Benjamin Franklin

thro the mouth of Poor Richards said:
"He that loses 5 Shillings worth of time, loses 5 Shillings, and might as prediently throw 5 Shillings into the river."

The wasting and squandering of time is as bad or worse than the squandering of money for it leads to laxiness, and the latter is the worst curse which can befall a human. The well known proverb: "Early

to bed, and early to rise, makes a man healthy, weal-thy and wise," not only alludes to the benefit of hav-ing a good night's rest but also to the fitness of doing a day's work well.
