OHIO TEAM WILL BE HEAVIER THAN BEAR ELEVEN, DOPE SHOWS

Hugkiest Californian Weighs 190 While Buckeyes Have Four Over or Equaling That Weight; Stars Are Light.

PASADENA, Cal., Dec. 25.—(A. P.)—When the Ohio State football players—undefeated champions of the Western Conference—dig their toes in the gridiron here New Year's Day against the University of California team—champions of the West—Ohio will have a slight advantage in the weight problem.

The team average of the Buckeyes is 182 pounds as against a 176 pound average for the Californians. In the line, the average weight of the Ohioans is 182 pounds while the average of the California forward wall is 181 pounds. The backfield of the Buckeyes also is the heavier, the combined weight totaling 527 pounds. The total weight of the California backfield trio is an even 500 pounds.

California will not have a player in the game weighing above the 190 mark, while Ohio will start two players scaling above that figure and two others tipping the beam at exactly 190 pounds. William, the plunging fullback of the Buckeyes, scales 205 pounds, and Nemecek, at center, weighs 203 pounds. Trot and Spiers, two linemen, are 190 pounders. "Pete" Stinchcomb, the sensational half back is the lightest player on the Ohio squad—scaling only 152 pounds.

The weight of the California backfield is more evenly distributed than that of the Ohioans. Morrison, the fullback is the heaviest of the trio, weighing 175 pounds. Sprott at left half weighs 167, and Toomey at right half balances the beam at 148 pounds. Erb, the quarterback, is the lightest player on the California eleven. He weighs only 145 pounds.

Here is the "tape" and other statistics on the rival players:

Where's Your Bread Buttered?

WHAT makes your community a prosperous one? You don't need to do a "Sherlock Holmes" to figure out that the industries of a state or community are the sturdy oaks around which the vine of prosperity twines. And that the successful development of an industry depends upon the quality of the product and a market.

Oregon manufacturers are putting the quality into their products; you can help extend their market by asking for "Oregon Made" when you buy. And incidentally put more butter on your own bread.

NO HAMON WILL IS FOUND SAYS ATTORNEY

KANSAS CITY, Mo., Dec. 25.—(A. P.)—Jake L. Hamon, late republican national committeeman from Oklahoma, left no will and reports that there is a document naming Miss Clara Smith as a beneficiary are erroneous as far as he can ascertain, according to a statement last night by Fred Ellis of Ardmore, Okla., attorney for Mrs. Jake L. Hamon, the widow.

Mr. Ellis, who said he was here on business in connection with the Hamon estate, declared that he and others interested had made a thorough search of Mr. Hamon's personal effects and had failed to find a will.

"He told me shortly before he received the wound which caused his death that he had not made a will but that he expected to do so before long," Mr. Ellis said. He added that he had first heard there was a will making Miss Smith a beneficiary through newspaper dispatches. According to press dispatches, Miss Smith would receive \$4,000,000 under the terms of the purported document.

Fourth Reported Share

KANSAS CITY, Dec. 25.—(U. P.)—Jake L. Hamon, Oklahoma's multimillionaire, left no will according to Fred Ellis of Ardmore, attorney for Mr. Hamon's widow. He said so far as he could learn there is no truth in a report that the late republican national committeeman left a fourth of his estate to Clara Smith Hamon, now charged with his murder. Ellis explained that he had made a thorough search of Hamon's effects without finding a will. Furthermore, Ellis said, Hamon told him shortly before his death he had made no will.

TAYS ACCIDENTS TO HORNS

TACOMA, Wash., Dec. 25.—(A. P.)—Abolition of auto horns it is said, would prevent automobile accidents, according to F. H. Sweetland, Tacoma, president of the Evergreen Highway Association, who has asked the city council to abolish horns here.

"This would place the burden of not hitting pedestrians entirely upon drivers, where it belongs," he said.
