POTATO DEMAND ABOUT WESTON HAS LESSENER

(East Oregonian Special) WESTON, Dec. 13.—Weather conditions in the Weston country continue very warm and wet, but extreme southeast winds have been almost continuous during the past two or three weeks. Potato digging has been about completed in the Weston mountain district. Three weeks ago there was quite an active market for potatoes about 37 carloads were shipped from here, but now there are no buyers around and shipments have almost ceased. Wheat sales at Weston are few and far between, as most of the growers feel that the price will go upward, and

as long as they can hold on to their wheat they are not disposed to sell at the present low price. Fifty to 60 per cent of the 1920 wheat crop at Weston is held by the growers. The Weston Warehouse Company's office is becoming the most popular meeting place in this part of the county. Frank Tyke, the company's enterprising manager, receives and bottles the Chicago market quotations each morning. In addition to its being a gathering place for local farmers, a goodly number of Alton farmers are to be seen daily at this office. James Kirkpatrick Jr., an overseas veteran, now located at Orofino, Idaho, is visiting his parents Mr. and Mrs. James Kirkpatrick Sr. in Weston. Mrs. Frank Hilderbrand is seriously ill at the home of her son-in-law and daughter, Mr. and Mrs. Dan Irons, in Walla Walla. Reports Sunday

morning were not favorable to her recovery. Mr. and Mrs. Jesse Lienallen are visiting Mr. Lienallen's mother, Mrs. Mary Lienallen, on East Main street. Mr. Lienallen has been in Tacoma for four months taking treatment from an ear specialist, but he does not notice any improvement in his hearing as a result. Prof. and Mrs. F. C. Fitzpatrick, principal and eighth grade teachers, respectively, of the Weston schools are spending a few days at their former home in Roseburg. J. A. Powell was a Pendleton visitor last Saturday. Dr. F. Lavender has been tendered a deputyship by sheriff-elect Zoeth Howell and it is understood locally that he will accept. Mr. Lavender has had a long time experience as a peace officer and friends have no doubt that he will make a competent deputy sheriff.

W. S. Banister and C. M. Nelson, two former Weston farmers who have moved to the La Crosse, Wash., country, were in town the last of the week. Clarence Hand, who has been a resident of this part of the county for about five years, left last Tuesday on a visit to his old home in England. Mrs. Smith Payne of The Dalles, is in attendance at the bedside of her mother, Mrs. E. T. Wicker, who is seriously ill. L. Halseth, who has been a salesman in the Weston mercantile company's store since last March, has departed for Grandeur, Wash., where he has acquired an interest in a store of which he will be the manager. Jim Jones, veteran carrier on rural route No. 1, out of Weston, has accepted a like position at Athena and will assume his new duties at once. Mr. Jones' son, Ray Jones, will take on his father's old job out of Weston. Mrs. Alice Vaughn of Homestead,

Oregon, is a visitor at the home of her parents, Mr. and Mrs. S. A. Barnes. The Weston I. O. O. F. lodge has selected the following officers: Fred G. Dupuis, N. G.; L. H. Van Winkle, V. G.; J. E. Stanfield, Sec.; S. A. Barnes, treasurer. In Gratitude. A clergyman who had been preaching some miles away was returning home at a late hour. He noticed that the occupants of one house had left a window open, so he decided to warn them and perhaps prevent a burglary. Putting his head through the open space, he called out: "Halloo, good peep"—That was all he said. A painful of water struck him in the face and as he staggered back a woman shrieked: "Didn't I tell you what you'd get if you didn't get home by 10 o'clock?" Houston Post.

CALIFORNIA-OREGON CO. GIVEN PERMIT FOR DAM

WASHINGTON, Dec. 13.—(A. P.)—Secretary Payne has entered into a supplementary contract with California-Oregon Power Company permitting the company to build a dam provided it deepens the approach to the Main and Keno canals to ensure a flow of not less than 1,200 feet per second into the Klamath project Main canal and 1,920 feet into the Keno canal with water in the lake at an elevation of 41.57 feet, but reserving the right of government of any greater flow.

TACOMA TO IMPROVE LINKS

TACOMA, Wash., Dec. 12.—(A. P.)—Improvements costing approximately \$46,000 are to be made on the golf course of the Tacoma Golf and Country Club this winter, it was announced recently.

The Parrot and the Bear.

Through the long summer hours she had done her best to let him see she liked him. But he wrapped himself in a cloak of cynicism and made no moves. "Marriage is a mistake!" he spoke bitterly. "Marriage is a mistake!" Why should a man saddle himself behind a chair when he can live with a wife for life when he can live with a parrot for \$20? She hid her anger behind a charming smile. "Yes," she returned, "there again you men certainly have the advantage. We poor women can't buy a bear of any kind under \$200.55—Japan Advertiser.
