C. H. Marsh Appointed

Smith, state director of the Oregon division of the European relief council, as county campaign leader in an emergency organization for an Oregon campaign to raise funds for 3,500,000 children of Europe. The money is to be raised outside of Portland.

Nolin Has Revival
Revival services opened yesterday at Nolin under the direction of Rev. F. B. Church. The series will be of several weeks' duration. Evangelists and singers are at Nolin for the event and the Salvation Army is assisting also.

14 Births in November
The number of births in this county in November was 14, according to records kept at the office of Dr. H. J. Kavanaugh, city physician. The number of deaths was six. There were 24 births in September, 16 in October and 14 in November. The death rate in November was lower than the November rate last year and is considered unusually low for a winter month.

Two Enlist in Navy
The local navy recruiting office secured a recruit yesterday from the eastern and western coasts of the United States, A. J. Steiner, of Cambria, California, and Arthur Lundahl, of Pensacola, Florida, enlisted as machinists mates. They will train at Hampton Roads, Virginia.

Invited to National Meeting
The Pendleton Commercial Association, which holds membership in the Chamber of Commerce of the United States, today received notice of the annual meeting of that body which will be held at the New Willard Hotel, Washington, D. C., on January 27 and 28. Representation from the local club was invited.

Judge Goes as Witness
Judge Thomas Fitz Gerald left for Portland on No. 17 Sunday to be a witness today in a trial in the U. S. court. During his absence John Halley Jr. is acting as recorder and police judge.

Fire Chief Finds Bonfires
Fire Chief W. E. Fingold stopped on his way home last evening to extinguish a bonfire less than six feet from an East Wabli street residence, he said this morning. The chief said that with breezes blowing as they have been, such a fire might easily have ignited the house nearby. The ordinance requires that bonfires be 30 feet distant from a building and be extinguished before nightfall.

Woodmen to Have Banquet
The local lodge of Woodmen of the World are planning on a big time tonight, when a class of at least 25 men will be initiated, the staff and degree team from the Walla Walla lodge being invited to put on the work. About 25 men are expected to come over from the neighboring city for the event. A banquet is to follow the work at which 150 members are expected.

Commercial Teacher Employed
Miss Kathleen O. Meloy, a senior in the commercial education department of Oregon Agricultural College, has been elected to teach the commercial branches in Pendleton high school beginning January 1, 1921. She will succeed E. O. Dwyer. Miss Meloy is prominent in the commerce department of the college and also in athletics. Her election will be confirmed at the school board meeting to be held tonight.

Secretaries Send Appeals
Letters appealing to the Pendleton Commercial Association to send two delegates to the annual meeting of the Oregon State Chamber of Commerce in Portland on Dec. 28 and 29 were received today. George Quayle, general secretary, and J. W. Brewer, field secretary, both urged the local body to send in the names of delegates. It is the policy of the association to give credentials to members of that body who might be in Portland at the time of the meeting who are willing to attend and represent it.

Weather at Present Welcomed
The weather which Umatilla county at present is enjoying is welcomed far and wide by farmers and stockmen. Many of the wheat raisers are summer-fallowing their land and stockmen are able to keep their stock on pasture where, at this time a year ago, they were obliged to haul feed over a foot and a half of snow to stock. Wind and rain have done no appreciable damage to the land and crops have been almost negligible thus far. Optimistic ones are predicting that December will pass without a genuine cold spell.

Boys Are Guests
The boys of J. T. Lambirth's Sunday school class, Church of the Redeemer, were guests yesterday of Mrs. David Ingram at a bountiful dinner served at the Ingram home in the country. Those who enjoyed the affair were Mr. Lambirth, Claud Gillette, Donald Whitman, John Gervais, Charles Johnson, Egbert Serimsher, Floyd Smith, Russell Vaughan, Fred Rohman, Alfred Lockwood, Lynn Barr, Harold Rainsberry, Roswell Lockwood, Maurice Lockwood, Charles Simis, Richard Simis, Morris Temple, and Hawley Ingram, son of Mrs. Ingram. Miss Nellie Ingram assisted in serving. The boys made the trip by machine. The time after dinner was spent in exploring the farm, playing football, chasing rabbits and riding.

License Plates Being Received
License plates for 1921 are being received by Pendleton automobile owners who filed applications early for their licenses. The plates are not to be changed until January 1, 1921, but after that date, according to orders from the secretary of state, persons driving with 1920 licenses are to be arrested and fined. The new plates are of green background with white numerals. According to advices received by local traffic officials, only about 12,000 applications for licenses have been received at Salem while for the year ending nearly 165,000 cars were licensed. The last minute rush is again expected to swamp the secretary of state's office and with the Christmas mail growing heavier daily, deliveries of the plates are expected to be slow.

Farmers Attend Meeting
About 20 west-end farmers attended a poultry-culling demonstration at the E. E. Graham poultry yard at Columbia Saturday. Fred Bennion, county agriculture agent, Charles S. Brewster poultry expert, discussed selection for breeding purposes, feeding for egg production, and how to determine which hens are high producers, which are not, etc. Mr. Brewster pointed out that Umatilla county chicken raisers are too prone to use wheat almost exclusively, thus giving a hen much fat making material but not enough other materials. He states that wheat gives a hen fat enough to lay seven eggs a day, protein to lay an egg every 10 days and ash to lay an egg that wheat alone is not a balanced ration. He suggested that the farmers grow sufficient wheat and corn as scratch feed and buy egg producing materials, such as dry mash, bran shorts and fish meal. Mr. Bennion says a number of poultry raisers plan to raise 100 pullets this year and will follow Mr. Brewster's advice. W. A. Ford of Umatilla, who has 500 pullets, is one of the successful feeders of a balanced ration. His hens are entered in the egg laying contest at Santa Cruz and at Puyallup and fowls owned by him were leading in a contest at Pullman when a windstorm blew the pen over.
