovered. I consider it a wonderful medicine. I also use Dr. Pierce's Pleasant Pellets whenever I am bilious, and they give immediate relief. I consider them a great medicine."—W. L. BOSCH.

## AMERICAN STABLES WIN HIGH AT FRENCH RACES

Martin set a fast pace when the men met for the first round but he took a right hook to the heart in the second that slowed him up.

## RECIPES OF OUR PIONEER MOTHERS

for the home treatment of disease were wonderfully dependable. True, they knew nothing of drugs, but owed their success to the roots, herbs and barks of the field. It is interesting to note that Lydia E. Pinkham's Vegetable Compound, the most successful remedy for female ills we have, was originally prepared for home use from one of these recipes. Its fame has now spread from shore to shore, and thousands of American women now well and strong claim they owe their health and happiness to Lydia E. Pinkham's Vegetable Compound.
