The bride was becomingly attired in a tailored suit of brown, worn with a hat of the same color and a corsage bouquet of Ophelia roses. Her maid was charming in a suit of lighter brown, worn with brown beaver hat, and her bouquet was also of pink roses.

Mr. and Mrs. Overby departed for Spokane after which they will visit coast cities before returning to Baker where Mr. Overby has farming interests.

The marriage this morning came as a surprise to many friends of the couple as the wedding date had not been announced. The betrothal was known, however, and the bride had been delightfully feted. AMERICA WOULD AVOID JAPANESE WAR, —KAHN

WASHINGTON, Dec. 9.—(A. P.)—Discussing the Japanese question frankly, Representative Kahn of California, chairman of the house military committee, declared in an address in the house today that America has hoped always to avoid war, and that if the "statesmen, publicists, politicians, agitators and demagogues of Japan" really wanted war with the United States they would be the ones to bring it on, not the Americans. He said he voted the hope of every patriotic American that peace between the countries may continue perpetually. "But the world has only recently learned that we are not too proud to fight."

Agitators Stir Hatred

WASHINGTON, Dec. 9.—(U. P.)—Relations between the United States and Japan are being kept unsettled by Japanese agitators and demagogues seeking to stir up hatred against the country, Representative Julius Kahn of California claimed in a speech to the house today. He warned that continued activity on the part of Japanese agitators might lead to war between the two countries.

People of the Pacific coast object only to the large numbers of Japanese laborers coming into their states and are having no objection to the immigration of Japanese professional men, financiers or students, Kahn said, declaring that the question is not one of racial prejudice.

LONG ABANDONED CLAIM YIELDS RICH SILVER ORE

HELENA, Mont., Dec. 9.—(A. P.)—A group of Helena men who last spring began to work an abandoned silver claim in the Tolsonville district, recently struck what is declared to be some of the richest silver-lead ore ever seen in this section of the state. The values also embrace gold and there is said to be indication of high grade copper ore.

The mine in which the rich ore was found had been abandoned for nearly a half century after it had been believed worked of all valuable ore. So anxious were its original owners to cease work that they are said to have left their shovels sticking in the mud.

FAKE FAINT TESTS FIRST AID METHODS AT O. A. C.

Five of his classmates went to his rescue taking him from the gas house into the fresh air. They were applying the first aid methods recently taught to them, when Jerome E. Wilcox, instructor, announced that this was just a fake to see if men could apply what they had learned in case of an accident.

WATTS LIQUOR, STOLEN, IS ORDERED RETURNED

A decree ordering the return to Homer L. Watts of the liquor confiscated in his home at Athena two years ago this month, was signed in circuit court late Wednesday, after an appeal had been taken from the justice court and an opinion rendered on the transcript of the testimony. The decree, however, cannot be carried out because the liquor held as evidence was stolen from the office of Justice of the Peace Joe H. Parkes about four weeks ago.

The decree ordered the case dismissed and the craves of a nuisance against the residence of Mr. Watts in Athena also removed. It decreed him not guilty of maintaining a nuisance.

What steps will follow the decrees are not known. It was reported that Mr. Watts would sue whomever he thought responsible for the safekeeping of the liquor, for the amount of money involved in it. As yet he has taken no such action. The return of the evidence, however, is a physical impossibility.

HIGH SCHOOL NOTES

Freshmen Handle Stamp Sale—The freshman class has been put in charge of the Red Cross stamp sale for the high school and by noon today the high school's quota had been subscribed. The freshmen did not stop at this and worked all day to increase the total. Miss Elizabeth Severance, class advisor, is chairman of the committee and she expects to more than double the high school quota. Tables have been placed in the halls and salesmen are placed there before school time, at noon and between the class periods.

Banquet This Noon—The dining room of the Hotel Pendleton was this noon an exciting place when Richard Hanks, high school football coach, Captain Jess Terjeson and Austin Landreth, principal, entertained members of the first and second football teams with a banquet. Because of the success met with football this year such a banquet was deserved. Almost all of both teams were successful in making their letter. On the night of December 12 the boys will be entertained by the members of the Girls' Forum of the high school will give another banquet in their honor.

Games Last Evening—In the interclass games held last evening the Freshman girls defeated the Sophomore girls by a small score. The Sophomore boys defeated the Freshmen boys by one point while the Juniors defeated the Seniors 15-9 which places the Junior and Sophomore teams in the lead for the interclass championship. These two teams will meet in the three games and the team winning two of the games will be given the interclass championship.

Basketball Practice Going Fine—Basketball is going fine at the school, about 25 men being out for practice every evening. Most of the men who won their letters in football are out for the indoor game. John Dolph assisted the coach last evening in training the boys for this skillful game. More men are expected out after the interclass games have been finished.

Debate Tryouts After Holidays—The tryouts for the local debating team will not be held until after the Christmas holidays, according to Miss Ross, debate coach. Pendleton high has lots of material this year and she expects to show up well in the state debate.

Senior Play Postponed—The Senior play, "The House Next Door" has been postponed because of conflicting dates before Christmas. The dates which have now been set are for January 14 and 15. Miss Ross, coach, is working hard to make this play surpass all others given at the high school.
