### NEW TODAY ON PAGE 5

#### PETAL FROCK

So dainty and ingenious is this petal frock that its sleevelessness does not detract at all. It is of chiffon cloth and each of the "petals" is formed of a square of the chiffon caught up at its upper corners to form the petal effect, instead of being cut in that shape originally. The effect is such softer and more youthful.

#### Buying by Eastern Mills

##### Rulls Chicago Wheat Market

CHICAGO, Jan. 1.—French strength developed in the wheat market Friday owing largely to signs of further improvement in domestic milling demand. Prices closed firm 1-2 to 2-2 net higher with March 1.53 3-4 to 1.59 and May 1.52 3-4 to 1.57.

Corn finished 3-4 net lower to 3-5 advance, oats 1-2 off to 1-4 2-3 gain and provisions varying from 3c decline to a rise of 5c.

Buying credited to eastern mills was a feature of the late trading in wheat and served to emphasize generally accepted opinion that the stocks of all flour buyers are low and that active competition between millers and exporters was in prospect. In this connection it was pointed out that facilities for the movement of Canadian wheat all rail for export are limited, and that European inquiry for wheat by way of the Gulf of Mexico has been of unprecedented volume for a holiday period. Pilling-off in receipts northwest counted, too, as a bullish factor and so likewise did a statement from the Chicago federal reserve bank that there had been lessening of the credit stringency in the middle west. Corn was relatively weak as a result of month-end liquidation. Oats were dull and followed corn.

Packers buying rallied the provisions market for declines due to low quotations on hogs.

Year in Stock Exchange Ends With Upward Trend

NEW YORK, Jan. 1.—On the stock exchange the year closed with an active and vigorous upward movement, many issues making overnight gains of 2 to 5 points and extreme advances of 10 to nearly 20 points from recent minimum prices.

The rise, which included every important division of the list, was most noteworthy among speculative industrial and specialties, rails making relatively little progress and easing perceptibly at the close.

Waiving the more or less optimistic views of authoritative interests in the west, the day's news offered little if any explanation for the strength of the market, apart from an obviously over-sold condition.

Further price cutting was reported by independent steel producers, mercantile agencies issued preliminary figures on the increase of "business mortality" during the year and the irregularity of foreign exchange indicated additional credit strain in Europe and at more remote points.

Final prices of leading stocks were one to three points under their best, leading sales and a fraction in leading, which asked for an extension of time to file its dissolution plan, imparting some irregularity to the last hour's trading.

Sales amounted to 1,150,000 shares. Bonds gave promise of a strong and unusually active session, but fell away later. Liberty bonds also were strong. Total sales, par value, \$24,775,980. Old U. S. bonds were unchanged on call for the week.

The only striking feature of the weekly clearing house statement was a decrease of about \$15,500,000 in actual reserves, reducing the total excess to barely more than \$11,000,000. Reserves of members at the federal reserve bank showed a contraction of nearly \$17,380,000 and loans increased by about \$8,400,000.
