MERRY CHRISTMAS TO YOU!

On this happiest of all days, when every hospitable roof throws wide its doors, when hearts dilate with the glow and warmth of the blazing hearth, and when the warm grasp of friendship welcomes us all with that rare charm of Christmas spirit, who of us is able to resist this joyful call to happiness?

In such an atmosphere we become children and live again the happy days and see again the same dear faces. Indeed, it is a season, when not merely the fire of hospitality should be kindled high in the hall, but higher still should flare the genial flame of kindly charity.

To a great many hearts does Christmas bring a brief period of unbelievable happiness and enjoyment. For it is now that whole families, whose members have been scattered far and wide, are once more united, and meet again to awaken old recollections and to enjoy once more the simple, homely pleasures that the holiday brings.

Let us forget all selfishness now and give something of ourselves to those less fortunate. In doing this we find happiness by the road of right understanding. To replace the lavish giving and extravagant celebration, we shall make service our gift to humanity. Service is more and more becoming an expression of the true spirit of Christmas.

Let us take care in seeking that higher expression of ourselves not to forget little children. To them belong the gifts and gay festivities of this joyous day. In remembering as many kiddies as possible we are placing our gifts at the feet of the One whose birthday we celebrate at this time, who gave us everything in contributing to the human heart His message of boundless, universal love, teaching us to believe that it is the strongest thing in the world. And in doing for others, that we are keeping Christmas.

"And if you keep it for a day, Why not always? But you can never keep it alone."
