FILMLAND

PASTIME TODAY

EXCITING DETECTIVE STORY

The Pastime offers as its chief thrill, "The Mystery of the Yellow Room," a Reelart picture, Gaston Leroux's exciting detective story. The story arises through the disappearance of a criminal from a room which appears to have no exit.

ARCADE TODAY

The vital theme of marital infidelity and the causes that lead thereto, are splendidly portrayed in Cecil B. De Mille's latest Paramount Aircraft picture, "Why Change Your Wife?" at the Arcade Theatre today.

While a companion picture in a sense to a former Cecil De Mille success, "Don't Change Your Husband," the new picture is totally different in the development of the story and characterizations.

The plot centers around Robert and

U. OF O. NEWS NOTES

UNIVERSITY OF OREGON, Eugene, Jan. 20.—

Life in early Oregon, while it may not have been as pleasant as the living conditions of the present generation, with its motor cars, electricity and other things now thought to be essential to living, had some very distinct advantages. In a recent publication of the Oregon Historical Society, some very interesting figures are given as to the cost of living in this state in about the year 1837. The records were those of Ewing Young, who was sent to California to bring back some cattle for the early settlers here, and were compiled by Dean F. G. Young, of the school of zoology of the University of Oregon.

An accurate account of every expenditure was kept and submitted to the Willamette Cattle company, which was organized to bring the cattle to this state. The figures given show that while living expenses were small, wages were no larger in proportion. Modern conveniences, such as moving pictures and other luxuries, had not found their way into the habits of the people and money went much further.

Wages were never over a dollar a day, according to the figures given in the Young accounts. This is in marked contrast to the \$1.50 a day which is now paid for the most unskilled kinds of labor. Costs were not out of proportion to wages, however, and a middle class list at \$2.25. A good saddle these days will bring around \$50. Further on, a rope is listed at 25 cents; forty pounds of pork was purchased for 1 cent a pound; a bushel of wheat could be bought for 50 cents a bushel, while the present price is near \$2.00. Board could be had for about 25 cents per month.

Clothing prices as shown by the accounts were but a small part of the amounts charged at the present time for wearing apparel. A pair of shoes was bought for \$2; a shirt could be had for 50 cents; "pantaloons" brought around 12 cents, although in some instances they are priced as low as 25 cents. No cases were recorded where articles cost over the present prices, the whole account showing that a man could buy more at the earlier date with his day's wages than he could at present.

Harry B. Cash, who was a former University of Oregon student and who spent four years in England, will go to Peru next month to help direct the reorganization of the Peruvian educational system.

H. M. Fisher, who for thirteen years has been superintendent of buildings and grounds at the University of Oregon and who has seen the student body grow from 500 to 1700, has resigned to take up poultry raising near Eugene.

UNIVERSITY OF OREGON, Eugene, Jan. 20.—A manuscript of 60 poems, entitled "The Singing Road" has been submitted to the Extension Division of the University of Oregon, by Verne Bright, a correspondence student residing near Beaverton, Oregon. In two respects, at least, he resembles Robert Burns—he is a farmer and he gets his inspiration from nature. "When I am not a ploughboy," he says, "I read and write poetry." His husband's verses published in Life, Smart Set, Overland Monthly, and the Portland Spectator. Many of his poems have genuine merit and much promise, according to the Extension Division who cite the fresh point of view in the following poem, entitled "Futility":

"He gathered stones from the brown sea shore

To build a high gray wall.

I asked him: "Why do you build your wall so high?"

But he had forgotten to cut down the trees

And burn the ground inside his walls.

So spring came with all her little loves

And God smiled,

As do we

When a little child

Tries to build a sand wall on the sea shore

Which the first wave crumbles."

ECONOMY AND MERIT

Combined in Hood's Sarsaparilla, the Blood Medicine.

In spite of the increased costs and great scarcity of important roots, herbs, etc., the standard of quality and the quantity of Hood's Sarsaparilla have been faithfully maintained, and are today the same as when this medicine was first perfected and offered to the public.

A bottle of Hood's Sarsaparilla will average to last three or four weeks, while others last but a week or two, and some even less time.

