GIRL WANTED THRILL, BUT IT HAD KICK BACK

SEATTLE, Jan. 5.—(U. P.)—Miss Fay Engstrom, a cultured, modest, staid appearing girl of 21, who served in the United States navy during the war as a naval draughtsman's assistant at the Bremerton navy yard confessed to the police she had turned highwaywoman for excitement. Miss Engstrom with a dapper young man as an accomplice attempted, it is alleged, to hold up a man late last year. Their alleged intended victim turned out to be detective who "got the drop" on the girl just as she is reported to have "stuck him up." William Haskell, aged 19, captured in company with Miss Engstrom, told police he had gone along with her because he loved her and wanted to be with her if anything happened. Haskell, who served in the navy during the war, met the girl at Bremerton recently.

Quaker Minister Is Grateful to Tanlac

REV. PARKER MOON, CARTHAGE, MISSOURI

Nearly everybody in Southwest Missouri either knows or has heard of the Rev. Parker Moon, who for a full half century has devoted his life and talents to Sunday school and organization work for the Society of Friends or Quakers. He resides at 624 Howard avenue, Carthage, Mo.

"Uncle Parker," as he is more familiarly known, came from fine old rugged Quaker stock, and there is not a better known or more highly respected citizen in that part of the state. In referring to his remarkable restoration to health by Tanlac, he said: "About five years ago I suffered a general breakdown. My principal trouble was nervous indigestion. My appetite was very poor and my food seldom agreed with me, and I had to live on a very restricted diet. I suffered a great deal from headaches and dizzy spells. I had severe pains across the small of my back and was badly constipated most of the time. In fact, I was so weak and rundown I was not able to attend to my duties. "This condition made me very nervous and I could not sleep at night. Frequently I would be awake most all night and was in that condition more or less for five years. My physician said he could not do anything for me and suggested a change of climate. I then moved to Texas and went back and forth three times but did not get the relief I had hoped for. Finally, I got so bad off I was not able to get around with any degree of comfort. I was also told I had heart trouble.

"I had read about Tanlac and, as it had been very highly recommended to me, I decided to try it. I got a bottle and had taken only a few doses until I could notice a marked improvement in my condition. I noticed especially that I was not troubled any more with sour stomach after eating, which was a great relief.

"I kept on taking Tanlac until I fully regained my health. My appetite is splendid; I enjoy my meals and I do not find it necessary now to take any laxative medicines of any kind. I can sleep much better and am not nearly so nervous.

"I take great pleasure in recommending Tanlac to anyone who needs a good system builder, or who suffers with stomach trouble. I have recommended Tanlac to a great many of my friends and am pleased to reach others by giving this statement for publication."

Tanlac is sold in Pendleton by Thompson Brothers.

Will Oregon Pay for Its Telephone Service?

The Telephone Company is asking the State of Oregon for an increase in telephone rates. As shown by the following figures taken from an exhibit just filed with the Public Service Commission, it is now and for some years past been operating at a loss.

GROSS REVENUE, EXPENSE AND NET REVENUE YEARS 1916-1919, INCLUSIVE ACTUAL; YEAR 1920—9 MONTHS ACTUAL, 3 MONTHS ESTIMATED.

	Year 1916	Year 1917	Year 1918	Year 1919	3 Mos. Estm.	Year 1920
Gross Revenue	\$2,269,082.69	\$2,552,351.15	\$2,809,304.05	\$3,445,848.83	\$4,156,700	\$4,156,700
Expenses	2,004,011.32	2,342,401.99	2,568,314.02	3,482,614.97	4,126,600	4,126,600
Difference	265,071.37	209,949.16	240,990.03	(loss) 36,766.14	30,100	30,100
Interest and Dividends to be paid out of above difference	514,778.65	549,064.85	594,675.33	653,412.82	721,500	721,500
Deficit	249,707.28	339,115.69	353,685.30	690,178.96	691,400	691,400

With such results it is not possible to develop or satisfactorily maintain a telephone plant. Such a showing to the investor will not enable us to obtain the outside funds necessary for extensions and permanent improvements.

Oregon must and will grow. To play its part in this growth the Telephone Company must have added revenue.

We are asking for rates which will enable us to pay a reasonable return on our investment. Adequate rates are necessary to adequate service.
