## MAN WHO TRAINED EQUINE RACE MARVEL ONCE GAVE UP TO JOIN NEW YORK POLICE DEPARTMENT

### Louis Feustel, Developer of Man o' War, Recognized as One of Racing Successes After Hitting Hard Luck Run

NEW YORK, Dec. 9.—(By Henry L. Farrell, U. P. Staff Correspondent.)—Sport is filled with thankless jobs. All the heroes of the track, the diamonds, and the gridiron are not crowned in public.

Heroes unsung in great numbers work in the dark, keep under cover at vitally important duties helping others into the hall of fame.

The linemen on the Varsity team tears great holes in the opposing forces and is buried under a pile of flesh-filled jerseys, while the backfield star rushes through in the spotlight and gets the cheers.

The hard working catcher holds up the pitcher, directs the defense of the line, but the hurler gets the credit.

Thankless jobs there are beyond enumeration, but the trainer gets the least credit of all.

On the turf perhaps the trainer does more and is credited for less than in any sport.

He keeps the stable in condition, primes the horse for a race and the jockey goes out and gets the laurels.

Feustel in for Honor  
Louis Feustel, trainer and developer of the great Man o' War, is one of the first to come in for his just share of honor for giving to the American turf what has been judged the greatest horse that ever lived.

Riddle, owner of the equine king, saw to it that he was not overlooked.

At a dinner of turfmen here recently Riddle told the story that the publicity-fodging trainer never would have made known.

Feustel was having a run of hard luck. His stable had dwindled to one lone runner that wasn't paying the oats bill.

Feustel was about to give up the track and seek a job as a policeman in New York to tide him over until things got better.

Riddle then sent for him and commissioned him to go out and get a stable together.

He was tipped off to a promising yearling at the Saratoga sale, but was disappointed to learn that the youngster had been sold.

Horse sold for \$3000  
Running down the aisle he came across a sleek, smart looking chestnut

colt and he bought him for \$5000. It was the great Man o' War, which couldn't be bought now for a half million, a winner of about \$300,000 and the holder of several world's records.

Riddle gave all the credit to Feustel. He pointed him out as the real man behind Man o' War. He trained him to the finest point of form for two years. He sent him to the post twenty-one times for twenty victories. He had him where most any jockey could ride him ahead of the best field.

Feustel got his credit. He didn't seek the honors. They were forced on him.

Some day perhaps all the unsung heroes will get their just dues.

## COAST COLLEGES CALL OFF SCHEDULE OF 1921

SEATTLE, Dec. 9.—(A. P.)—Cancellation of the 1921 Pacific coast conference football schedule was announced at noon by Prof. Leslie J. Ayer, chairman of the University of Washington faculty athletic committee and secretary of the conference. He said the schedule might be voted back at a later date, but that the continued opposition to the four conference games by the University of Oregon and Oregon Agricultural College made it impossible to abide by the action of the conference committee taken at Berkeley, Calif., last week.

## INTERNATIONAL BOXING CARNIVAL TO BE HELD IN N. Y. NEXT MONTH

Bouts Between Best Amateurs of U. S. and Great Britain Planned by Club to Pit Middle and Heavyweights.

NEW YORK, Dec. 9.—(A. P.)—An international boxing carnival between the leading amateur middleweights and heavyweights of England and the United States, to be held here next month, will be the initial international contest in a sport series which promises to make 1921 a red letter year in sport, it was learned today.

Plans for the bouts, which will be held at a place and date to be announced later by the International Sporting Club, were virtually completed yesterday by the club matchmaker, Tex O'Rourke, after a series of conferences in London. The bouts will bring together the best amateur middleweight and heavyweight boxers of the English and U. S. armies and navies. The leading champion in those two weight classes of the London police and fire departments also will face opponents of the New York departments. All bouts will be under the regulations of the International boxing federation and will have the sanction of the amateur athletic union of the U. S.

