TWO CENT PIECE FAVORED
WASHINGTON, Jan. 19.—(A. P.)—A Roosevelt two cent piece is favored by the House coinage committee, which today reported favorably a Senate bill authorizing the coin. The committee's report said there was "genuine need" for a two cent piece and one of which would be "a fitting manner in which to honor the memory of a great American."

NEWS OF THE COUNTY OFFICES AND OFFICERS

Milton Bank Sues on Notes.
Judgment for \$500, alleged due on two promissory notes, is sought by the First National Bank of Milton, in a suit filed in circuit court today against L. G. Stambaugh and wife. E. D. Peterson is attorney for the plaintiffs.

Desertion to Divorce Ground.
Alice Gains Woodridge today brought suit for divorce from Frank Woodridge, in a complaint in circuit court charging him with desertion. The couple married in January, 1917. They have no children. E. C. Prest, of Athena, is attorney for the plaintiff.

New Roadmaster Appointed.
L. J. Shannon was appointed county roadmaster Tuesday afternoon at the meeting of the commissioners. He will succeed R. E. Phelps, resigned. Mr. Shannon is a registered engineer and has been at work as an engineer on the county highways for several months, being thoroughly familiar with the county's road program.

Four Get Judgments
Judgments were given to four plaintiffs in cases which went by default in circuit court Monday afternoon. Maud E. Wimer was given judgment for \$400 from Ira DeWitt. R. L. Power was given judgments for \$207.50 and \$75 from Charley Shuplish. Fred R. Young was given judgment for \$165.00 from Aaron and Ida Minthorn.

County Jail Thinned Out.
The county jail is being thinned down to a workable population, with the shipment to the state penitentiary of six men under sentence. There are now 10 prisoners in the jail and they are said to be of a less troublesome type than some who have been shipped out. Jack Walton and J. W. Fred St. Clair, held in the county jail on request of Walla Walla authorities, today was released when a telegram came from the Washington authorities. They said that they could not assemble sufficient evidence upon

Million Dollar Co. Will Market Tanlac Throughout World

Business Has Grown From Small Beginning Six Years Ago Until Now It Is One of the Largest in the World With Big Foreign Demand.

By HARRISON VAUGHN.

ATLANTA, Ga., January 19.—An announcement has just been made here of the organization of the International Proprietaries, Inc., to take over the business heretofore conducted by G. F. Willis, International Distributor of Tanlac, and the Willis-McDuffie Company, Eastern Distributors, of this city.

The new company has a paid-in capital of one million dollars and is one of the largest proprietary medicine concerns in the world. The business of the corporation will be conducted by the present management, which owns the entire capital stock. It is understood that no part of the stock will be offered to the public.

The officers of the company are G. F. Willis, President; P. C. McDuffie, Vice President; M. A. Crumley, Treasurer; J. C. Goodson, Secretary.

Mr. Willis is a prominent Atlanta business man and is a well-known figure in the drug and advertising field in both the United States and Canada. Under the direction of Mr. Willis, the founder of the business, it has attained its present position in the very front rank of the country's proprietary medicine industries.

Mr. McDuffie, who has been a big factor with Mr. Willis in building up the business in the past five years, is a leading Atlanta citizen and business man and is widely known to the drug trade throughout the country.

The new company, which is the logical outcome of the rapid growth and expansion of the business, will market a number of internationally advertised and internationally sold proprietary and pharmaceutical products, including Tonics, Aspirin Tablets, Cold Specifics, Laxative Tablets, etc.

Sale Unprecedented
Tanlac, their principal product, is probably the most extensively advertised and the most largely sold proprietary medicine of its kind in the world, approximately 20,000,000 bot-

ties having been sold since its introduction six years ago.

An instance of the rapid growth and development of the business with Atlanta as principal headquarters is the statement that its products are now advertised in more than seven thousand newspapers in the United States and Canada, and that the advertising appropriation for this year will be in excess of One Million Dollars.

The success and permanency of the business is assured from the fact that it has shown a rapid and substantial increase each year since its organization, and the further fact that the business for the year just past shows an increase of approximately 50 per cent over the preceding year.

Big Foreign Demand
To supply the demand for Tanlac it has been necessary to erect two great modern laboratories—one at Dayton, Ohio, and the other at Walkerville, Canada. These laboratories represent the last word in modern construction and laboratory equipment. The two plants have a combined floor space of approximately 70,000 square feet, with a combined daily capacity of 60,000 bottles. Tanlac, which is a medicine of recognized therapeutic value and unquestioned merit, is now sold in practically every city, town and hamlet throughout the United States and Canada. In fact, it is a household word throughout America.

The new company will not only undertake the further expansion of the business in foreign countries, where there is a steadily increasing demand, but contemplates acquiring at an early date additional manufacturing facilities in this country and Canada. The company is doing an annual business of \$5,000,000 to \$8,000,000 with an annual pay-roll of approximately \$250,000. The executives and sales offices occupy more than an entire floor of the Fourth National Bank Building in this city.

JAPAN MUST SATISFY U. S. PROTEST AGAINST KILLING OF LANGDON

By Sentry's Confession Nipponese Government is Placed in Close Position, Other American Officers Halted.

WASHINGTON, Jan. 19.—(U. P.)—The Japanese government has been placed in a position where it must make every effort to satisfy the American protest against the killing of Lieut. Langdon by a Japanese sentry at Vladivostok according to authoritative opinion here. Reports that other American officers have been halted in Vladivostok by Japanese sentries added a new angle to the shooting of Langdon.

The latest official dispatches here are regarded as confirming the American view that the killing of Langdon was unjustified. The sentry is reported as having testified before the Japanese court of inquiry that he halted Langdon and shot the officer while he was searching in his pockets for his flashlight. After that Langdon fired several shots at the sentry. Previously, the sentry maintained Langdon shot first.

ALLEGED BANDITS ARE CHARGED WITH MURDER

SEATTLE, Jan. 19.—Creighton Dodger, Ward Daniels, C. A. Brown and Louis Madsen, alleged bandits, were charged with a first degree murder for the killing of Patrolman V. L. Stevens in a gun battle at Ballard last Friday. In information filed today by Deputy Prosecutor John D. Carmody, Dodge, who was seriously wounded and may die, was charged with the actual shooting and the other three were charged with being accomplices. The prosecutor stated.

Wheat—Local sentiment was decidedly bearish and in the absence of adequate outside buying power, lower prices were made despite a very bullish news budget. New York reported export sales of 1,500,000 bushels, while all other points reported a good demand and it is expected that sales for the day will aggregate over 2,000,000. Some of the selling today was inspired by advices to the effect cancellations had been made with the Italian government, but this report was denied shortly before the close. Anything of this sort would have to reach huge proportions to be a market factor, as the amount now sold ahead to be moved out is very likely to make serious inroads on the supply in this country. Cash prices were lower with the futures, but were well maintained. The Argentine Congress is scheduled to meet tomorrow for action on the tax question and their decision will no doubt have much to do with shaping the immediate course of prices.
