PORTLAND MAN HAS GAINED 21 POUNDS

Andy Towles Says Tanlac Built Him Up So He Is Ready to Go Back on Job Rheumatism Gone.

"Tanlac certainly proved to be the medicine I needed for since I began taking it I have gained twenty-one pounds and am ready to go back to work," said Andy Towles, 552 Market street, Portland, Ore.

"For two years before I started taking Tanlac I had suffered from stomach trouble and rheumatism. My appetite was poor and the little I did manage to eat wouldn't digest and made me miserable for hours afterwards. Gas would form on my stomach and press against my heart and lungs until I could hardly breathe and often I just had to gasp for breath. I was always constipated, had awful headaches, there was a roaring noise in my head and I often became so dizzy I could hardly stand on my feet. The rheumatism in my back and legs was so bad I nearly always was in pain and my joints were so stiff I could scarcely use my limbs. Finally I became so nervous, run-down and weak I just had to give up and quit work entirely.

"A friend of mine in Seattle, told me of the benefits he had received from Tanlac and I decided to try it myself. Well, sir, it has done me so much good my friends all ask me what I have been taking to make me look so well, and I mighty quick tell them it was Tanlac. I now have a splendid appetite, everything agrees with me and I am never troubled with gas or shortness of breath. The rheumatism has left me entirely, and I can get around as good as I ever could. I am not bothered with constipation, never have a headache or dizzy, and that peculiar roaring has gone from my head. My nerves are in good shape, I sleep well, have regained my lost weight and strength and feel simply fine all the time."

Tanlac is sold in Pendleton by Thompson Bros.
