Too Rapid Wheat Rise

SEATTLE, Jan. 5.—Eggs—Select lo-cal ranch white shells 58c; pullets 58c. in price Thresday, largely as a reaction Butter—City creamery, in cubes, 48 from the sudden preceding big ad-space; bricks or prints 51 gr 55c; sec-wance. Closing quotalions were heavy vance. Closing quotations were heavy 2 to 4c net lower, with March 1.73% ed.

To 1.73% and May 1.57% to 1.65.
Corn lost 1 to 1% c and oats 1-8 to ½ si-5-3. In provisions the outcome varied from 10c recession to a like advance.

It was a generally accepted opinion in the wheat trade that the upturn in values yesterday had been too rapid ruesday's stock market, their variable and that the time was opportune for

values yesterday had been too rapid and that the time was opportune for longs to realize profits. Hesides, milling demand appeared to have diminished and there seemed to be a pause in export buying. Gossip was current The heavy tone of rails was a distinct discontinuation for traders who is expert buying. Gossip was current also that the Egyptian government would try to re-sell 11,000,000 bushels of wheat that had been contracted for in Australia. Action of the house of representatives at Washington making certain the revival of the war finance contains the revival of the war finance contains the revival of the same contains the revival of the same contains the revival of the same contains character, although not corporation had but little effect on confusing character, although no prices, having evidently been discountlacking in constructive elements. Ex

the unequalled volume of unimpeace able testimeny in favor of Hood's Sar-prices, having evidently been discount-lacking in constructive cleanage on London was strong, a moderate so long delaying to take this effection including wheat, was generated price of refined copper and partial regrain, including wheat, was generated by heavy receipts of corn. from industrial centers where stagna-tion recently ruled.

These developments were neutralized to an extent by more bank failures at western agricultural points, further price cutting by independent steel profucers and additional wage reduction in the textile and affiliated trades.

Oils and shippings, as typified by Mexican Petroleum and Atlantic Gulf were the chief reactionary features. Mexican petroleum made an extreme reversal of nearly ten points and Atlantic Gulf replaced a four point de-cline to a new low record with a net gain of 1 3-4 points. Much of the rebound in the final dealings was ascribed to short covering. Sales amounted to \$25,000 shares.

No perceptible relaxation of money ates was shown, although offerings of

ime funds were more liberal.

Trading in bonds was again only noderate, but the trend was unmistakably upward, many speculative issues participating with representative oferings. All the liberty and victory flotations closed at gains. Total sales, par value, \$14,375,000. Old U. S. Bonds were unchanged or

## TOKIO IN FLURRY OVER BARING OF BIG GRAFT

TOKIO, Jan. 5 .- (By Henry Kinney, U. P. Staff Correspondent.)—The city of Tokio has been excited by the discovery of widespread graft in the municipal government. Numerous arrests have already been made and the police ay that many more will follow. Cap-tain Shiroki, chief of the criminal investigation section of the police, says that he feels certain that there is not a single municipal enterprise in the Japanese captial which will not show

rregularities.

The investigation so far has concerned itself mainly with the street im-provement and sewer departments of the city government. The persons ar-rested include a number of officials the city government. The persons arrested include a number of officials and contractors. It has been found that exorbitant sums have been paid by certain officials for the gravel which is the principal material used in road and street construction, large bribes having been given freely by groups of contractors. Graft was shown in the construction of the new great Meiji shrine, opened with great pomp in comemoration of the late Emperor. This made a great impression on the people, who feel that at least that energing the price of a kilo (2 1-3 pounds) of ordinary bread used to be equiva
