

DAILY EAST OREGONIAN, PENDLETON, OREGON, THURSDAY EVENING, DECEMBER 9, 1920.

PLANS LAID FOR AID IN FILING TAX STATEMENT

Plans for aiding taxpayers in filing income tax returns for 1920 are being made by the Bureau of Internal Revenue. Revenue officers will visit every county in the United States to assist in making out forms. The services of public accountants and other experts are offered to city residents who will be continued. Forms for filing 1920 returns will be sent to persons who last year filed a return. Failure to receive a form does not relieve one from his obligation to file a return within the time prescribed. Copies may be obtained from offices of collectors of internal revenue, branch offices, post offices and banks, and are expected to be available on or before January 1. The period for filing returns is from January 1 to March 15, 1921. The tax, this year at least may be paid in full at the time of filing or in four installments the first due on or before March 15, the second on or before June 15, the third on or before September 15 and the fourth on or before December 15. The first installment must accompany the filing of the return.

PERSONS WHOSE INDIVIDUAL NET INCOME FOR 1920 WAS \$4000 AND LESS SHOULD ASK FOR FORM 1949 A. THOSE WHOSE INDIVIDUAL NET INCOME WAS IN EXCESS OF \$4000 SHOULD ASK FOR FORM 1949.

Returns for the year 1920 are the same as those for the year 1919. Every single person whose net income for 1920 was \$4,000 or more and every married person whose net income was \$2,000 or more must file a return. The exceptions are \$1,000 for single persons and \$2,000 for married persons and heads of families plus an additional \$200 for each person dependent upon the taxpayer for chief support if such person is under 16 years of age or incapable of self-support.

The normal tax rate for 1920 is 4 per cent on the first \$4,000 of net income above the exemption, and 8 per cent on the remaining net income. The surtax rate, which is computed without the benefit of the exemption, ranges from 1 per cent on the amount of net income between \$500 and \$1,000 to 45 per cent on the amount of net income in excess of \$1,000,000.

A new transfer company, to be known as the Service Transfer and Storage Company, was organized yesterday by Marion Dearhoff, Oscar Knutson, D. Farrell and D. E. The four men, who are well known here and who have had much experience in the transfer business, will do business on a partnership basis. They have established temporary headquarters at 27 Main street and have already secured storage room. The company will operate three trucks, a two and a half ton Service, a one ton Service and a 34 Highway Special. Negotiations for four three quarter ton trucks and also for a truck for inter-state transfer have been begun by the company and this equipment will be added later. James Knutson, of the Portland office of the Service truck company, was here yesterday to complete the sale of the fleet of trucks.