The plan for the bouts was conceived some months ago by W. A. Gavin of the International S. C., but owing to the amateurism involved, it was necessary to procure the cooperation of both the American and English athletic unions which exercise jurisdiction over amateur boxers in their respective countries.

## WASHINGTON STADIUM FIELD IS MUD PROOF

SEATTLE, Wash., Dec. 9.—(A. P.)—Mud-proof playing ground has been laid on the new concrete stadium underground drains are arranged to carry off the rain falling on the field.

Recently when Washington lost to Dartmouth College in the first game played in the stadium there was a terrific gale and downpour the day and night before the game and spectators believed the field would be nothing but miry, marshy and swampy. Instead the drains stood their first test and the surface was found hard and fast.

In building the drainage system the contractors first gridironed the field with rows of four inch drain tile laid every twenty five feet. On top of that was laid 14 inches of coarse gravel, with a covering of shavings and sawdust, and on top of that, was placed the surface coating of eight inches of sandy loam. The loam was raked, scraped and rolled constantly for two weeks before the game and, on the playing date, was packed solid.

## YALE AND WEST POINT WILL PLAY NEXT OCT.

NEW YORK, Dec. 9.—(A. P.)—The Yale and West Point football teams which met in 1912, have been scheduled for a game on the army's gridiron October 23, 1921, military academy athletic officials announced last night.

In the last meeting Yale defeated the cadets, 6 to 6. The army's game with Notre Dame will be played Nov. 5.

## DON'T RISK NEGLECT

Don't neglect a constant backache, sharp, darting pains or urinary disorders. The danger of dropsy or Bright's disease is too serious to ignore. Use Doan's Kidney Pills as have your friends and neighbors. Ask your neighbor! A Pendleton case.

Mrs. L. Hammer, 619 E. Webb St., says: "I was in a terrible state from kidney complaint. It seemed as though I had a knife sticking into my back when I stooped over. My kidneys were disordered and caused me much annoyance. I was very nervous and became easily excited, too. My feet and ankles bloated badly so I knew the trouble came from a disordered condition of my kidneys. I read about Doan's Kidney Pills and several boxes from Tallman's Drug Store entirely cured me. The pains left my back and my kidneys were well. All the other troubles were removed, too."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Hammer had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

## WILD HORSES ARE SHOT AND EATEN BY STOCKMEN

SPokane, Wash., Dec. 9.—Wild horses on the Colville Indian reservation are being shot and eaten by stockmen, according to a statement by Grant Copeland, president of the Spokane Stockmen's club. "Small horses have become numerous, very wild and a nuisance on the Colville Indian reservation, where they eat the grass and are fat," said Mr. Copeland. "Cattlemen can not get near them to rope them, so they shoot them, and in many cases eat parts of the meat. There is no cleaner meat, and the hind quarters are especially good food, although a little sweet. These horses have been running that range for years and increasing. They are interbred, descendants of cayuses, and have become a breed of their own."

## A CLEAR SKIN

Women do not have to patronize the beauty parlor—for if their skin is disfigured with pimples and blotches, and their blood is in disorder they should obtain at the drug store that wonderful blood tonic and alterative of Dr. Pierce's which he placed before the public over 50 years ago. Since that time many thousands of men and women have testified to its wonderful blood cleansing effect. This is what one woman says:

CHEHALS, WASH.—"I have used Doctor Pierce's medicines for over forty years for myself and family and have always found them just as represented. I think Dr. Pierce's Golden Medical Discovery for a tonic and blood builder cannot be beat; and Dr. Pierce's Pleasant Pellets have no equal for constipation; in fact, I can heartily recommend any and all of Dr. Pierce's remedies. "My daughter had chronic constipation from babyhood and doctors could not cure her. Dr. Pierce's Pleasant Pellets is the only thing that ever helped her."—Mrs. JENNIE K. SWOFFORD, 1320 Alfred St.
