FRANZEE ASKS JOHNSON TO STEP DOWN AND OUT

NEW YORK, Dec. 22.—(A. P.)—Characterizing as deliberate falsehoods, statements credited to Mr. Johnson relative to the election of directors of the American League, Harry H. Franze, president of the Boston club, today in a letter to Mr. Johnson invited him to resign as president of

PICKS AMERICAN BEAUTY QUEEN 1912 - 1920

NEW YORK—Miss Ruby de Remer, stage and motion picture actress, is the 1920 American beauty queen. In the judgment of no less an authority than Paul Helleau, famous French artist, Helleau thinks American women are the most beautiful in the world. Eight years ago he picked Mrs. Leonard M. Thomas, now Mrs. John Barrymore, as the finest example of American beauty. Miss de Remer, his 1920 choice, is a Colorado girl who makes her home in New York. Picture shows Mrs. Barrymore (left), Miss de Remer (right) and Helleau (below)

the league, and declared there can be no peace while both remain in the American league.
The statements credited to Mr. Johnson and to which Mr. Franze took exception were:
"The league had always resorted to the ballot instead of using the usual rotation method for the election of the board of directors, when it was found the rotation method would bring an

undesirable member to the board," and "it was the sentiment that two members be not brought into the directorate as they attempted to wreck the American league."
"I had hoped that you had learned something in the past two years," Mr. Franze's letter continued, "and since the agreement of peace was reached in Chicago I have refrained from making any comment, but upon this un-

called for attack upon Mr. Coniskey and myself, I think it is about time for you to stop making threats and prove some of the many misleading statements and assertions that you have made, regardless of the attitude of anybody else in the American league. I want you to know that from this time on, there can be no peace as far as I am concerned, while you and I remain in the American league.

"If you have any sense of justice or realization of the harm you have caused baseball, or had one spark of manhood, or any regard for the game which has made you possible, you would tender your resignation as president of the American league before causing any further harm.
If you wish to go into any discussion, either privately or publicly, of our relations since my connection with the American league in 1916, I will be pleased to meet you at any time or place you mention. But, in the meantime, I strongly advise you to eliminate any further attacks upon the Boston American league baseball club or me personally."

FORCE ACCOUNT WORK IS ADVISED BY COUNCIL

Force account construction of city works is to be attempted again, according to a decision made by the city council at its weekly meeting last night. It rejected the only bid for the construction of 34 crosswalks and ordered the city engineer to do the work by force account when the weather conditions are such that the laying of cement will be feasible.

Frank Duprat, the only bidder, submitted a figure of 49 cents a square foot. The street committee reported that the walks should be laid at a saving of one-third and this will be tried out. Recently the city saved one-third on the laying of several blocks of sewer on Turner street and has been painting its half of the Lee street bridge by force account on the city street superintendent's account.
A petition from residents of West Railroad and Oak streets for a street light at that intersection was allowed. The matter of a special appropriation for the services of the city attorney, who has been at Portland attending the hearing of the telephone rate case, was laid upon the table.
Bills and other routine matters occupied the attention of the meeting, which was brief. George A. Hartman, mayor-elect was present to get in thorough touch with proceedings. The meeting next Wednesday will be the last of the present council.

MASTER MIND OF BIG BOOZE RING IS GUILTY

SAN FRANCISCO, Dec. 22.—(A. P.)—Harry Broloski, a broker was sentenced here yesterday to two years' imprisonment and a fine of \$10,000 and his co-defendant Douglas Newton to two years and the payment of a \$5,000 fine following their conviction in federal court here on a charge of conspiring to violate the federal prohibition enforcement act. Broloski had been termed by federal officers the "mastermind" of a widespread liquor conspiracy.

FOOD FOR CHILDREN TO GO FROM LOCAL FIELDS

Straight from the wheat fields of Umatilla county will go food for the starving children of Europe, for Robert E. Smith, state chairman of the drive, has accepted the county's offer of 1215 barrels of flour, valued at \$7,715.25 in lieu of a cash donation. J. V. Tallman, county chairman, wired Mr. Smith and states that the funds collected in this county would be used to buy the flour which is to be shipped in fute bags, comprising three carloads. Local men originated the idea in connection with the "Buy a Barrel of Flour" campaign.

Mr. Tallman is confident that the entire county is over the top for the entire quota, although he has not yet received official notification. Pendleton, whose quota was \$4995, has fulfilled the obligation, and it is thought other communities have also.
Hermiston reported in today with \$436.46 for the European relief fund and has still more coming. C. S. McNaught, local chairman, advised C. K. Cranston, of the Pendleton Commercial Association, that the west end community was asked for \$400 and already has exceeded its quota. Mr. McNaught said he would retain the receipt books until all the money had been turned in to him and the balance will be forwarded to headquarters here.
