CITY OFFICIAL PAPER

MOTIONS WOULD KILL ARTICLE AND INVITE ALL

Amendment to Covenant of the League of Nations Eliminating Provision is Introduced by Canadian Representative.

ANOTHER MOVE WOULD TAKE IN ALL COUNTRIES

All Independent Nations Then Would be Obligated to Notify Assembly of Desire to Stay Out; Argentine Holds Out.

GENEVA, Dec. 4.—(A. P.)—An amendment to the covenant of the League of Nations eliminating Article 10 was introduced in the assembly of the league today by Charles J. Doherty, Canadian minister of justice. The amendment probably will be referred to the committee on amendments.

Would Include All GENEVA, Dec. 4.—(By Henry Wood, U. P. Staff Correspondent.)—All independent nations of the world which desire to remain out of the League of Nations will have to make a specific declaration of that attitude or they will be voted in as members under a motion submitted to the league assembly today by Argentina. Should the motion prevail it would probably result in Germany becoming a member, and the United States would have to notify the league if she did not desire membership.

SALE OF SEALS TO AID SUFFERING UMATILLAS

One hundred five persons, the majority of them Indians, are suffering from tuberculosis in Umatilla county. These 165 people will derive benefit from the sale of Christmas seals, for money secured in Umatilla county will remain here to lighten the burden of white plague sufferers.

Umatilla county has no tuberculosis hospital and as the entire state offers accommodations for only 125 patients, it will be seen that county patients would almost fill the hospital. Ninety per cent of the funds from the sale goes to relief of Oregon's 4500 patients, five per cent of the proceeds of the sale and five to the National Tuberculosis Association. The sale throughout Oregon brings in practically the entire fund for carrying on the state health program.

The county-wide sale of the little health seals, attractive in design and used extensively for Christmas letters and packages, is under the direction of Mrs. Herbert Thompson. She has already launched the sale, and \$15 was derived from a booth last night at the Episcopal bazaar. Mrs. Thompson is putting up posters and appointing community chairman throughout Umatilla county. The county has been assigned no quota, but the state's assignment is 140,000.

In answer to the question, "Where does the money go?" the Oregon Tuberculosis Association says that the money is spent for public enlightenment; organizing public health associations; demonstrating county health nursing; nursing services for tubercular soldiers; conducting open air schools for tubercular patients; carrying on health crusades, and for other purposes.

S. A. Makes Plans. The Salvation Army is making plans for its Christmas charity work and expects to place three kettles on Pendleton streets a week from Monday. Money placed in the kettles is to be used for bringing Christmas cheer into homes and for helping the needy. Captain Jennie Conrad, head of the local post, says that no appeal for funds will be made as the S. A. depends upon the generosity of local people. The Associated Charities announces that their work will be placed in the hands of the Salvation Army this year.
