Katherine MacDonald Has Role Like *Diana* in Story in the *Chambers* Adaptation

Katherine MacDonald, beautiful star of *The Turning Point*, adapted to the screen from Robert W. Chambers' novel of the same name, which will be shown at the Arcade Theatre, today, began her career at the bottom of the ladder.

As a very young woman, she was left with the responsibility of providing for a large family. The income was small and she faced her difficulties bravely, frankly and with a great cheerfulness of spirit.

It was not long, however, before Miss MacDonald's great beauty and talent were recognized and her rise in motion pictures has been rapid.

The crash in the MacDonald family's fortune did not come, however, until after she had received her education at Blairsville College, Blairsville, Pa.

Miss MacDonald's latest *Turning Point*, in some respects offers a parallel of her own life.

Tennant Family Ruined

In the *Chambers* story a financial crash leaves Diana Tennant, played by

Miss MacDonald, and the other mem-

bers of the Tennant family penniless in San Francisco. The same qualities which restored comfort and happiness to the MacDonald family in Pittsburgh are portrayed by Katherine MacDonald in her part of lifting the Tennants out of their trouble.

The thread of romance and humor running through this society philosophy continues to make it one of the best in which Miss MacDonald has been starred.

DISPOSAL OF AIRPLANES PUZZLES PEKING HEADS

PEKING, Dec. 14.—(A. P.)—The question as to what use shall be made of several airplanes recently bought by the Chinese government—whether for war or for establishment of mail service as stipulated in the contract for their purchase from a British firm—has been settled so far as three of them is concerned.

Chang Tso-lin, who at present dominates north China militarily, ordered three of the six machines shipped to him at Mukden. The others were to be sent to Pootungfu for military purposes.

Those destined for Mukden were loaded on flat-cars and started northward, some distance beyond Tientsin

MONTANA TAKES HALF OF BOXING PROCEEDS

HELENA, Mont., Dec. 14.—(A. P.)—Montana's new boxing bill, adopted by the voters of the state at the November elections and proclaimed a law permits boxing matches in any county in which a commission has been appointed. Appointment lies in the hands of the district judges or judges of the judicial district in which the county lies. There is no state boxing commission.

Any boxing club after securing a license from the commissioners, may hold bouts not to exceed 15 rounds and the law provides that participants in matches must submit to medical examination before entering the ring and use gloves weighing over six ounces. Fighters who have been barred in other states can not box in Montana under the new bill. Before a license can be secured each club must deposit a bond of \$50,000 with the county treasurer to insure payment to the state of 50 per cent of the net returns, to go to a state fund for building and maintenance of a state home for disabled soldiers and sailors of the world war.

PEARL OF BALTIC NOW PILLAR OF WAR'S RUIN

RIGA, Latvia, Dec. 14.—Riga, which was known before the war as the pearl of the Baltic and ranked as Russia's second port, is one of the saddest monuments to the destruction wrought by six years of ceaseless fighting, much of which took place on the soil of the governments of Livonia and Courland.

Half a million persons lived in Riga before the war and over 400 large factories kept it busy and prosperous. Now there are only about 200,000 inhabitants and less than a score of factories are operating. The empty shells of various industries stand awaiting the return of machinery which the Russians shipped eastward before the German advance. Lenin and Trotsky promised to return all
