- Dec. 10.—Sale of Indian land, agency.
- Dec. 20-24.—Pruning school at Freewater.
- Dec. 28-29.—Second Annual meeting Oregon State Chamber of Commerce, Portland.

**Lower Prices Announced.**  
A local restaurant on Monday notified its patrons by placard that the price on four articles of food served there has been reduced five cents per dish. Other reductions are promised, the placard says.

**Takes Permit to Remodel.**  
John Lang today was issued a permit by the city recorder to remodel and paint two dwellings belonging to him at the corner of High and South Main streets. The estimated cost of the improvements is \$750.

**Court Gets Another \$10.**  
Police court Monday afternoon received another \$10 forfeiture when money for William Barnhart's appearance was declared forfeited. This morning in police court Jack Dadds was fined \$5 for leaving his car unattended with the motor running.

**Bond Bids Coming In.**  
Two bids for the purchase of the City of Pendleton general indebtedness bonds for the purchase of a fire truck and the block west of St. Mary's church, have been filed with the city recorder. Several other inquiries have been received. The bonds, for \$14,000 and \$8000 respectively, will be sold to the successful bidder, to be determined by the council tomorrow evening. Bids will be received up to 5 o'clock tomorrow afternoon.

**Medals for Marines.**  
Special medals will be awarded U. S. Marines who served during the recent war, according to word from Oregon headquarters of the Marine Corps. The medals, which are an emblem of victory, may be secured by any marine who send by registered mail, his discharge certificate to the Marine Recruiting Station, 3rd and Alder streets, Portland. The discharge papers will be returned immediately, accompanied by the medal.

**Drunks Most Numerous.**  
November has produced 49 cases in police court, of which number 25 were drunk or drunk and disorderly. There were 11 violations of the traffic code punished while unlawful possession of liquor, vagrancy and driving over a fire hose accounted for one each. Fines collected during the month totaled \$98, while 10 who were convicted were obliged to go to jail to serve out their sentences. The average month's business produces more violations of the traffic ordinances than of the drunk and disorderly.

**Marketing to Be Discussed.**  
Fred Bennion, county agriculture agent, has been asked to speak before the Umatilla (orange and Pagan Bureau Friday, Dec. 3, on the subject of hay marketing. During the past month, Mr. Bennion states, there has been considerable agitation for hay marketing organizations. The Washington Hay Growers have launched an expansive program and alfalfa growers in the west end of Umatilla county and northern Morrow county have formed an association. Umatilla alfalfa men are interested in the new movement.

**Pledges Being Received.**  
Pledges of support are being received over the county for the continuance of the county Y. M. C. A. work. Members of the board of directors were in the towns of the west end last week and this week are visiting the towns of the east end of the county. They are not collecting money at this time, but are interviewing persons interested in the continuance of boys' work with the request that they pledge their future support towards keeping up the work. Most of those interested are responding well, the committee members say.

**Indians Will Gather.**  
Indians from the Nez Perce, Idaho; Yakima, Washington, and Warm Springs, Oregon, will meet with Umatilla Indians in the annual evangelical meeting to open at Tutuilla tomorrow for an eight day session. The session is under the direction of Rev. J. M. Cornelson, Presbyterian missionary at Tutuilla, and he will be assisted by Rev. E. J. Conner, Indian minister. Rev. Mark Arthur, of the Spaulding church, of Idaho, will preside at the opening sermon tomorrow, and Rev. Robert Parson, of the Kamiah Indian church of Idaho, will preside tomorrow night.

**Mr. Mitchell Dies.**  
James Isaac, of this city, received word this morning from his sister, Mrs. Mamie Mitchell, that her husband died November 20. Mrs. Mitchell will be remembered as Mrs. Will Sullivan, wife of a former Pendleton merchant. She is a daughter of the late Captain Isaac, of Helix. Mrs. Mitchell left here 15 years ago and since that time has resided in California, but has often visited in Pendleton. She will now make her home in Long Beach, with her daughter. Mr. Mitchell was at Mare Island for over 20 years and at the time of his death was a chief mechanic.

**Open Shop Is Debate Topic.**  
High school teams in the Umatilla county district will debate on the open shop question this fall in the contest for the county championships. Preliminary work is already being done by teams from most of the schools as the season is expected to open shortly after the holidays. In Pendleton high school all new material will represent the school as three of last year's four have departed and the fourth member will not engage in debate this fall. Miss Laura Ross, who coached The Dalles debaters last season, is in charge here. J. O. Russell, principal at Pilot Rock, is district director for debate.

**Fire Net Is Received.**  
A Browder life saving machine was received by the Pendleton fire department today and installed on the big truck. The machine is circular and folds once when on the truck. When opened, an automatic lock holds the net rigid. The life net is made of extra heavy canvas, fastened to a steel circular frame by heavy leather straps and a series of springs, each 18 inches long. The interior is heavily padded with quilting. A large red spot is placed in the center as a target for one to jump at when being rescued from the burning building. The apparatus was ordered several weeks ago by the council and cost \$150 delivered.

**Hot Lunch in School.**  
Umatilla has made good progress in the matter of hot school lunches this year, says Mrs. Edith G. Vandusen, home demonstration agent. Organization of hot lunches for the primary department took place November 8 when hot cocoa was served to 24 children. On November 17, the entire school was served for the first time with hot soup. The high school girls, Mrs. Vandusen explains, do the cooking and the servers are appointed in turn from each room to go to the main supply and carry back the food for the separate rooms. It is then served to the children cafeteria style. The Freewater school, Mrs. Vandusen says, began serving hot lunches November 17 at a cost of five cents per person.

## Beginning Tomorrow

AND RUNNING BALANCE OF THIS WEEK IF THEY LAST, ARE SOME
