Broad and Active Dealings

in Stock Prices Upward

NEW YORK, Jan. 20.—The stock

market today seemed disposed to throw off much of its apathy and reactionary tone, prices of many popular shares moving upward to the accompaniment of broad and active dealings.

Commercial authorities reported a quickening of business in various lines. This was reflected in the coming of buyers representing foremost mercantile interests.

Offsetting this, however, the Pennsylvania railroad system announced the prospective cutting down of its working time with the alternative of a 20 per cent reduction in the working force and the Iron Age emphasized the low rate of capacity at which most independent companies are operating.

The market developed its most definite trend in the final hour, when bull pools renewed their maneuvers in several of the conspicuous specialties, notably General Asphalt, common and preferred, in which shorts were driven to cover at net gains of 4 7/8 and 5 1/2 points, respectively.

Closing quotations for leading oil, notably California and Mexican Petroleum, Standard, General Electric and several prominent specialties, showed net advances of two to almost five points. Rails, steels and equipments eased on the late rise of rail

money from six to seven per cent. Sales 785,000 shares.

Excepting sterling, the foreign exchange market was strong, notably French remittances, evidently in anticipation of an early loan here. Scandinavian rates also were substantially better.

Liberty issues led the firmer tone of the bond market, international flotations also making moderate gains. Total sales, par value, \$12,250,000. Old U. S. bonds unchanged on call.

WOOL GROWERS DISCUSS MANY LIVE PROBLEMS

SALT LAKE CITY, Utah, Jan. 20.—(A. P.)—Cooperative marketing transportation problems, a plea for postponement of grazing fees, the relations between sheepmen and the packers and the interests of Indian wool producers provided the material which the national wool growers' association covered in the second day of their 56th annual convention at the Hotel Utah today.

H. V. Platt, general manager of the Oregon Short Line railroad, presented the case of the carriers before the convention, saying that in the last analysis the problems of the railroads and the problems of the shippers are irrevocably linked, and that whatever affects the interests of one, affects the interests of the other.

Tabling of both majority and minority reports of the committee on shearing and labor resulted after the convention had discussed the question of reducing both the wages of herders and camp tenders and the fees paid for the shearing of sheep.

The majority report had urged the convention to go on record for a shearing price of 11 1/2 cents a pound as compared with the price of 12 1/2 cents to 20 cents and upwards paid in 1920. W. McEnman, president of the Sheep Shavers' union, offered a price of 12 1/2 cents as being authorized by executive committee in an effort to let the sheavers share in the necessary reduction of costs during the present stringency.

Hugh Campbell of Arizona, invited the national association to hold their next convention at Phoenix.

F. C. Campbell, chief of the livestock interest of the Indian service, presented the problems of the 40,196 Indians who own and run more than 2,000,000 head of sheep saying that the problems of the Indian growers are those of other sheep interests and that the Indians were anxious to help in the solution of questions pertinent to the industry as a whole.

SALEM, Jan. 20.—(A. P.)—The governor in a letter addressed to the people endorsed the move to observe next Sunday as law and order Sunday.

The following case is but one of many occurring daily in Pendleton. It is a neasy matter to verify it. You cannot ask for better proof.

Geo. W. Bradley retired merchant, 314 E. Alta, St., Pendleton, says: "I have used Doan's Kidney Pills off and on for years whenever I have had attacks of kidney complaint. At these times I would feel tired and lacked energy. I would also suffer from severe pains in the back of my head and spots floated before my eyes. My kidneys would act irregularly, too. I always used Doan's Kidney Pills from Koepfen's Drug Store and they promptly relieved me of the nervous spells and put my kidneys in good working order. Doan's Kidney Pills can't be beaten as a kidney remedy."

Little Gray Cottage is Clara Hamon's Refuge

A "Little Gray Home in the West" is the present refuge of Clara Smith Hamon, charged with the murder of Jake L. Hamon, oil multimillionaire and Republican national committeeman.

It is her sister's little cottage at Wilson, Okla.

If one were to retrace the trail that brought her there one would find it originated in a similarly horrible cot 27 years ago.

Her parents were folks of little means.

Clara was a clerk in a Lawton store ten years ago when Hamon met her.

She gave up her clerk's apron for flattery.

Then came Hamon's death from the muzzle of a pistol. Clara Smith's 8 ght, surrender and release on bail.

The road took a sudden twist to the old environment.

Clara Smith Hamon again lives in a humble house.

Thinking of the gloss and the glare of the past, she wonders in what direction Fate will send her way next.

Will Hamon's will make her a beneficiary?

If freed of the murder charge, will she return to a life of luxury?

Or will she again tread the heavy road and live in a "little gray home"?
