### MR. KEARNS TAKES BRIDE

Of interest to Pendleton people is the news of the marriage of William Kearns, formerly of this city, to Miss Virginia Riblet, of Spokane. Mr. Kearns is well known in Pendleton, having been associated with the F. W. Collins grain office here. Since leaving the city he has been in charge of the Collins agency in Portland and is now in charge of the Seattle office. The Spokesman Review chronicles the marriage as follows:

The marriage of Miss Virginia Riblet of this city and William Kearns of Seattle took place Friday evening at the country home of the bride's parents, Mr. and Mrs. Byron Riblet, on the Little Spokane. The ceremony was performed at 7 o'clock by the Very Rev. Dean Hicks of All Saints' cathedral. Only the immediate members of the family were present. Miss Hallen played the wedding music and Frank Atkins of Seattle was the best man.

The living room of the Riblet home, where the ceremony took place, was decorated in Christmas colors and the bride looked lovely in a wedding dress of white satin with a long court train caught with orange blossoms. The bodice was of silver lace with a collar of real point and the veil was held in place with a coronet of real lace fastened with orange blossoms. The bride's bouquet was of freesias, lilies and roses. The tulle was used also on the skirt forming fluffy, petal shaped flounces.

Following the ceremony a wedding supper was served with covers laid for 12. The chief decoration was a huge wedding cake which the bride cut. Mr. and Mrs. Kearns left last evening for Seattle where they will make their home.

The bride is a member of a prominent Spokane family, her father being a mining engineer. She was educated abroad and after her debut here was prominent in charitable work. Miss Riblet has been in Seattle this fall visiting old friends.

Mr. Kearns is a Canadian by birth, coming from Ottawa, but has resided for the last few years on the Coast, in Portland and Seattle. He was a member of the Royal Flying corps during the war and is a member of the College club and the Country club in Seattle.

## FINDS STANDARD OIL HAS TRADE MONOPOLY

WASHINGTON, Jan. 3.—(A. P.)—The Standard Oil Co., through long time contracts, has a monopoly in the production, transportation and mar-

keting of petroleum and petroleum products throughout the Rocky Mountain Section declares a report sent congress by the federal trade commission.

"With every form of commercialized devilry preying upon the morals of the growing generation, Kansas never was so sorely in need of an organized band of men—such as the Legion members could be—to help in the fight to save our boys and girls," said McKeever. "If not for their own sake, I ask it for the sake of their wives, sisters, sweethearts and their little babies living or yet to be born—ask them to turn from the selfish cigarette, its soulless master and come out on the side of Christ and Kansas."

"There is greater concentration in the control of production of crude petroleum in the Wyoming oil field than in any other field in the U. S.," the report says, which adds that the only other crude oil activity in the region is the comparatively small production in Colorado.

"The mid-west refining interests," it continues "are controlled by the Standard Oil Co. of Indiana through contracts expiring Jan. 1, 1934. The Standard companies now control the bulk of the crude petroleum producing in Wyoming."
