Including Pendleton Prices and Associated Press Reports

Weston Potatoes

Weston Mountain potatoes are selling in local stores for \$2.25 a sack. Only a small part of the potato crop has been dug because of poor weather conditions and it is doubtful if the remainder of the tubers will be taken from the ground.

Because of the season, fresh vegetables show little variety, and it is probable that they will not be plentiful before the latter part of March. Imperial Valley head lettuce is in the market and retails for 15 cents a head.

The price of eggs is lower than for some time in the past. They retail for 45 cents a dozen.

Stock Exchange Is Opened With Extension in Rally.

NEW YORK, Jan. 4.—The year on the stock exchange began with a tentative extension of last week's rally, followed by irregular heaviness at

midday and a vigorous recoil in the last hour with many substantial gains at the active close.

Almost the sole exception was Atlantic Gulf, which fell 7 points to the new low of 43, recovering only a fraction.

Oil, steel, copper, tobacco and motor specialties led the rebound, together with General Asphalt, which had a net gain of 7 1-2. Sales \$90,000 shares.

Forecasts of the new year were partly hopeful, but there was no effort to minimize the belief that further economic readjustment must precede a clearing of the financial skies.

Adverse happenings over the recess included announcement of more bank failures and dividend suspensions, an increase of unemployment, reduced exports and the further decline of railway tonnage from western to eastern points.

President Wilson's veto of the war

finance resolution followed by its adoption by the senate, was in keeping with expectations and exerted no influence in the securities market though probably helping to stabilize quotations in grains and cotton.

The money market was almost stagnant, demand loans holding firm at 7 per cent. Release of January interest and dividend payments was without visible effect and failed to exert more than a casual investment inquiry.

Foreign exchange was mixed, sterling improving while French, Spanish and Greek remittances weakened. Material accessions to last year's heavy gold imports were announced.

Bonds were dull but firm in the main, most liberty issues making substantial advances. Total sales, par value, \$13,250,000.

Export Buying Talk Puts Chicago Wheat Price Higher

CHICAGO, Jan. 4.—(A. P.)—Unusually sharp advances in wheat prices took place Monday owing in the main to talk of heavy export buying and to the senate passing the war finance act over the veto. Closing quotations were strong, 7 1/4 to 9c net higher, with March 1.75 1/4 to 1.76 1/4 and May 1.71 1/4 to 1.71 3/4. Corn gained 1 1/2-2 1/4; oats 1/2 @ 5-8 to 2 1/2-8 and provisions five cents 4 1/2c.

Wheat values rose to the highest levels yet this season for May and to the best figures since the first week in December for March. From the outset there was an active demand from houses with eastern connections, whereas offerings were light. Besides, export purchases in the south west were said to have been on a large scale and to have included 200,000 bushels for France. Improved domestic call for flour was also noted. Topmost prices of the day were reached after news came that the senate had overridden the presidential veto of the war finance measure and that the house would probably follow suit. Corn and oats sympathized with wheat. In addition corn was bullishly affected by export business at St. Louis and Baltimore.

Provisions were lifted chiefly as a result of grain strength.

ROLLING STONE GATHERS MOSS FOR N. Y. YOUTHS

NEW YORK, Jan. 4.—(A. P.)—For ten cents a year and up 7,000 boys of New York's East Side enjoy all the fun facilities that a seven-story club house can provide. They are members of The Boys Club, the largest organization of its type in the world, devoted solely to furnishing wholesome recreation to the youths of the congested tenement district surrounding it.

Any youngster in that part of the metropolis can be a member, if he is between 7 and 21 years old. Annual dues are paid according to heights, beginning with a modest dime for those under four feet, four inches, and growing with the boy himself.

Happy Though Clean
The club has taught the East Side gamins how to be happy though clean by providing a big swimming pool. Fringed around it are gymnasium game rooms, billiard parlors, and above six more floors devoted to club rooms and other amusement areas. Within the Boys Club itself there are 40 separate clubs, each with adults as leaders. Two-thirds of these leaders were army officers during the war.

Dividing popularity honors with the swimming pool is a lunch room where a cup of cocoa sells for a penny and cookies to go with it for a similar sum. Pretzel peddlars and handorgan virtuoses steer clear of the neighborhood of the club, for the boys have their own sets and own music making instruments.

In the daytime there frequently are only a few hundred youngsters within the clubhouse and comparative quiet exists. But after the schools release their pupils and the working boys finish the day's business duties, the roof has a hard time staying on.

Don'ts are few
There are few "don'ts" and fewer "must do's" in the club, and each member enjoys himself as he is wont. Those desiring to "shoot a game" of pool do so, and those with penchants for painting, dab the canvases to their

heart's content. Several of the boys study in the National Academy of Design and one of the portraits hanging in the Metropolitan Museum of Art was done by a member of the club.

One evening each week each of two hundred men of the city make themselves boys again just for the night. They are the leaders of the various subsidiary clubs and organizations. Some of these men are college graduates and barons in the business world. One of the founders of the club was a famous figure in America's railroad and financial circles—the late E. H. Harriman. With him in the early work of building up the organization were several Yale graduates.

As the story goes Mr. Harriman was conferring at the settlement club one night forty-four years ago when a rock broke through a window pane and whizzed past his ear. Not to have the East Side youngsters resort to rocks and stones and "the rolling bones" for their fun, he thought a well equipped clubhouse necessary. And soon it came into being, never to stop growing.

WANTS IMMIGRATION STOPPED.

WASHINGTON, Jan. 4.—(A. P.)—Chairman Johnson of the house immigration committee, argued at a hearing today for temporary suspension of immigration.
