

People Here and There

Among the thousands of dollars taken in at the 1920 Round-Up, there was one five dollar gold piece. It was found by Mr. Chloupek, treasurer of the Round-Up, who exchanged it for the gold piece and slipped it into the pocket of a watercoat. There it remained, undiscovered and forgotten for the past six months, during which time the gold piece made two trips to the Round-Up. This morning Mr. Chloupek bethought himself of the luckpiece and removed it from the shallow pocket to safekeeping.

Big-Six

You will experience a feeling of satisfaction, security, comfort and pride the minute you drive a BIG-SIX. You realize that here, at last, you have under your instant control a car that will do what you want it to do, and go where you want it to go.

Although the BIG-SIX has a wheelbase of 126 inches and seats seven full-grown passengers in perfect comfort, it is not a heavy car. It weighs, in fact, but 3125 lbs.—and is so perfectly balanced and so flexible that the touch of two fingers on the wheel keeps it easily in the road.

Its silent, long-stroke, detachable head motor of full 60-h. p. delivers wonderful resources of power—a wide speed range "in high"—and economy that will surprise you.

Compare Studebaker cars point by point with other cars on the market, and we will rest our case with you.

All Studebaker cars are equipped with cord tires—another Studebaker precedent.