Hood's Sarsaparilla is effective as a blood purifying and tonic medicine and also for the flu, grip, fevers and other debilitating blood-poisoning diseases. It purifies the blood, creates an appetite, and makes food taste good.

ALTA TODAY

"DOUGS" COMPANY AVERTS A CALAMITY

Stop Work on Picture to Put Out Serious Forest Fire

It was only for timely appearance of Douglas Fairbanks and his company of over 100 men that a very serious calamity was prevented. It all happened in the midst of the filming of one of the exterior scenes upon the massive "set" in the San Fernando Valley in Southern California for Fairbanks' next United Artists picture "The Mark of Zorro," which will be at the Alta Theatre for the last time today.

The "set" which is an exact replica of the City of Los Angeles before the advent of the Americans, is nestled at the foot of the Sierra Madre Mountains. Some hundred yards or so behind a hill, smoke was seen to rise. At first no one paid any particular attention to it, until it became denser. Then a couple of lonely forest rangers made their appearance upon the "set" in an exhausted condition and apprised "Doug" that a forest fire was raging and threatened the devastation of the entire village in the vicinity.

According to the laws of the state it is obligatory for all able bodied men to assist in extinguishing forest fires. No persuasion was necessary. The men in Mr. Fairbanks' company with out exception rushed off to the scene of the danger and after battling with the possible conflagration finally managed to subdue it. The next day the villagers sent their spokesman around to "Doug" to voice their appreciation of his efforts in warding off certain disaster. Incidentally the genial "Doug" saw that all those who assisted received double remuneration.

BUTTE COPPER WILL BE SHIPPED TO ENGLAND

BUTTE, Mont., Jan. 19.—Following reports from eastern markets of an anticipated revival of the copper industry announcement was made here today by the Montana office of the Copper Export association of plans to start shipment of metal to England via rail to Tacoma, Wash., and then by steamer via the Panama canal, adding that the first shipment of 2000 tons has been arranged for.

HOUSE TO RETAIN SIZE

WASHINGTON, Jan. 19.—(U. P.)—The house voted to keep its membership at the present figure of 425.

THIS WOMAN'S EXPERIENCE

Brings a Ray of Hope to Childless Women

Lovell, Mass.—"I had anemia from the time I was sixteen years old and was very irregular. If I did any housecleaning or washing I would faint and have to be put to bed, my husband thinking every minute was my last. After reading your text-book for women I took Lydia E. Pinkham's Vegetable Compound and used the Sensitive Wash, and have never felt better than I have the last two years. I can work, eat, sleep, and feel as strong as can be. Doctors told me I could never have children—I was too weak—but after taking Vegetable Compound it strengthened me so I gave birth to an eight pound boy. I was well all the time, did all my work up to the last day, and had a natural birth. Everybody who knew me was surprised, and when they took me what made me strong I tell them with great pleasure, 'I took Lydia E. Pinkham's Vegetable Compound and never felt better in my life.' Use this testimonial at any time."—Mrs. ELIZABETH SMART, 142 W. Sixth St., Lowell, Mass.

This experience of Mrs. Smart is surely a strong recommendation for Lydia E. Pinkham's Vegetable Compound. It is only one of a great many similar cases.

Wash, and have never felt better than I have the last two years. I can work, eat, sleep, and feel as strong as can be. I was well all the time, did all my work up to the last day, and had a natural birth. Everybody who knew me was surprised, and when they took me what made me strong I tell them with great pleasure, 'I took Lydia E. Pinkham's Vegetable Compound and never felt better in my life.' Use this testimonial at any time."—Mrs. ELIZABETH SMART, 142 W. Sixth St., Lowell, Mass.

This experience of Mrs. Smart is surely a strong recommendation for Lydia E. Pinkham's Vegetable Compound. It is only one of a great many similar cases.

Wash, and have never felt better than I have the last two years. I can work, eat, sleep, and feel as strong as can be. Doctors told me I could never have children—I was too weak—but after taking Vegetable Compound it strengthened me so I gave birth to an eight pound boy. I was well all the time, did all my work up to the last day, and had a natural birth. Everybody who knew me was surprised, and when they took me what made me strong I tell them with great pleasure, 'I took Lydia E. Pinkham's Vegetable Compound and never felt better in my life.'
