G. A. R. CIRCLE IS INSPECTED.

Annual inspection of McPherson Circle, number 24, Ladies' of the Grand Army of the Republic, was an event of Friday afternoon, the inspection taking place in the club room of the county library. The department president, Mrs. Carrie Courter and the department inspector, Mrs. Lucy Beck, both of Portland, came to Pendleton for the occasion and the officers were welcomed and extended many courtesies by the local circle. A social hour followed the business session and a buffet luncheon was served.

Preparations are underway for the Grand Army convention which will be held in June and many of these are being taken up by the G. A. R. ladies.

HOLIDAY WEEK ARRIVES

Festivities of the post-Christmas week will be launched this evening with a dancing party in Eagle-Woodman hall, the annual ball of the Phoenix Club, which is on each occasion one of the most attractive affairs of the season.

The Hallowell concert and dance to be given here tomorrow evening, sponsored by the American Legion will claim hosts of music lovers who remember the players' splendid appearance here previously, while on Wednesday the Bachelor Girls are to entertain with their annual ball, a dancing party also of promise.

The two dances of the girls' clubs, however, are invitational affairs, while the place of Tuesday's concert on the benefit program will be shared by an event of New Year's eve, the first annual ball of the Pendleton Woman's Club. Scores of folk are anticipating the affair and tickets are being sold for \$1.50. Charming appointments will mark the ball which will benefit the club, an organization which, since its inception a year ago, through civic club efforts, has absorbed the civic club and spread its influence as the most inclusive and perhaps most active of women's organizations in Pendleton. Proceeds from the ball will further the work of the club.

JOHNSON SAYS DISARM AS SURE WAY TO PEACE

WASHINGTON, Dec. 27.—(U. P.)—Universal disarmament was urged by Senator Johnson today in a brief speech before the senate. He read a newspaper article, describing the sentiments in the near east, and used this as a text for his argument against the league of nations and for disarmament as the surest way to avoid future wars.

"One great step that can be taken by the great powers of the world to prevent future war is disarmament," he said.

"If the five great powers will get together in this step it is possible to take it. It is interesting that some of those who for the past two years have been trying to get us into the super-government, to embroil us in Europe's troubles are now advocating disarmament by agreement among the great powers as a preventative for war instead of the league of nations which they so loudly urged us to take."

YEP! SHE'S THE SAME GIRL

PARIS—Ever hear of a "Jekill and Hyde" face? Miss Blanche Norel, a French actress, is. When she smiles she's as pretty as a picture. But when she pushes her mouth out and shows her eyes—horror! Hence Paris is calling her the prettiest and ugliest woman in France. Many directors have asked her to act for them, but Miss Norel sticks to the legitimate stage.

NEGRO MURDERER OF POLICEMAN LYNCHED

JONESBORO, Ark., Dec. 27.—(A. P.)—Wade Thomas, a negro who Saturday night shot and killed Policeman Elmer Hagland during a raid on a dice game, was taken from the jail last night by a mob of about 400 citizens and after being paraded through the business streets, was hanged to a telegraph pole near the scene of his crime. The body was then riddled with bullets.

200 REFUGEE KIDDIES ARE TAGGED ON SHIPS

NEW YORK, Dec. 27.—Two hundred children of the officers of General Wrangel's staff, sons and daughters of generals, colonels and captains, were among the 100,000 Russian refugees brought to Constantinople harbor by ships of the Allied nations when the Bolshevik broke down Wrangel's defense and overran the Crimea.

Many of them were orphans, their fathers having perished while fighting the bolshevik. One was the daughter of the minister of finance of the Wrangel regime. All were nearly famished when the vessel on which they had taken refuge arrived here, for the ships' larders had been exhausted.

So hard pressed were all the refugees to obtain food that they threw diamonds and weapons or any other valuables into the boats of traders from Constantinople in exchange for anything eatable.
