### **Consider These Facts**

Consider the Ford-on from all anles especially these few facts which we take pleasure in domonstrating at any time without obliga-

It is easing quicker and cheaper to do your symmer fallow work with the Fordson for these reasons. That you are doing better work with a harrow traveling six talles per hour than at two or three. That you are getting twice as much work done every day. That you are in You are getting twice as much work done every day. That you are in the field an hour more every day with the tractor, saving the time spent in hitching, feeding, etc. That you can rob all day on an average of fifteen gallons of common coal oil. That your men would rather run this flexible, powerful little tractor all day than berd a bunch of mules, That for handling bulk grain from the combine handling it to the warehouse and returning with the empty load it is far handling than unles and a used deal forster. You can travel above any dire would with

nucles and a great deal faster. You can travel along any dirt road with your load from six to seven miles an hour and return nearly twice as fast and time saved at harvest time is worth three times as much as time saved any other time of the year.

That it can be used around the ranch for any kind of hauling unleker and handler than the old way. That it can be moved from place to place and lined op quickly for any kind or belt power. It will your separator, wood saw, feed grinder, ens lage curter, hay chopper water pump, generate sour electricity, run the washing machine, churn, etc. No job too small and few too big.

It is used for elearing land, failing stumps, pulling up shrubbery by the roots rolling logs, etc., grading and leveling land, grading roads and ditches.  $\gamma$ 

We have seen them used for pulling up old fence posts and stretch-ing fence. In fact there are no uses that the Furdison cannot be put where horse or mechanical power is needed.

Consider the attractor process or mules that the Fordson will re-place, consider that the Fordson costs \$\$91.50 F. O. B., Pendleton, Remember that it uses coal oil or distilate for fuel. Remember the dozens of different uses that you have for it. Remember that the Fordsom is like the Ford car in that there is always a dealer war and that it will never be orphaned or laid up waiting for repairs or parts. Then call us a por come is and tell as you want a demon farm. We will be ghad to do so and with no obligation on your part,

Simpson Auto Co.
