COAST LEAGUE LEADER REFUSES TO CONSIDER OFFER OF RE-ELECTION

McCarthy Declares Four Clubs Want to Oust Him and in Spite of Favorable Vote He Spurns Three Year Job.

SACRAMENTO, Cal., Dec. 15.—(A. P.)—William H. McCarthy, San Francisco, refused to allow his name to be submitted for reelection as president of the Pacific Coast league at the annual meeting of clubowners here Friday and when despite his objections the magnates selected him for a period of three years at a salary of \$10,000, steadily refused to continue as head of the organization. McCarthy left the meeting late in the afternoon, asserting that there was a movement on foot among the owners of the Seattle, Portland, Salt Lake and Oakland clubs to oust him from his post, and that no increase in salary would induce him to remain in the president's chair.

After McCarthy left, the owners voted unanimously to reelect him president for three years, and to increase his salary from \$5,000 to \$10,000. A recess was then declared and both the "friendly" clubowners and those alleged to be hostile to him met with him in closed session in an attempt to persuade him to reconsider his resignation.

McCarthy stated after the impromptu meeting that he would stand by his original decision and would remain at the head of the league only till the magnates could elect his successor. That it was announced, is not likely to be accomplished until the next meeting which is tentatively set for the last week in January.

In the meanwhile, McCarthy will act as head of the league, although he emphatically asserted he will not consider himself as having been reelected.

There are some clubowners in this league who rank even above certain major league magnates and there are others who have no place here and

should not be here," McCarthy said after he left the meeting in the afternoon.

BOB SHAWKEY PITCHED MOST EFFECTIVE BALL

The leading pitcher of the year in the American League was Robert Shawkey of New York, who worked in 23 games, 267 innings, and allowed but 73 runs for an average of 2.46 for each full game of nine innings. Stanley Coveleskie, premier hurler of the champion Cleveland team was second with an earned run average of 2.48. Coveleskie appeared in 41 battles, worked 315 innings and allowed 87 runs. Urban Shocker, St. Louis, followed the Indian star with a 2.51 average gained in 28 games, 246 innings in which opponents counted 74 times.

Edwin Rommel and David E. Keefe, two young stars of the Athletics were fourth and sixth with averages of 2.44 and 2.81 respectively. James C. Bagby, the Cleveland veteran who led the league in number of games won 21, held fifth position. His opponents gleaned 2.29 runs per game from his deceptive delivery in 246 rounds. Bagby pitched in more games—45—than any other hurler and also in more innings.

Cari Mays of New York appeared in 45 contests, winning 26 and losing 11, finishing second to Bagby on the bank of games won and lost. Mays pitched 412 innings and gave 3.06 earned runs per game. Coveleskie was also high in games won and lost, being victor 24 times, and losing 14. Urban Faber of Chicago was fourth in the won and lost column, winning 23 and losing 12, standing seventh in the earned run table with a average of 2.99 in 40 games. Faber was second to Bagby in innings pitched 319. Kerr of Chicago was third to Bagby and Mays in the won and lost record winning 21 and losing 9.

Besides Rommel and Keefe, Walter Mills of Cleveland, William Berwell and William Bayne of St. Louis, Warren Collins of New York, Jose Acosta, Washington, Harry Courtney, Washington, and Bryan Harris of Philadelphia were other newcomers who performed brilliantly. Elmer Myers, transferred from Cleveland to Boston in mid-season, closed the year with a run of nine straight victories.

CLOSE SCORE GIVES WIN TO HIGH SCHOOL SECONDS

Pilot Rock's Union high school quintet bowed to the Pendleton high school team by a two point margin at the Rock last night, Pendleton winning 31 to 29. Dick Lawrence, first team center, handled the boys on the trip and refereed the game. Harold Hooser, a first team man of last year, held down one forward and Hollenbeck played opposite him. Addison, who is making a good showing as a first team sub, played center. Guards were taken care of by Harold Patton and John Henderson in the first half, Lawrence Warner substituting for Henderson in the second.

CHAMPION WOULD FIGHT IN BENTON HARBOR RING

BENTON HARBOR, Mich., Dec. 18.—(A. P.)—Jack Dempsey spent a few hours here Friday with Floyd Fitzsimmons, who promoted the Dempsey-Mike fight last September and who has been seeking to have the Dempsey-Carpenter bout staged here. Dempsey left for Chicago last evening en route to Salt Lake City where he is scheduled to appear in a charity performance Monday night.

Fitzsimmons announced later that nothing had been settled as to a championship fight here but added that he expected to stage a bout between Dempsey and an unnamed opponent either next Fourth of July or Labor Day.

EVERETT IS CHAMPION WITH 28 TO 0 VICTORY

LONG BEACH, Cal., Dec. 18.—(A. P.)—The Everett, Wash., high school football team won the unofficial western intercollegiate championship here Friday by defeating the Long Beach high school, 28 to 0. A crowd estimated at 12,000 saw the game.

The northerners easily outplayed the southerners in the first two periods. Long Beach came back strong in the third and fourth, threatening the visitors' goal in both, but was unable to prevent a final touchdown and field goal in the last few minutes of play. Everett excelled in the way its ends picked forward passes out of the air, and the condition of its team, as it used no substitutes.

