OFFENSIVE OF BADGER ELEVEN IS CENTERED ABOUT 155-POUND MAN

Pete Stinchcomb is Dodging Line Plunger and His Mates, 295-Pound Willaman, and Hoge Workman, Loom Large

COLUMBUS, Ohio, Dec. 29.—(A. P.)—Ohio State University's football team which will play the University of California eleven at Pasadena, Cal., New Year's day, while famed as a last-minute finished and a great forward passing aggregation, also has plenty of defensive strength and ability to present a straight football offensive in which line plunges and off tackle dashes predominate.

The straight football attack centers around Pete Stinchcomb, All Western Conference halfback, who bucks the line despite his weight of only 155 pounds, or circles the ends for long gains. Stinchcomb was called the "dodging line plunger" in the Western Conference, for, while a heavier man would plow into the line, he goes in sideways and twists through.

Next to Stinchcomb, Willaman, the 295 pound fullback, probably is the greatest aid to his team's straight football offensive. Willaman was hurt in one of the early games and missed several of the championship contests. Opposition coaches concede that with Willaman in the lineup Ohio State would not have had so many close calls. Willaman is a powerful line plunger. In addition he is rangy on the defense.

Workman is Good Kicker. Hoge Workman, at quarter, is the best forward passer in the middle west and an excellent kicker. His punts average 10 yards, and he is a dependable goal kicker. The Ohio State serial attack centers around Workman, Blair and Henderson, who alternate at the other half back position, will not be as strong offensively as Stinchcomb, for splendid interference. On many plays Stinchcomb trades positions with them, so that they do not carry the ball nearly so much as does Stinchcomb. Both are good on the defense.

At end Myers is a dependable tackler and a sure receiver of passes. On the other end, Szyker and Noel Workman alternate and both have shown themselves steady players. Workman is adept at receiving his brother's forward passes and Szyker, while not so good at this angle of the game, excels in general defensive work.

Captain Huffman, a tackle, is a power at opening holes or blocking plunges. A hard working, steady player, he ranges from one side of the line to the other on the defense so that he gets in every play. Spires, at the other tackle, proves a good running mate for the team's captain while Trot and J. Taylor, the guards, are able to give the tackles and help they may need for Nemecek at center needs assistance from no one.

Coach Witce also has a good array of substitutes. C. Taylor, particularly, being virtually of varsity caliber. C. Taylor took Willaman's place at fullback when the latter was hurt, and while not quite the equal of Willaman, he held down the position with credit.

TACOMA, Wash., Dec. 29.—(U. P.)—W. Hackett has been recalled as judge here and Roger Storey, ex-sergeant major in the Canadian expeditionary forces, has been elevated to the bench in his place.

The court over which Hackett presided was the "kangaroo" tribunal in the Tacoma city jail. Fellow prisoners complained the judge was getting too hard-boiled.

"Let's recall him," one suggested. The eyes had it.

TACKLES PAVED ROAD FOR CALIFORNIA GAINS

SAN FRANCISCO, Cal., Dec. 29.—(A. P.)—Attacks against opposing lines, mainly off tackle, featured the 1920 offensive of the University of California's undefeated football team which is to play Ohio State at Pasadena, Cal., New Year's Day.

California made little use of the forward pass this year, probably because at no time was the team ever hard pressed. Only in the game against Stanford University did the Blue and Gold men "open up" and show they were effective in an aerial offensive. In the last period, with the game already won, California tried several passes and most of them were successful.

Charges through center have scored nearly as many California yards as late hucks off tackle. End runs have also brought in gains. But the main attack has been off tackle, with the two big Blue and Gold tackles clearing the way for the backfield men.

Throughout the season the California men showed they had been drilled in interferences. In running back the ball from kicks and in end runs and in work the interference has been a feature.

WHITE SOX WILL HAVE PRELIMINARY HEARING AND TRIAL IN JANUARY

States Attorney Says Players Will Come Before Court in Three Weeks on Charge of Throwing World Series.

CHICAGO, Dec. 29.—(A. P.)—The preliminary hearing for the eight Chicago American league baseball players and five alleged gamblers who were indicted by the Cook county grand jury in connection with the alleged "throwing" of games in the 1919 world's series will be held within three weeks and the trial will begin shortly after, State Attorney Robert E. Crowe announced last night.

