The price of meats has joined in the general decline. Pork loin chops have dropped 15 cents and are now 46 cents a pound while pork steak, formerly 42 cents a pound, is now 35 cents. All cuts of beef have dropped three cents a pound and greater decline is expected.

A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole. And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain. Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds on the chest. Nothing like Musterole for croupy children. Keep it handy for instant use. 5c and 6c jars; hospital size \$3.00

Mutton is five cents a pound cheaper, and ham 3 to 5 cents a pound cheaper. Veni has not decreased in price because little is being killed, due to the fact that there is no market for hides. Eggs are 55 cents a dozen, butter has dropped recently, the retail price now being 65 cents and 11.25, while the former price was 70 cents and 11.35. The price of sugar has fallen considerably, this product now selling at 8 pounds for \$1, a decrease of more than 50 per cent. Sharp declines are noted in coffee, the highest grades now selling at 55 to 60 cents a pound. Flour now sells for \$2.75 a sack instead of \$3.75. Corn meal had a phenomenal drop, the new crop selling for 22 cents for a nine pound sack, which is about half the former price.

Hogs and Cattle Steady and Lambs Lower for Day. Receipts of livestock at North Portland for the Tuesday trade consisted of but four loads. No Change From Old Unsettled Conditions Seen. NEW YORK, Dec. 1.—There were no developments in the course of yesterday's hesitant stock market to suggest that sentiment in speculative or financial circles had experienced any material alteration from the unsettled conditions of the last few weeks. Prices of trading shares reacted and rallied with much confusion, issues of the same class frequently moving contrary. Dealings were noticeably lighter however, with no recurrence, save in mild form of recent liquidations. News over the week end was conflicting, but lacking mostly in the constructive qualities necessary to enlist public interest. The west reported a let-down in the investment situation and reduction of railway tonnage. In the commodity markets cotton quotations wavered again and copper recorded new low prices for a period of years. Further curtailment of working forces by the New Haven and other railway systems testified anew to backward transportation conditions. Domestic money conditions remained uneasy most of the day's call money landing at six percent. Foreign exchange was erratic. Oils and rails, including some of the junior or reorganized properties of the west and southwest were among the stronger features of the list. Steels, equipments and shippings continuing to ease under professional pressure. The few noteworthy gains at the end embraced Mexican Petroleum, Baldwin Locomotive, Retail Stores and American Woolen. Sales, 550,000 shares. The bond market was irregular, 4 1/2

on a smaller turnover in the usual active features, including Liberty bonds. Total sales, par value, \$14,550,000. Old U. S. Bonds unchanged on call.
