Prisoner Thought He Would Escape
Denatured alcohol made I. H. Haves think that he could escape from the city jail last night after officers had interned him on a charge of being drunk. He climbed to the top of the cages in the jail and from there gained a foothold on the bars to the windows of the jail. Just then the dizziness of it all overtook him and he fell about 10 feet to the concrete floor, landing mostly upon his head. Fellow prisoners thought the man killed by the blow and officers were summoned. He was unconscious for several minutes while efforts to revive him were made. He later came to his senses. This morning he was fined \$10 for being drunk but was unable to pay the fine and went to jail to serve out the remainder of a five day sentence.

HIGH SCHOOL NOTES

Debate Team Chosen.—The teams to represent Pendleton high school in the state debate were chosen at try-outs held in assembly this morning. The tryouts were not in the form of a regular debate. Students were allowed to choose either side of the question and give a talk on that subject. Byron Warner acted as chairman of the assembly. There were five members of the public speaking class to try out and the following were chosen: Miss Thekla Blanchette, first place, David Swanson, second; Miss Estella Mills, third; Rex Kramer, fourth, and Miss Mary Douglas Chisholm, fifth. Miss Chisholm will act as alternate for the teams. Miss Rose, coach of debate, announced that work would be begun immediately for the first debate which will be held Feb. 14. Judges for the tryouts were Orville Reeves, Miss Olive Roeche, and Miss Elizabeth Severance of the faculty.

AGED RESIDENT HAS NARROW ESCAPE

"I was at my work, my limbs became numb, I got dizzy and faint, my ears seemed stopped up. I had been troubled with gas on my stomach and severe bloating after meals. Doctors failed to help me. One dose of Mayr's Wonderful Remedy, recommended by the corner druggist, proved a life-saver to me. I am continuing with it with splendid results." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Druggists everywhere.

the student must have an average of A in the study or and average of B in attitudes and ideals and nothing below C in class work.

Books Fare Well on Sale.—The freshmen class fared well on the candy sale they conducted during the performances of the senior play. Miss Severance, class advisor, said that \$44 was taken in and the expenses would not take nearly half, so the treasury would perhaps realize \$30 from the sale.

On cold nights, between chilly sheets, a hot No. 40 warms the whole bed and you. In Baby's carriage or crib, in invalids' chairs or beds or on Winter rides, No. 40 "Wearever" Water Bottle brings warmth and comfort.

IN THE HOME, especially in the sick room, there are times when several No. 40s are needed for the application of both hot and cold water at the same time, as your doctor advises.
No. 40 "WEAREVER" Water Bottle is moulded-in-one-piece. No seams to leak—no bindings, patches or overlays to come loose—no splices to open. Has uniformly strong walls because made of high grade "live" rubber. The Patented Oval Neck makes No. 40 strong where other bottles are weak. The greater contents of size 2 retains the temperature longer, making this size more serviceable. SIX SIZES in all, ranging from half pint to approximately four quarts. No. 40 is the BIGGEST VALUE you can get in water bottles today.