Mr. Crowe assigned George E. Gorman, second assistant state's attorney, to handle the case and ordered him to prepare for immediate trial. Mr. Gorman said he expected to devote the next few days to a study of the grand jury investigation and that he then would set definite dates for the preliminary. He refused to discuss the trial of the Pacific coast league players who were the judge ruled that "throwing" games was not a criminal offense but said that he would ask the attorneys who handled the prosecution of the case for the records of it so that he could see what bearing it might have on the trial of the major league players and the men charged with bribing them.

Eddie Cicotte, Joe Jackson and Claude Williams confessed their share in the scandal to the grand jury, and Oscar Felsch was quoted by newspaper reporters as confessing to them but Felsch, "Buck" Weaver, "Swede" Rieber and McMullin have officially denied that they were guilty and have hired counsel to defend them. Jackson and Williams have been quoted in press dispatches as saying they "would be back in baseball next season." Chick Gandil, the eighth player indicted, has not announced his plans in regard to the trial.

ARIZONA WILL RECLAIM ANOTHER DESERT WASTE

PHOENIX, Arizona, Dec. 29.—(A. P.)—Arizona is about to reclaim another big desert valley. Eighty five thousand acres in the Paradise Valley are to be brought under irrigation by means of a reclamation project costing approximately \$15,000,000.

Announcement by George D. Christy, Phoenix counsel for the Paradise Valley irrigation district, as the association of landholders is known, that the financing of the project has been arranged in complete detail, has been followed by preliminary engineering work on the reservoir and damsites. A New York banking house has set aside the \$15,000,000 for the project under a contract by which it is to receive bonds of the irrigation district and also is to be the preferred purchaser of electric power developed by the project.

The Paradise Valley parallels the Salt River valley, in which Phoenix is located. The Paradise valley is north of the Salt River section and is separated from it by the Phoenix range of mountains.

Several hydroelectric power plants, planned to develop 20,000 horsepower are to be constructed. All canals and laterals are to be of concrete construction in order to minimize loss of water in transit from the reservoirs from the lands to be served, Mr. Christy said.

Are You Suspicious of Your Health?

One may not be actually sick, yet feel so tired and languid, low-spirited and ambitious, that he can not truthfully say he is in good health. The kidneys work all the time, night and day, and it is no wonder that they become weak, sore or diseased. Nearly everybody suffers from kidney trouble or bladder ailments. Nature gives warning signals by backache, lameness, stiff joints, sore muscles, rheumatic pains, puffiness under the eyes and blurred vision.

RELIEVED HIS BACKACHE FOLEY KIDNEY PILLS

"It gives me great pleasure to recommend Foley Kidney Pills as in my case they relieved me of a severe backache that had bothered me for several months. A few bottles freed me up in good shape."—J. G. Wolf, 724 S. Jackson St., Green Bay, Wis.

Weak Lungs

Those who have weak lungs can not be too careful about taking cold, as unless promptly treated, pneumonia may follow. As a prompt cure for bad colds no one could wish for a better medicine than Chamberlain's Cough Remedy. The success that has attended the use of this preparation, not only throughout the United States, but in many foreign countries, shows that it is a remedy that can be relied upon. It is pleasant and safe to take and only costs 25 cents; large size 60 cents.

A Good Cough Medicine

It speaks well of a cough medicine, when druggists use it in their own families, in preference to any other. J. Goldsmith, druggist, Van Etten, N. Y., writes: "I have sold Chamberlain's Cough Remedy for years, with complete satisfaction to myself and customers. I have always used it in my own family, both for ordinary coughs and colds and for cough following the grip and find it very efficacious."

For Indigestion and Constipation

There may be people in this vicinity who are affected with indigestion and constipation, and if so, they will be interested in the experience of Mrs. H. C. Getty, Indiana, Pa. When visiting in Mt. Jewett, Pa., Mrs. Getty was advised to try Chamberlain's Tablets for indigestion and constipation, and says: "This medicine not only cured me, but toned up my whole system, so that my health has been better than for years, since taking it."

The Joy of Living

No one can reasonably expect to get much pleasure out of life when his bowels are constantly constipated. A few doses of Chamberlain's Tablets will move the bowels, strengthen the digestion and give you a chance to realize the real joy of living.

To Sculpt Republicans

Moses Walter-Dykaar, famous sculptor, is moving his studio from New York to Washington, now that the Republicans are about to return. Sculptors found the Democratic administration "poor pickings," but there are expected to be plenty of G. O. P. leaders who will wish to leave behind them likenesses in stone. Walter-Dykaar is shown here at work on a bust of Maj. Gen. G. O. Squier for the National Museum.