60,000 APPLICATIONS TO NEW YEAR GAME COME

PARADISE, Cal., Dec. 18.—(A. P.)—Sixty thousand applications for tickets for the California-Ohio State football game here January 4 have been received by the Tournament of Roses association. It was announced today. This is approximately 24,000 more applications than seats and the association is experiencing difficulties in making equitable allotments of tickets and satisfying the public, the members of the organization and the "owners" for the two teams.

JURYWOMEN ASK LEAVE TO COOK FOR HUSBANDS

LONDON, Dec. 18.—(U. P.)—Women's waverings between love and duty as revealed in their service as jurors making magistrates scratch their stray wigs.

At Bath Quarter Sessions, the first case to be tried by a mixed jury of men and women progressed splendidly until the court adjourned for lunch. The magistrate ordered the trial to be resumed at 3 o'clock. A woman juror at once rose and protested: "I cannot get home and back in time, because I have to look after my husband."

The magistrate gallantly extended the interval by a quarter of an hour.

At another Quarter Sessions, the whole court was started out of its usual calm when two men arrived at 12 o'clock, interrupted the proceedings and asked that their wives who were serving on the jury might be allowed to "come home and cook the dinner."

The women, with tears in their eyes, watched their husbands turned away, doomed to hunger as an alternative to bread and cheese, when the magistrate indignantly ordered them out of the court and asked them not to make "frivolous interruptions." One of the women couldn't understand the word "frivolous" as applied to her old man's dinner, because, as she explained, "He eats somewhat enormously" and to her mind his dinner was a very solid fact.

When women jurors for the first time sat at Wash. Quarter Sessions, counsel stated that the opening case was an unpleasant and indecent one, which woman would not like to try in company of men.

The Recorder said he could not graft any new principle on the law as now framed, and the case was tried by the mixed jury. This puts an end to the system which has hitherto obtained of ordering women out of court whenever any case specially offensive was on the list for hearing.

No that women are learning to fill the job so nicely, male jurymen are trying to slip out of their obligations.

In one court, a daring protester, when his name was read out, replied in a loud voice "On Strike!" He was not called upon to serve.

Meantime the women are taking matters philosophically and placidly. A number of them bring their knitting.

5000 WILL BE ENTERED IN BIG BOWLING TOURNAMENT

BUFFALO, Dec. 18.—(U. P.)—One thousand five-man teams from the United States, Canada and Mexico will compete for \$40,000 in prize money to be distributed in the 1921 American Bowling Congress tournament, which is to be held here February 28 to March 31. Secretary A. L. Langtry, of the A. B. C., at a recent meeting here, said he will obtain 500 teams from the United States, Canada and Mexico. Buffalo will probably supply 100 teams. Sixteen alleys will be in use day and night for the tournament. There is great enthusiasm all over the country, and especially in the west for the tournament. Langtry said, Chicago alone expects to furnish 100 five-man teams, Langtry said.

INCOME TAX Holding Your Wheat

What should the farmer do about his Income Tax return if he is holding his wheat until next year? By all means open up books on the inventory basis and make the return showing wheat on hand as income this year. Do not let it go until next year and have a double shot of income. We will open up these books and keep them for you. This will save you money on your Income Tax. It will give you a permanent business record. It will take the grief out of your Income Tax.

Permission for making your return on the inventory basis must be secured from the Commissioner before February 15th, 1921.

Come in and let us explain this in detail.

Consider These Facts

Consider the Fordson from all angles, especially these few facts which we take pleasure in demonstrating at any time without obligation.

It is easier, quicker and cheaper to do your winter fallow work with the Fordson, traveling six miles per hour than at two or three. That you are getting twice as much work done every day. That you are in the field an hour more every day with the tractor, saving the time spent in hitching, feeding, etc. That you can run all day on an average of fifteen gallons of common coal oil. That your men would rather run this flexible, powerful little tractor all day than herd a bunch of mules. That for handling bulk grain from the combine, hauling it to the warehouse and returning with the empty load it is far handier than mules and a great deal faster. You can travel along any dirt road with your load from six to seven miles an hour and return nearly twice as fast and time saved at harvest time is worth three times as much as time saved any other time of the year.

That it can be used around the ranch for any kind of hauling, quicker and handier than the old way. That it can be moved from place to place and lined up quickly for any kind of belt power. It will run your separator, wood saw, feed grinder, ensilage cutter, hay chopper, water pump, generate your electricity, run the washing machine, churn, etc. No job too small and few too big.

It is used for clearing land, pulling stumps, pulling up shrubbery by the roots, rolling logs, etc., grading and leveling land, grading roads and ditches.

We have seen them used for pulling up old fence posts and stretching fence. In fact there are no uses that the Fordson cannot be put where horse or mechanical power is needed.

Consider the number of horses or mules that the Fordson will replace, consider that the Fordson costs \$891.50 F. O. B., Pendleton. Remember that it uses coal oil or distillate for fuel. Remember the dozens of different uses that you have for it. Remember that the Fordson is like the Ford car in that there is always a dealer near and that it will never be orphaned or laid up waiting for repairs or parts. Then call us a por come in and tell us you want a demonstration on your own farm. We will be glad to do so and with no obligation on your part.
