RICKARD MAKES BRADY OFFER TO TAKE OVER HIS STOCK IN FIGHT

Latter Asks Time to Confer With Charles Cochran, Third Partner in Dempsey-Carpentier Bout, Before Reply.

NEW YORK, Jan. 21.—(A. P.)—After a conference late Thursday between Tex Rickard and William A. Brady, the former announced he had offered to take over Brady's interest and bond in the proposed Dempsey-Carpentier bout.

Rickard told The Associated Press that Brady refused to accept the offer until he consulted Charles H. Cochran, the third joint promoter who is in London.

Brady agreed, however, to ascertain whether Cochran to continue with Rickard or withdraw with Brady should he decide to accept Rickard's offer. Rickard said that his offer was the only concrete result of the conference.

Brady Has Cochran Proxy

According to Rickard the interests of Cochran in this country were in charge of Brady, who holds a power of attorney for Cochran but there was no direct evidence that the latter desired to abandon his share in the match.

This conference was the feature of another day of controversy over whether the match between Dempsey and Carpentier should, or could be cancelled owing to alleged non-fulfillment of contractual clauses. Much of the discussion appeared to hinge on the mystery of the missing bond.

Missing Bond Is Factor

According to Rickard, Kearns and others, such a bond for \$50,000 was made out by the champion and his manager but its whereabouts are shrouded in mystery. Officials of the Central Union Trust company stated that it was not in their possession, as called for by the contract.

Kearns telegraphed to a local representative to track into his safe deposit box to ascertain if the bond had been placed there, but the result of this search had not been announced. The bonds of the three promoters and

The money put up in France by Carpentier have been accounted for apparently.

Edgren Says OK Well

LOS ANGELES, Jan. 21.—(A. P.)—The contract for a heavyweight championship bout between Jack Dempsey and Georges Carpentier has not necessarily been violated if Dempsey's forfeit is not on deposit with the Central Union Trust Co., of New York.

Robert Edgren named in the contract as "sole arbiter" said here last night.

"The contract provides the forfeit shall be deposited with the bank or with the promoters," Edgren said. "Tex Rickard, promoter, wired me today Dempsey's money was posted and I have no reason to doubt his statement."

Edgren said he did not consider the situation one that called for action by him.

HARVARD DEAN COMES OUT AGAINST LAVISH ATHLETIC EXPENSES

Chairman of Committee Takes Fling at Idea of Sending Football Teams Across Continent to be Showed Up.

CAMBRIDGE, Mass. Jan. 21.—(A. P.)—A suggestion that it might be well for colleges to agree to limit their expenditures for equipping athletic teams that represent them in intercollegiate competitions was made in the annual report of the Harvard Athletic committee today. Dean Lebaron B. Briggs, who wrote the report as committee chairman, said he was far from denying that the enormous popularity and unpleasant publicity of college athletics have led to excessive expenditures.

Remarking that to some persons the thought of sending students across the continent to play football is disgusting, the chairman mentioned several factors that induced the committee to allow the crimson eleven to go to Pasadena, Cal., a year ago to play the University of Oregon.

"The committee was influenced also," he said, "by the opportunity of showing that Harvard students are not such affected weaklings as many persons in the west have been taught to think them, but simple and courageous youths."

Harvard's victory in that game, Dean Briggs said, gave it no claim to any championship title. "Far from claiming a championship of the world, a team that might be called Princeton would be impotent in claiming even the championship of the east—if such a thing existed. Oregon had a good team in the west; Harvard had a good team in the east. It was interesting to see how two teams so far apart would compare. Reporters did the rest."

HOPPE COUNTERS WITH TERMS FOR BIG MATCH

ST. LOUIS, Jan. 21.—(A. P.)—Conditions under which Willie Hoppe, champion light-heavyweight, will contest in a title match with Edgard Horemans of Belgium, who announced in New York he would accept Hoppe's terms were made public last night by R. B. Benjamin, the champion's manager.

Mr. Benjamin asserted he would not agree to play two matches, as suggested by Horemans—one of 200 points at 14.5 balk line and one at 200 points at 15.2 balk line.

"Only one match, preferably the 18.2 balk line, of not more than 1000 points will be played," explained Mr. Benjamin.

"The match must be winner take all the gate receipts and also must be for a stake of from \$1000 to \$2500 the money to be posted at the end of next week."

He added that the proposed contest would not be held before next fall.

DON'T SUFFER WITH NEURALGIA

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment made with oil of mustard. Better than a mustard plaster and does not blister.

Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, cramps, stiff neck, asthma, neuralgia, etc. It relieves rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet—colds of the chest (it often prevents pneumonia). It is always dependable.

Healthy Young Womanhood

EASTERN RULES WILL GOVERN HOCKEY PLAY

VANCOUVER, B. C., Jan. 21.—(A. P.)—Eastern rules, providing for six-man hockey teams, probably will govern all the games in the 1921 world's championship series to be played in March on western ice between the title holders of the Pacific Hockey Association and the National Hockey League, an eastern league.

At present the two big hockey associations play under different codes, the western teams playing seven men and the easterners six. In the big series in the east the games have alternated, western rules governing one night and eastern lines in the next game.

In conceding this point to the eastern makers of hockey rules, the westerners will ask the visitors to agree to the western offside area rules. The eastern offside area is smaller than the western. It is believed the eastern clubs will grant the request.
